Grand Panjandrum:

The Grand Panjandrum, [and Other Stories] Etc. [With Illustrations.]. Panjandrum, 1908* **Character Sketches of Romance, Fiction and the Drama** Ebenezer Cobham Brewer, 2004-03 Originally published in 1892 the object of this Handbook is to supply readers and speakers with a lucid but very brief account of such names as are used in allusions and references whether by poets or prose writers to furnish those who consult it with the plot of popular dramas the story of epic poems and the outline of well known tales The number of dramatic plots sketched out is many hundreds Another striking and interesting feature of the book is the revelation of the source from which dramatists and romancers have derived their stories and the strange repetitions of historic incidents It has been borne in mind throughout that it is not enough to state a fact It must be stated attractively and the character described must be drawn characteristically if the reader is to appreciate it and feel an interest in what he reads This work an American reprint of The Reader's Handbook by E Cobham Brewer while retaining all of the original material that can interest and aid the English speaking student gives also characters and sketches found in American novels poetry and drama

The House of Truth Brad Snyder, 2017-02-02 In 1912 a group of ambitious young men including future Supreme Court justice Felix Frankfurter and future journalistic giant Walter Lippmann became disillusioned by the sluggish progress of change in the Taft Administration The individuals started to band together informally joined initially by their enthusiasm for Theodore Roosevelt's Bull Moose campaign They self mockingly called the 19th Street row house in which they congregated the House of Truth playing off the lively dinner discussions with frequent guest and neighbor Oliver Wendell Holmes Jr about life's verities Lippmann and Frankfurter were house mates and their frequent guests included not merely Holmes but Louis Brandeis Herbert Hoover Herbert Croly founder of the New Republic and the sculptor and sometime Klansman Gutzon Borglum later the creator of the Mount Rushmore monument Weaving together the stories and trajectories of these varied fascinating combative and sometimes contradictory figures Brad Snyder shows how their thinking about government and policy shifted from a firm belief in progressivism the belief that the government should protect its workers and regulate monopolies into what we call liberalism the belief that government can improve citizens lives without abridging their civil liberties and eventually civil rights Holmes replaced Roosevelt in their affections and aspirations His famous dissents from 1919 onward showed how the Due Process clause could protect not just business but equality under the law revealing how a generally conservative and reactionary Supreme Court might embrace even initiate political and social reform Across the years from 1912 until the start of the New Deal in 1933 the remarkable group of individuals associated with the House of Truth debated the future of America They fought over Sacco and Vanzetti's innocence the dangers of Communism the role the United States should play the world after World War One and thought dynamically about things like about minimum wage child welfare laws banking insurance and Social Security notions they not only envisioned but worked to enact American liberalism has no single source but one was without question a row house in
