## **Hadrians Dream:**

Hadrian's Dream Asa Benveniste, Ken Campbell, 1990      *Following Hadrian* Elizabeth Speller, 2004-10-14 One of the greatest and most enigmatic Roman emperors Hadrian stabilized the imperial borders established peace throughout the empire patronized the arts and built an architectural legacy that lasts to this day the great villa at Tivoli the domed wonder of the Pantheon and the eponymous wall that stretches across Britain Yet the story of his reign is also a tale of intrigue domestic discord and murder In *Following Hadrian* Elizabeth Speller illuminates the fascinating life of Hadrian rule of the most powerful empire on earth at the peak of its glory Speller displays a superb gift for narrative as she traces the intrigue of Hadrian's rise making brilliant use of her sources and vividly depicting Hadrian's bouts of melancholy his intellectual passions his love for a beautiful boy whose death sent him into a spiral and the paradox of his general policies of peace and religious tolerance even as he conducted a bitter three year war with Judea Most important the author captures the emperor as both a builder and an inveterate traveler guiding readers on a grand tour of the Roman Empire at the moment of its greatest extent and accomplishment

**Marguerite Yourcenar's Hadrian** Keith Bradley, 2024-01-31 Marguerite Yourcenar is best known as the author of the 1951 novel *Mmoires d Hadrien* her recreation of the life of the Roman emperor Hadrian The work can be examined from the perspective of the issues raised by writing Roman imperial biography at large and the many ways in which *Mmoires d Hadrien* has a claim to historical authenticity In Marguerite Yourcenar's *Hadrian* Keith Bradley explains how *Mmoires d Hadrien* came to be written gives details of Yourcenar's own biography and describes some of the intricate historical problems that her novel's portrait of Hadrian presents He draws on Yourcenar's correspondence her interviews with journalists and her literary corpus as a whole emphasizing Yourcenar's profound knowledge of the ancient evidence on which her life of Hadrian is based and exploiting a wide range of contemporary Yourcenarian criticism The book pays special attention to the methods by which Yourcenar believed Hadrian's life history to be recoverable compares examples of modern life writing and contrasts the procedures of conventional Roman biographers Revealing how and why *Mmoires d Hadrien* is as it is Marguerite Yourcenar's *Hadrian* illustrates how imaginative literary recreation is often little different from historical speculation

**Hadrian's Echo** Steve Apfel, 2011-12 A brilliant demolition of the standard pretence that anti Zionism is about frustration with Israel's treatment of the Palestinians rather than an obsessive fixation with the Jewish state Efraim Karsh Director Middle East Forum Research Professor of Middle East and Mediterranean Studies King's College London I recommend *Hadrian's Echo* to anyone who wants to understand the phenomenon of Israel bashing Professor Gerald M Steinberg Bar Ilan University and Executive Director of NGO Monitor Guidance from the Bench You of all people jury members may not blindly assume that a law professor who forsakes varsity gown and corridors and decamps to Palestine packs his scholarly habits You may not assume that he will by force of habit act objectively impartially and with integrity Yes he was appointed for those qualities But so was Richard Falk who lately issued an apology for smearing Jews

and dogs Permit me to remind you of the weight of evidence before the recess The Rapporteur's job title is a mine of disinformation historically false legally full of holes explicitly anti Israel Worse than that by pre supposing Israel's guilt the professor tramples the most important of legal principles innocent until proven guilty Turning their own words on renowned lawyers and journalists the author hoists Israel's critics by their own petard A man of wide experience STEVE APFEL was born in Johannesburg attended school in Pietersburg did his national service as a naval cadet studied politics and economics at the University of Witwatersrand and has a master of economics from the University of SA He was a District Officer in the former Rhodesia an analyst for an international mining house research manager for an electrical group import agent in Britain and since 1997 has been Director of the School of Management Accounting Johannesburg His travels and work have taken him through Western and Eastern Europe Turkey South America and the Middle East His novel The Paymaster was published in 1997 and a second novel is in the pipeline In 2002 he turned to activism and writer against the anti Israel movement and over a decade has upset apple carts aplenty Books on the Arab Israeli conflict are almost a genre but Hadrian's Echo is a different book entirely There is more than one conflict and unless we know which one we mean we are doomed to move round Israel's detractors and not through them and be left with understanding but no insight From Hadrian's Echo The author proceeds with penetrating analysis to give that insight as he sweeps the reader through the fascinating contest of words images and law Questions perhaps never before addressed are tackled What is the difference between a critic of Israel and an activist against Israel Why do some Israelis toil to make their country an outcast among nations How do people manage to deny the Holocaust without denying it By what methods are our perceptions of the conflict manipulated by the media Why do activists hold Israel to seemingly absurd standards Why do critics of Israel accuse their opponents of trying to gag them when the opponents are doing no such thing But the reader will find Hadrian's Echo much more than a scholarly work It has a creative force that flows like a passion And notwithstanding the grave issues handled a sardonic humour runs through the book We encounter species like the Uniquely Jewish bomb the Cauliflower man the Juggernaut Jew and the Dinner jacket denier Parts of the book have an interactive form that gets the reader involved Other parts recreate a tribunal with the reader in the jury box Hadrian's Echo is a book that entertains while it enlightens All in all it is both an essential work of reference and a wonderfully good read Integrity and Historical Research Tony Gibbons, Emily

