Peter Grant

Haldane At The War Office A S:

Lord Haldane's Life and the Adult Education Movement Sir Stuart Sankey, 1929 **The Scaremongers (RLE The First World War)** A. J. A. Morris, 2014-04-24 This revealing book illustrates how the passion for war was fostered and promoted The author provides detailed evidence of how and why an image of Germany as a nation determined upon world hegemony was deliberately promoted by a group of British newspaper editors proprietors and journalists This book examines the role of these scaremongers Were they as influential as their critics claimed Did they influence the minds of their readers and shape events Were they guilty of creating a climate of opinion that ensured that their prophecies of inevitable Anglo German war became fact in 1914 *The Round Table Movement and the Fall of the 'Second' British Empire (1909-1919)* Andrea Bosco, 2017-01-06 In spite of the general phobia of federalism there is a strong federalist trend within British political culture In three very different historical contexts federalism inspired the action of political movements such as the Imperial Federation League the Round Table and the Federal Union Indeed it was regarded as the solution to problems arising from the first signs of the possible collapse of Great Britain and its Empire The Round Table Movement played a particularly interesting role in this regard attempting to reverse the rapid and inexorable decline of the British Empire It was a political organisation with roots in all the major peripheries of the Empire and almost unlimited financial resources This volume discusses the strategies and means employed by the group in order to maintain the British Empire s global prominence The book s main argument is that we did not have a British century the nineteenth and an American century the twentieth but rather four centuries of Anglo Saxon supremacy which witnessed the affirmation of the national principle expression of the Continental political tradition and its overcoming through its opposite the federal principle the expression of the insular political tradition **Churchill and Fisher** Barry Gough, 2017-10-06 A vivid study of the politics and stress of high command this book describes the decisive roles of young Winston Churchill as political head of the Admiralty during the First World War Churchill was locked together in a perilous destiny with the ageing British Admiral Jacky Fisher the professional master of the British Navy and the creator of the enormous battleships known as Dreadnoughts Upon these Titans at the Admiralty rested British command of the sea at the moment of its supreme test the challenge presented by the Kaiser s navy under the dangerous Admiral Alfred von Tirpitz Churchill and Fisher had vision genius and energy but the war unfolded in unexpected ways There were no Trafalgars no Nelsons Press and Parliament became battlegrounds for a public expecting decisive victory at sea An ill fated Dardanelles adventure by ships alone as Churchill determined on top of the Zeppelin raids on Britain brought about Fisher s departure from the Admiralty in turn bringing down Churchill They spent the balance of the war in the virtual wilderness This dual biography based on fresh and thorough appraisal of the Churchill and Fisher papers is a story for any military history buff It is about Churchill s and Fisher s war how each fought it how they waged it together and how they fought against each other face to face or behind the scenes It reveals a strange and unique pairing of

