Olcott, Fyodor Dostoyevsky, 2025-02-26 Theosophy is a religion established in the United States during the late 19th century It was founded primarily by the Russian Helena Blavatsky and draws its teachings predominantly from Blavatsky's writings Categorized by scholars of religion as both a new religious movement and as part of the occultist stream of Western esotericism it draws upon both older European philosophies such as Neoplatonism and Asian religions such as Hinduism and Buddhism At a meeting of the Miracle Club in New York City on 7 September 1875 Blavatsky Olcott and Judge agreed to establish an organisation with Charles Sotheman suggesting that they call it the Theosophical Society Prior to adopting the name Theosophical they had debated various potential names among them the Egyptological Society the Hermetic Society and the Rosicrucian Society The term was not new but had been previously used in various contexts by the Philaletheians and the Christian mystic Jakob Boehme Etymologically the term came from the Greek theos god's and sophia wisdom thus meaning god wisdom divine wisdom or wisdom of God The term theosophia appeared in both Greek and Latin in the works of early church fathers as a synonym for theology In her book The Key to Theosophy Blavatsky said that the term Theosophy had been coined by the Alexandrian philosophers especially Ammonius Saccas Contents H P Blavatsky ISIS UNVEILED FROM THE CAVES AND JUNGLES OF HINDOSTAN WHAT IS THEOSOPHY WHAT ARE THE THEOSOPHISTS MAHATMAS AND CHELAS OCCULT OR EXACT SCIENCE THE ESOTERIC CHARACTER OF THE GOSPELS OCCULTISM VERSUS THE OCCULT ARTS IS THEOSOPHY A RELIGION THE VOICE OF THE SILENCE THE KEY TO THEOSOPHY THE SECRET DOCTRINE ADVENTURE AMONG THE ROSICRUCIANS THE GRAND INQUISITOR Translated by H P Blavatsky Henry Steel Olcott THE LIFE OF BUDDHA AND ITS LESSONS THE BUDDHIST CATECHISM THE GOLDEN RULES OF BUDDHISM THE SPIRIT OF ZOROASTRIANISM The Real H.P. **The Letters of H. P. Blavatsky** Helena Petrovna Blavatsky, 2003-01-01 Helena P Blavatsky 1831-1891 is widely celebrated as the leading esoteric thinker of the nineteenth century who influenced an entire generation of artists and intellectuals and introduced Eastern spirituality to the West Until now however readers have been able to know this fascinating woman only through her public writings Few may have realized that H P B was also a tireless correspondent with family and colleagues friends and foes the learned and the simple Her personal correspondence reveals for the first time the private H P B in all of her sphinx-like complexity rarely visible in her published material This unparalleled offering contains all known letters H P B wrote between 1860 and the time just before she left for India in 1879

Meticulously edited by John Algeo former President of the Theosophical Society in America and current Vice President of the international Society the volume also contains letters to and about Blavatsky articles and editorial commentary **The Theosophical Path** Katherine Augusta Westcott Tingley, Gottfried Purucker, 1921 **The Key to Theosophy by H.P. Blavatsky** H.P. Blavatsky, 2007-08-11 **Life Understood from a Scientific and Religious Point of View** Frederick Lawrence Rawson, 1920 **Death, before whose majestic tranquillity so many shudder with fear, has no terrors** Helena Petrovna Blavatsky, 2020-09-21 The book of Futurity which has been wisely closed to every mortal eye now opens its pages to many sons of the earth Among the workings of the inner life within us which we may experience but cannot explain are there any more remarkable than those mysterious moral influences constantly exercised either for attraction or repulsion by one human being over another Modern astronomy profits by the works of ancient astrology and kicks it out of sight During the dissolution of the Etheric Double the darkness of our ignorance beginning to be dispelled there are many things we can see It is through the throbs of dissolution that horizons of vaster and profounder knowledge are drawn on bursting upon our mental vision and becoming with every hour plainer to our inner eye The nearer some people approach death the brighter becomes their long lost memory and the more correct the previsions because the unfoldment of inner faculties increases as life blood becomes more stagnant Modern science and spiritualism are two opposite poles Life and death are as much of a mystery to the man of science as they are to the spiritualist and the profane unbeliever Materialistic scientists keep unweaving the rainbow Unconscious necromancers reject every other philosophy save their own Death before whose majestic tranquillity so many shudder with fear has no terrors And yet people make too much fuss over death and too little over the birth of every new candidate for it **Incidents in the Life of Madame Blavatsky** Alfred Percy Sinnett, 1886

*Helena Petrovna Blavatsky* Katherine Augusta Westcott Tingley, 1921 [Spiritualism, Madame Blavatsky and Theosophy](#) Rudolf Steiner, 2002-11 This work builds on the foundation of the Popol Vuh the document that retraces in mythical language the four ages or stages of civilization that all of America has undergone to some degree It also moves from the Popol Vuh into later times through myths and legends of the Aztec and Iroquois Myth and history are placed side by side in a scientific and imaginative approach that documents the correlation between pre historical and historical periods and the spiritual events that ushered them in as narrated in the myths and legends of North America This approach reconciles Western analytical consciousness with the Native American language of myths and legends All of this is placed first in the perspective of Maya spiritual tradition and then from the perspective that the twentieth century research of Rudolf Steiner brought to light especially in relation to the events that took place in Central America two thousand years ago about which only Rudolf Steiner has spoken The first part of the work explores events of 2 000 years ago and their consequences in the onset of Maya civilization The second part researches the rise of new spiritual influences around the time just before the arrival of Columbus in America At the extremes of the spectrum we find Aztec and Iroquois worldviews Both cosmologies have links

subtle or obvious with the Popol Vuh whether continuing or reinterpreting its original message This polarity carries momentous consequences for global social trends in modern world history Spiritual Turning Points of North American History brings a fresh perspective to North American history and the meeting of European and First Nations worldviews