Sutherland, 2012-03-12 There have been serious debates between historians novelists and filmmakers as to how best present historical narratives When writers and filmmakers talk of using historical research with integrity what exactly do they mean Integrity and Historical Research examines this question in detail The first chapter discusses the concept of integrity The chapters that follow reflect on this philosophical treatment in the light of fiction and film that deals with history in a number of ways How should writers and filmmakers use lives Can and may people who are now dead and who may have lived long ago be defamed The authors include academics historians social historians medievalists oral historians literary theorists

historical novelists and script writers They examine the theoretical influences and practical choices that involve and concern writers and filmmakers who rely on historical research The desire to be accurate may often conflict with the need to produce a work that goes beyond the mere depiction of events in order to excite the interest of readers and to hold that interest At the same time there is a developing emphasis on historians to write well in clear accessible prose which may involve using the novelists techniques How much license may be given to writers of fiction and filmmakers in their depiction of historical characters and events This book begins to answer this question while inviting further discussion

**Dreams and Visions in the Early Middle Ages** Jesse Keskiaho,2015-02-19 Dreams and visions played important roles in the Christian cultures of the early Middle Ages But not only did tradition and authoritative texts teach that some dreams were divine some also pointed out that this was not always the case Exploring a broad range of narrative sources and manuscripts Jesse Keskiaho investigates how the teachings of Augustine of Hippo and Pope Gregory the Great on dreams and visions were read and used in different contexts Keskiaho argues that the early medieval processes of reception in a sense created patristic opinion about dreams and visions resulting in a set of authoritative ideas that could be used both to defend and to question reports of individual visionary experiences This book is a major contribution to discussions about the intellectual place of dreams and visions in the early Middle Ages and underlines the creative nature of early medieval engagement with authoritative texts

**The Cornhill Magazine** ,1879 American Writers in Europe F. Asya,2013-10-03 These essays explore the impartial critical outlook American writers acquired through their experiences in Europe since 1850 Collectively contributors reveal how the American writer s intuitive sense of freedom coupled with their feeling of liberation from European influences led to intellectual independence in the literary works they produced Hadrian Anthony R Birley,Anthony R. Birley,2013-04-15 Hadrian s reign AD 117 138 was a watershed in the history of the Roman Empire Hadrian abandoned his predecessor Trajan s eastern conquests Mesopotamia and Armenia trimmed down the lands beyond the lower Danube and constructed new demarcation lines in Germany North Africa and most famously Hadrian s Wall in Britain to delimit the empire The emperor Hadrian a strange and baffling figure to his contemporaries had a many sided personality Insatiably ambitious and a passionate Philhellene he promoted the Greek Renaissance extravagantly But his attempt to Hellenize the Jews including the outlawing of circumcision had disastrous consequences and his Greek love of the beautiful Bithynian boy Antinous ended in tragedy No comprehensive account of Hadrian s life and reign has been attempted for over seventy years In Hadrian The Restless Emperor Anthony Birley brings together the new evidence from inscriptions and papyri and up to date and in depth examination of the work of other scholars on aspects of Hadrian s reign and policies such as the Jewish war the coinage Hadrian s building programme in Rome Athens and Tivoli and his relationship with his favourite Antinous to provide a thorough and fascinating account of the private and public life of a man who though hated when he died left an indelible mark on the Roman Empire **The Cornhill Magazine** William Makepeace Thackeray,1879 *Community Archaeology*