sea lords who found themselves facing Armageddon and seeking to maintain the primacy of the Royal Navy the guardian of trade the succour of the British peoples and the shield of Empire **Hidden History** Gerry Docherty,James MacGregor,2013-07-04 Think you know about British history and the causes of the First World War Think again This fascinating and gripping study of events at the turn of the Twentieth Century is a remarkable insight into how political and social factors that we widely accept to be the causes of The Great War were really just a construct put together by a very small but powerful political elite Thought provoking Docherty and Macgregor do not mince their words their arguments are powerful Britain at War Simply astonishing Reader review Very illuminating Reader review You simply MUST read this book Reader review This is a page turner Reader review Hidden History uniquely exposes those responsible for the First World War It reveals how accounts of the war s origins have been deliberately falsified to conceal the guilt of the secret cabal of very rich and powerful men in London responsible for the most heinous crime perpetrated on humanity For ten years they plotted the destruction of Germany as the first stage of their plan to take control of the world The assassination of Archduke Franz Ferdinand was no chance happening It lit a fuse that had been carefully set through a chain of command stretching from Sarajevo through Belgrade and St Petersburg to that cabal in London Our understanding of these events has been firmly trapped in a web of falsehood and duplicity carefully constructed by the victors at Versailles in 1919 and maintained by compliant historians ever since The official version is fatally flawed warped by the volume of evidence they destroyed or concealed from public view Hidden History poses a tantalising challenge The authors ask only that you examine the evidence they lay before you [Delphi Collected Works of Winston S. Churchill \(Illustrated\)](#) Winston S. Churchill,2023-05-21 The British statesman orator and author Winston Churchill served as prime minister twice achieving legendary status for rallying the British people during World War II and leading the country from the brink of defeat to victory In addition to his careers of soldier and politician Churchill was a prolific writer starting with war journalism charting his adventures in British India at the Siege of Malakand at Sudan during the Mahdist War and in Africa in the Second Boer War He excelled as a writer of history producing multi volume studies of grand subjects to critical acclaim Many of his speeches and parliamentary answers were also published in pamphlets and collected editions In 1953 Churchill was awarded the Nobel Prize in Literature for his mastery of historical and biographical description as well as for brilliant oratory This eBook presents Churchill s collected works with numerous illustrations rare texts informative introductions and the usual Delphi bonus material Version 1 Beautifully illustrated with images relating to Churchill s life and works Concise introductions to the major texts Churchill s novel Savrola and the rare short stories Images of how the books were first published giving your eReader a taste of the original texts Excellent formatting of the texts Many non fiction works and speech collections Special chronological and alphabetical contents tables for the speeches Includes the famous WWII speeches Easily locate the works you want to read Features a bonus biography discover Churchill s incredible life Ordering of texts into chronological order and genres Please

The Imperial Army Project Douglas E. Delaney, 2018-01-25 How did British authorities manage to secure the commitment of large dominion and Indian armies that could plan fight shoot communicate and sustain themselves in concert with the British Army and with each other during the era of the two world wars What did the British want from the dominion and Indian armies and how did they go about trying to get it Douglas E Delaney seeks to answer these questions to understand whether the imperial army project was successful Answering these questions requires a long term perspective one that begins with efforts to fix the armies of the British Empire in the aftermath of their desultory performance in South Africa 1899 1903 and follows through to the high point of imperial military cooperation during the Second World War Based on multi archival research conducted in six different countries on four continents Delaney argues that the military compatibility of the British Empire armies was the product of a deliberate and enduring imperial army project one that aimed at standardizing and piecing together the armies of the empire while at the same time accommodating the burgeoning autonomy of the dominions and even India At its core this book is really about how a military coalition worked

The National Review, 1925 **Reporting the First World War** A. J. A. Morris, 2015-12-17 Charles Repington was Britain's most influential military correspondent during the first two decades of the twentieth century From 1914 to 1918 Repington's commentary in The Times The War Day by Day was read and discussed by opinion shapers and decision makers worldwide who sought to better understand the momentous events happening around them and his subsequently published diaries offered a compelling portrait of England's governing class at war This is the first major study of Repington's life and career from the Boer War to the end of the Great War A J A Morris presents unique insights into the conduct of the First World War and into leading figures in the British high command French Haig Robertson Wilson The book

