Coady,2016-10-04 For critics and listeners the reception of the 1950s jazz classical hybrid Third Stream music has long been fraught In John Lewis and the Challenge of Real Black Music Christopher Coady explores the work of one of the form s most vital practitioners following Lewis from his role as an arranger for Miles Davis s Birth of the Cool sessions to his leadership of the Modern Jazz Quartet his tours of Europe and his stewardship of the Lenox School of Jazz Along the way Coady shows how Lewis s fusion works helped shore up a failing jazz industry in the wake of the 1940s big band decline forging a new sound grounded in middle class African American musical traditions By taking into account the sociocultural milieu of the 1950s Coady provides a wider context for understanding the music Lewis wrote for the Modern Jazz Quartet and sets up new ways of thinking about Cool Jazz and Third Stream music more broadly **The Gangster Film Reader** Alain Silver,James

Reading Revelation as Pastiche Michelle Fletcher, 2017-05-18 Scholars have often read the book of Revelation in a way that attempts to ascertain which Old Testament book it most resembles Instead we should read it as a combined and imitative text which actively engages the audience through signalling to multiple texts and multiple textual experiences in short it is an act of pastiche Fletcher analyses the methods used to approach Revelation's relationship with Old Testament texts and shows that although there is literature on Revelation's imitative and multi vocal nature these aspects of the text have not yet been explored in sufficient depth Fletcher's analysis also incorporates an examination of Greco Roman imitation and combination before providing a better way to understand the nature of the book of Revelation as pastiche Fletcher builds her case on four comparative case studies and uses a test case to ascertain how completely they fit with this assessment

These insights are then used to clarify how reading Revelation as imitative and combined pastiche can challenge previous scholarly assumptions transforming the way we approach the text     **Honesty Is Explosive!** Ben Watson, 2010-04-01 This book collects the best of Ben Watson's music and culture writing from 1985-2002 including reviews and essays on significant music jazz pop punk and classical written from the author's distinctive militant aesthetic point of view plus reflections on the intersection of madness and music the world after 9/11 and much more A major collection by a major critic of the modern music scene
