everyone who reads this book Graham Greene's Thrillers and the 1930s Brian Diemert,1996 In *Graham Greene's Thrillers and the 1930s* Brian Diemert examines the first and most prolific phase of Graham Greene's career demonstrating the close relationship between Greene's fiction and the political economic social and literary contexts of the period Situating Greene alongside other young writers who responded to the worsening political climate of the 1930s by promoting social and political reform Diemert argues that Greene believed literature could not be divorced from its social and political milieu and saw popular forms of writing as the best way to inform a wide audience Diemert traces Greene's adaptation of nineteenth century romance thrillers and classical detective stories into modern political thrillers as a means of presenting serious concerns in an engaging fashion He argues that Greene's popular thrillers were in part a reaction to the high modernism of writers such as James Joyce Gertrude Stein and Virginia Woolf whose esoteric experiments with language were disengaged from immediate social concerns and inaccessible to a large segment of the reading public **Graham Greene** Michael G. Brennan,2010-03-18 In this significant rereading of Graham Greene's writing career Michael Brennan explores the impact of major issues of Catholic faith and doubt on his work particularly in relation to his portrayal of secular love and physical desire and examines the religious and secular issues and plots involving trust betrayal love and despair Although Greene's female characters have often been underestimated Brennan argues that while sometimes abstract symbolic and two dimensional these figures often prove central to an understanding of the moral personal and spiritual dilemmas of his male characters Finally he reveals how Greene was one of the most generically ambitious writers of the twentieth century experimenting with established forms but also believing that the career of a successful novelist should incorporate a great diversity of other categories of writing Offering a new and original perspective on the reading of Greene's literary works and their importance to English twentieth century fiction this will be of interest to anyone studying Greene **Graham Greene: Political Writer** Michael G. Brennan,2016-03-23 Graham Greene remarked that politics are in the air we breathe like the presence or absence of a God *The Other Man* This study is the first to provide a detailed consideration of the impact of his political thought and involvements on his writings both fictional and factual It also offers the first detailed consideration of Greene's involvements in espionage and British intelligence from the 1920s until the late 1980s It incorporates material not only from his major fictions but also from his prolific journalism letters to the press private correspondence diaries and working manuscripts and typescripts as well as consideration of the diverse political involvements and writings of his extended family network It shows how the full range of Greene's writings was inspired and underpinned by his fascination with the essential human duality of political action and religious belief coupled with an insistent need as a writer to keep the political personal *Postmodern Fiction and the Break-Up of Britain* Hywel Dix,2011-11-03 A monograph analysing the symbolic role played by contemporary fiction in the break up of political and cultural consensus in British public life The Life of the Author: Graham Greene Andrew James,2025-11-03 Exploring the creative mind of Graham Greene a metafictional

A Study in Greene Bernard Bergonzi, 2006-09-07 Bernard Bergonzi has been reading Graham Greene for many years he still possesses the original edition of *The End of the Affair* that he bought when it was published in 1951 After so much recent attention to Greene's life he believes it is time to return to his writings in this critical study Bergonzi makes a close examination of the language and structure of Greene's novels and traces the obsessive motifs that recur throughout his long career Most earlier criticism was written while Greene was still alive and working and was to some extent provisional as the final shape of his work was not yet apparent In this book Bergonzi is able to take a view of Greene's whole career as a novelist which extended from 1929 to 1988 He believes that Greene's earlier work was his best combining melodrama realism and poetry with *Brighton Rock* published in 1938 a moral fable that draws on crime fiction and Jacobean tragedy as the masterpiece The novels that Greene published after the 1950s were very professional examples of skilful story-telling but represented a decline from this high level of achievement Bergonzi challenges assumptions about the nature of Greene's debt to cinema and attempts to clarify the complexities and contradictions of his religious ideas Although this book engages with questions that arise in academic discussions of Greene it is written with general readers in mind Graham Greene's