offers modern readers a rewardingly fresh understanding of the conflict and will appeal to scholars of the First World War and British political and military history of the period *Chamber Divers* Rachel Lance, 2024-06-06 Fascinating a great historical military account and essential reading John Volanthen author of *Thirteen Lives* The untold story of the D Day scientists who changed special operations forever On the beaches of Normandy two summers before D Day the Allies attempted an all but forgotten landing Of the nearly seven thousand Allied troops sent ashore only a few hundred survived the terrible massacre and the reason for the debacle was a lack of reconnaissance The shore turned out to be impassable to tanks The Nazis had hidden obstacles in unexpected places The fortifications were more numerous and deadly than imagined The Allies knew they needed to take the fight to Hitler on the European mainland to end the war but they could not afford to be unprepared again A small group of eccentric researchers experimenting on themselves from inside pressure tanks in the middle of the London air raids explored the deadly science needed to enable the critical reconnaissance vessels and underwater breathing apparatuses that would enable the Allies dramatic history making success during the next major beach landing D Day **The Strange Survival of Liberal Britain** Vernon Bogdanor, 2022-10-20 Masterly A fascinating tour d horizon of the Edwardian political scene This must be a definitive account Professor Jane Ridley author of *George V Never a Dull Moment* A tour de force sympathetic in its treatment of the subject eminently wise in its judgement and invariably fair in its verdicts It purrs along like a Rolls Royce engine Professor T G Otte author of *Statesman of Europe A Life of Sir Edward Grey* This brilliant book from Britain s most important constitutional historian upends the orthodoxy about the decadent Edwardians A masterpiece of intelligent history both forceful and subtle which transforms how we view not just those most complex Edwardians but also our own equally complex times Professor Richard Aldous author of *The Lion and the Unicorn Gladstone vs Disraeli* Brilliant Instantly the leading history of this turbulent and critical period in Britain s transition towards a modern democracy Professor Robert Blackburn King s College London Vernon Bogdanor has the habit of unearthing gems that have been missed by others He does it again in this magisterial work on post Gladstonian Britain by challenging some of the long established myths about this period that deserve to be cast aside Professor Malcolm Murfett King s College London Professor Bogdanor argues with conviction and sometimes passion but always with judiciousness and in the light of deep reflection The result is a masterly work which speaks to the politics of our own time Alvin Jackson Richard Lodge Professor of History University of Edinburgh An extraordinary exploration of a political world whose dynamics continue to shape the future of liberal constitutionalism Bruce Ackerman Sterling Professor of Law and Political Science Yale University Crisp authoritative and lucid Nicholas Owen associate professor of politics University of Oxford The turbulent years of 1895 to 1914 changed Britain s political landscape for ever They saw a transition from aristocratic rule to mass politics and heralded a new agenda which still dominates today The issues of the period economic modernisation social welfare and equality secondary and technical education a new role for Britain in the world were complex and difficult Indeed they proved so

thorny that despite the efforts of the Edwardians they remain among the most pressing problems we face in the twenty first century The period has often been seen as one of decadence of the strange death of liberal Britain In contrast Vernon Bogdanor believes that the robustness of Britain s parliamentary and political institutions and her liberal political culture with the commitment to rational debate and argument were powerful enough to carry her through one of the most trying periods of her history and so make possible the remarkable survival of liberal Britain In this wide ranging and sometimes controversial survey one of our pre eminent political historians dispels the popular myths that have grown up about this critical period in Britain s story and argues that it set the scene for much that is laudable about our nation today

Philanthropy and Voluntary Action in the First World War Peter Grant, 2014-02-18 This book challenges scholarship which presents charity and voluntary activity during World War I as marking a downturn from the high point of the late Victorian period Charitable donations rose to an all time peak and the scope and nature of charitable work shifted decisively Far more working class activists especially women became involved although there were significant differences between the suburban south and industrial north of England and Scotland The book also corrects the idea that charitably minded civilians efforts alienated the men at the front in contrast to the degree of negativity that surrounds much previous work on voluntary action in this period Far from there being an unbridgeable gap in understanding or empathy between soldiers and civilians the links were strong and charitable contributions were enormously important in maintaining troop morale This bond significantly contributed to the development and maintenance of social capital in Britain which in turn strongly supported the war effort This work draws on previously unused primary sources notably those regarding the developing role of the UK s Director General of Voluntary Organizations and the regulatory legislation of the period

