Conversations with Graham Greene Graham Greene,1992 This collection of seventeen interviews covers fifty years Here the eminent author of The Power and the Glory The Third Man and The Heart of the Matter speaks of himself his life and his works Though reluctant to be interviewed especially by an academic or journalist he did not know Greene was more at ease in an interview with a personal friend who he felt would be less likely to misunderstand or misquote him Yet even his good friend V S Pritchett spent considerable time trying to pin him down for his 1978 interview When he finally did arrange an interview Pritchett tells that Greene s flat conspiratorial laughing voice of itself makes him the best company I ve known in the last forty years Other interviewers included here are V S Naipaul and Penelope Gilliatt shared Pritchett s opinion but many found that he avoided idle conversation for fear that his words would be misconstrued Greene s anxiety was not

without foundation In an interview with Michael Menshaw Greene explained It s got so I hate to say who I am or what I believe A few years ago I told an interviewer I m a gnostic The next day s newspaper announced that I had become an agnostic After such incidents Greene turned to the anecdote relating an experience with Fidel Castro or with Papa Doc Duvalier to communicate in interviews with strangers Nevertheless in all the interviews Greene granted over the years the reader hears very clearly the voice of a man whose conversation is as painfully honest and unpretentious as is his written prose The interviews here are divided chronologically into four periods loosely related to his subject matter or to his reputation at the time of the interview Thus the reader sees the development of the writer from a callow but gifted young man into one of the foremost men of letters in the English speaking world Graham Greene Neil Sinyard,2003-12-19 A new title in Palgrave Macmillan s Literary Lives series this is a biographical narrative of Graham Greene s literary career Among other things it explores his motives for writing the literary and cinematic influences that shaped his work his writing routine and the importance of his childhood experience Greene was elusive and enigmatic and this book teases out the fiction from his autobiographies the autobiography from his fictions sharing Paul Theroux s view that you may not know Greene from his face or speech but from his writing you know everything **Film Study** Frank Manchel,1990 The four volumes of Film Study include a fresh approach to each of the basic categories in the original edition Volume one examines the film as film volume two focuses on the thematic approach to film volume three draws on the history of film and volume four contains extensive appendices listing film distributors sources and historical information as well as an index of authors titles and film personalities Russia and its Other(s) on Film S. Hutchings,2008-04-25 Russia s interactions with the West have been a perennial theme of Slavic Studies and of Russian culture and politics Likewise representations of Russia have shaped the identities of many western cultures No longer providing the Evil Empire of 20th American popular consciousness images of Russia have more recently bifurcated along two streams that of the impoverished refugee and that of the sinister mafia gang Focusing on film as an engine of intercultural communication this is the first book to explore mutual perceptions of the foreign Other in the cinema of Russia and the West during and after communism The book s structure reflects both sides of this fascinating dialogue Part 1 covers Russian Soviet cinematic representations of otherness and Part 2 treats western representations of Russia and the Soviet Union An extensive Introduction sets the dialogue in a theoretical context The contributors include leading film scholars from the USA Europe and Russia *The Works of Graham Greene, Volume 3* Mike Hill,Jon Wise,2022-03-24 Over a 60 year career Graham Greene was a prolific and widely read writer Completing a series of volumes which constitutes the only full bibliographical guide to Greene s published and unpublished writings this book features updated listings of the scholarship associated with his work details of recent audio and visual presentations and adaptations as well as nine essays on lesser known aspects of Greene s work Featuring new material from the recently expanded Graham Greene archive which will be of particular interest and relevance to Greene scholars it also covers

