Rausch,Chris Watson,2009-03-30 This is a collection of interviews with many of the men and women who defined blaxploitation a genre of films produced mainly in the 1970s that were marketed to a predominantly black audience Among those interviewed are such icons as Jim Brown Antonio Fargas Gloria Hendry Jim Kelly Rudy Ray Moore Ron O Neal William Marshall Glynn Turman Melvin Van Peebles and Fred Williamson Ego Trip's Sacha Jenkins,1999-12-03 An exhaustive indispensable and completely irreverent bible of true hip hop knowledge the genre s answer to the classic Book of Rock Lists 100 photos **Beliefs We Hold** B. W. Van Riper,2018-07-18 Beliefs We Hold is about blind beliefs that are not only gripping but also toxic as in zealotry or mania They can enthrall some people who hold them doggedly contaminating such guardians as well as those around them One such case epitomizes how a sentinel can both hold beliefs and become held by them a prime example of the unique relationship between beliefs gone rogue and the severe consequences that can ensue from mindless tenacity Probably no beliefs are more

deeply or faithfully held than religious beliefs More than just influential religious beliefs can be crucial in the lives of many people And because they can determine both the nature and extent of conviction religious beliefs can range in their effect from material to manic Looking but not seeing Riveting beliefs Become crippling Victimized That was JD contaminated by fervor Overwhelmed by religious beliefs that he could neither uphold nor disclaim created a dilemma for JD that took away his mental health and replaced it with mental illness His struggle to find peace of mind was grueling also contagious So those around him who inadvertently caught the bug experienced much of the stigma that JD faced JD was the victim not only of mental illness but also of the obsessive need of his attending psychiatrist to discover a bond between immanent beliefs and conspicuous pathology In juxtaposition and in conflict with the attending was the chief of staff who saw his vital duty as essentially the rendering of psychiatric service over any research mandate The clash of egos and objectives that defined the aspirations of the two psychiatrists hindered JD's return to mental health Still in spite of cruel circumstance and after numerous traumatic events in house JD finally benefitted from a change in psychiatrists On the road to recovery JD learned that he was in a sense crazy about God What irony he thought Because it was that oddity that led him to understand how beliefs we hold can hold us and coincidentally how he was initially seized by the intractable imperative Inevitably and paradoxically he had to give some credit to the gods of his imagination for bringing him down to earth In a final reconciliation with divinity he realizes that neither the Divine Comedy nor a divine tragedy had the ability to touch his soul cater to his spirit or fulfill his needs It was instead a divine remedy not simply a matter of freeing himself of beliefs but rather of holding beliefs that are freeing

*Trying to Get Over* Keith Corson, 2016-03-22 From 1972 to 1976 Hollywood made an unprecedented number of films targeted at black audiences But following this era known as blaxploitation the momentum suddenly reversed for black filmmakers and a large void separates the end of blaxploitation from the black film explosion that followed the arrival of Spike Lee's *She's Gotta Have It* in 1986 Illuminating an overlooked era in African American film history *Trying to Get Over* is the first in depth study of black directors working during the decade between 1977 and 1986 Keith Corson provides a fresh definition of blaxploitation lays out a concrete reason for its end and explains the major gap in African American representation during the years that followed He focuses primarily on the work of eight directors Michael Schultz Sidney Poitier Jamaa Fanaka Fred Williamson Gilbert Moses Stan Lathan Richard Pryor and Prince who were the only black directors making commercially distributed films in the decade following the blaxploitation cycle Using the careers of each director and the twenty four films they produced during this time to tell a larger story about Hollywood and the shifting dialogue about race power and access Corson shows how these directors are a key part of the continuum of African American cinema and how they have shaped popular culture over the past quarter century

**Real Black** John L. Jackson Jr., 2005-11-15 New York's urban neighborhoods are full of young would be emcees who aspire to keep it real and restaurants like Sylvia's famous soul food eatery that offer a taste of authentic black culture In these and other venues authenticity is

considered the best way to distinguish the real from the phony the genuine from the fake But in Real Black John L Jackson Jr proposes a new model for thinking about these issues racial sincerity Jackson argues that authenticity caricatures identity as something imposed on people imprisoning them within stereotypes turning them into racial objects and inanimate things instead of living breathing human beings Contending that such assumptions deny people agency not to mention humanity in their search for identity Jackson counterposes sincerity an internal and more productive analytical model for thinking about race Moving in and around Harlem and Brooklyn Jackson offers a kaleidoscope of subjects and stories that directly and indirectly address how race is negotiated in today s world including tales of name changing hip hop emcees book vending numerologists urban conspiracy theorists corrupt police officers mixed race neo Nazis and high school gospel choirs forbidden to catch the Holy Ghost Enlisting Anthroman his cape crusading critical alter ego Jackson records and retells these interconnected sagas in virtuosic detail and in the process shows us how race is defined and debated imposed and confounded every single day

Truth Between the Lies Aaron McDaniels,2016-02-26 This remarkably eye opening book for anyone interested in comparative religion history and human psychology may find many surprises that challenge what many once believed to be absolute truths This work reflects a meticulous and painstaking effort to present the findings clearly concisely and thoroughly as a result of the study of comparative religious ideas history and the psychological effects which impact adverse results in our present day thinking and correcting errors that crept into history This effort is not intended to deride people and certainly not to mock anyone s beliefs The intent is obviously to point out false charges misconceptions and outright lies are in themselves deriding and mocking and a most odious thing This book should prove to be a very valuable asset to mankind People should be aware of what in fact has been taught to mankind as a result of studying this book which efforts to dispel darkness upon us all May Gods Peace and Blessings Be With You All