A Liberal Chronicle in Peace and War Cameron Hazlehurst, Christine Woodland, 2023-07-03 Jack Pease was at the heart of the British Liberal government from 1908 to 1915 holding the position of Chief Whip through two general elections and a member of the Cabinet confronting domestic tumult international tensions and war Pease was an unassuming participant in the deliberations of a unique gathering of political talent His journals as President of the Board of Education from 1911 to the formation of the coalition ministry in 1915 are a closely observed unvarnished record of what he saw and heard in Downing St and Westminster constitutional and Home Rule crises industrial conflict electoral reform women s suffrage controversies struggles over budgets naval estimates and foreign policy Despite his Quaker beliefs Pease committed to supporting war against Germany and his troubled conscience is laid bare in letters to his wife and friends Replete with intimate portraits of his revered chief H H Asquith and the Prime Minister s social circle the journals also provide evocative observations of the contest of ideas arguments and moods of prominent contemporaries especially David Lloyd George as Chancellor of the Exchequer Winston Churchill as Home Secretary then First Lord of the Admiralty and Lord Kitchener as Secretary of State for War Pease s candid accounts augmented by the diaries and letters of others privy to Cabinet policy secrets and personal rivalries reveal

the stories not told in the Prime Minister's reports to the King Together with the editor's biographical introduction extensive explanatory commentaries and bibliographical guidance Pease's text provides a uniquely comprehensive understanding of Asquith's Liberal government in peace and war *The Mirrors of Downing Street* Harold Begbie, 2024-09-10 Dive into the compelling world of Harold Begbie's *The Mirrors of Downing Street* a novel that offers a fascinating glimpse into the political and social dynamics of early 20th century Britain This insightful narrative explores the complexities of leadership and public life from a unique perspective As Begbie's narrative unfolds you'll gain a rare and thought provoking view of the influential figures who shaped the era The novel provides a detailed examination of the interplay between politics and personal ambition reflecting the broader themes of power and public perception But here's a question to consider How do the characters and events depicted in *The Mirrors of Downing Street* illuminate the broader themes of political influence and societal change Can their stories offer deeper insights into the nature of leadership and its impact on society Explore the intriguing and revealing world of *The Mirrors of Downing Street* where each chapter unveils the intricacies of political life and the characters who navigate its challenges This is more than just a political drama it's a profound exploration of power and its effects on individuals and society Are you ready to delve into the insightful narrative of *The Mirrors of Downing Street* Discover a novel that combines detailed political exploration with a deep look at leadership and public life Don't miss the chance to experience this thought provoking story Purchase *The Mirrors of Downing Street* today and gain a deeper understanding of the complexities of political influence and societal dynamics **The coming war** Edward Grey Grey of Fallodon (Viscount), 1925 *T.P.'s Weekly*, 1929 *Dreadnought* Robert K. Massie, 2012-06-27 A gripping chronicle of the personal and national rivalries that led to the twentieth century's first great arms race from Pulitzer Prize winner Robert K. Massie With the biographer's rare genius for expressing the essence of extraordinary lives Massie brings to life a crowd of glittering figures the single minded Admiral von Tirpitz the young ambitious Winston Churchill the ruthless sycophantic Chancellor Bernhard von Bismarck Britain's greatest twentieth century foreign secretary Sir Edward Grey and Jacky Fisher the eccentric admiral who revolutionized the British navy and brought forth the first true battleship the H M S Dreadnought Their story and the story of the era filled with misunderstandings missed opportunities and events leading to unintended conclusions unfolds like a Greek tragedy in this powerful narrative Intimately human and dramatic *Dreadnought* is history at its most riveting Praise for *Dreadnought* *Dreadnought* is history in the grand manner as most people prefer it how people shaped or were shaped by events Time A classic that covers superbly a whole era engrossing in its glittering gallery of characters Chicago Sun Times Told on a grand scale Massie is a master of historical portraiture and anecdote The Wall Street Journal Brilliant on everything he writes about ships and the sea It is Massie's eye for detail that makes his nautical set pieces so marvelously evocative Los Angeles Times **The Times History of the War**, 1915 **The Annual Index to The Times**, 1912

Haldane At The War Office A S Book Review: Unveiling the Power of Words