contents of other archives in the UK and elsewhere in a series of mini essays **Blood on the Stage, 1950-1975** Amnon Kabatchnik, 2011-04-14 Discussing more than 120 full length plays this volume provides an overview of the most important and memorable theatrical works of crime and detection produced between 1950 and 1975 **Dangerous Edges of Graham Greene** Dermot Gilvary, Darren J. N. Middleton, 2011-11-17 Informative broad ranging this title sheds new light on the life and literary art of one of the last century's most celebrated authors The first volume to be authorized by the Graham Greene Birthplace Trust *Dangerous Edges of Graham Greene* brings together writers, journalists and scholars to investigate as well as to assess Greene's prolific oeuvre and intense personal interests Here the reader may explore everything from Greene's Vienna at the time of the filming of *The Third Man* to his sometimes fraught relationship with Evelyn Waugh from Greene's unconventional fictional treatment of women to his believing skepticism While Greene often informed friends that a ruling passion gives to a shelf of novels the unity of a system critics of his literary art have found it extraordinarily difficult to define the content of this ruling passion Perhaps this is because Greene's own character seems so paradoxical, ironic even Moreover in believing that sin contains within itself the seeds of saintliness he consistently loiters on what Robert Browning calls the dangerous edge of things In exploring this dangerous edge this book covers the full breadth of Greene's life and literary career *Blood on the Stage, 1975-2000* Amnon Kabatchnik, 2012 Describes more than 80 full length plays produced in the last quarter of the 20th century with an emphasis on New York and London performances *Choice* Richard K. Gardner, Phyllis Grumm, 1976 **Graham Greene** A. F. Cassis, 1981 Covers fifty years of criticism of Graham Greene a leading man of letters on the English literary scene *Sherlock Holmes - The Hero With a Thousand Faces: Volume 2* David MacGregor, 2022-06-22 Picking up the trail with the incredibly influential films of Basil Rathbone and Nigel Bruce Volume II goes on to explore the antiheroic Sherlock Holmes films of the 1970s and then the somewhat rocky journey of Holmes into the medium of television actors Alan Wheatley Douglas Wilmer and Peter Cushing all declared their respective TV series as the worst experience of their professional careers Television finally found its definitive Holmes in Jeremy Brett's portrayal for Granada Television and then the BBC's *Sherlock* had flashed brilliantly across the cultural sky before crashing and burning in spectacular fashion Still despite its ignominious end Benedict Cumberbatch's version of Sherlock Holmes quite literally changed the face of Sherlockian fandom overnight as studious middle aged white men now found themselves sharing uneasy ground with a younger more diverse and more female audience Now a full fledged transmedia phenomenon Sherlock Holmes can be any gender ethnicity or species and is celebrated in fan fiction and fanvids as well as conventions that are far more inclusive than Sherlock Holmes societies of the past Vincent Starrett's poetic notion that Sherlock Holmes is a character who never lived and so can never die has never been more true and the Digital Age promises any number of new versions of Sherlock Holmes to come **Teaching Sound Film** R. J. Cardullo, 2016-10-26 *Teaching Sound Film A Reader* is a film analysis and criticism textbook that contains 35 essays on 35 geographically diverse

historically significant sound films The countries represented here are France Italy England Belgium Russia India China Cuba Germany Japan Russia Romania Czechoslovakia Brazil Taiwan Austria Afghanistan South Korea Finland Burkina Faso Mexico Iran Israel Colombia and the United States The directors represented include Jean Renoir Orson Welles Akira Kurosawa Federico Fellini Woody Allen Aki Kaurismäki Ken Loach Tomás Gutiérrez Alea Abbas Kiarostami Michael Haneke and Hong Sang-soo Written with university students and possibly also advanced high school students in mind the essays in *Teaching Sound Film A Reader* cover some of the central films treated and central issues raised in today's cinema courses and provide students with practical models to help them improve their own writing and analytical skills These essays are clear and readable that is sophisticated and meaty yet not overly technical or jargon heavy This makes them perfect introductions to their respective films as well as important contributions to the field of film studies in general Moreover this book's scholarly apparatus features credits images bibliographies for all films discussed filmographies for all the directors a list of topics for writing and discussion a glossary of film terms and an appendix containing three essays respectively on film acting avant garde cinema and theater vs film

"Enter the Dream House" Stephen Craig Shafer, 1983

Psychoanalytic Patterns in the Work of Graham Greene Roland A. Pierloot, 2023-12-14 In Greene's writings we notice a genuine concern with social and political conflicts at different places in the world But at the same time they bear witness to a distinct involvement in problems of human nature and behaviour In this respect we can formulate some dominating preoccupations such as the stressing of antitheses and antagonisms which he calls himself cleavage the questioning of loyalty and the claiming of the right to disloyalty the repercussion of childhood experiences in particular the father-son relationship on adult life and the transcendental dimension in human experience From a psychoanalytic viewpoint we analyse the various elaborations of these general themes in the work of Greene as symbolizations of specific unconscious phantasies defined in the writings of Freud Klein Fairbairn Kernberg Kohut and Winnicott This analysis of the imaginary world of an author is conceived as analogous to a clinical psychoanalysis It is a hermeneutical activity based on the countertransference experience evoked by the reading of the text while taking into account the manifold strategies of symbolizing in a literary work the choice of the genre themes text construction tropes word plays figurative language repetition discontinuity parallelism plot and characters
