The Transnational Activist Stefan Berger, Sean Scalmer, 2017-11-28 This book provides the first historical and comparative study of the transnational activist A range of important recent scholarship has considered the rise of global social movements the presence of transnational networks and the transfer or diffusion of political techniques Much of this writing has registered the pivotal role of transnational or global activists However if the significance of the transnational activist is now routinely acknowledged then the history of this actor is still something of a mystery Most commentators have associated the figure with contemporary history Hence much of the debate around transnational activism is ahistorical and claims for novelty are not often based on developed historical comparison As this volume argues it is possible to identify the transnational activist in earlier decades and even centuries But when did this figure first appear What are the historical conditions that nurtured its emergence What are the principal moments in the development of the transnational activist And do the transnational activists of the Internet age differ in number or nature from those of earlier years These historical questions will be at the heart of this volume

Hell or High Water Paul Martin, 2009-10-27 National bestseller Paul Martin was the Prime Minister we never really knew in this memoir he emerges as a fascinating flesh and blood man still working hard to make a better world The next thing you know I was in a jail cell Chapter 2 From the moment I flipped his truck on the road home to Morinville Chapter 3 When I came back into Aquin s headquarters I had a broken nose Chapter 4 These are not lines that you expect in a prime ministerial memoir But Paul Martin who led the country from 2003 to 2006 is full of surprises and his book will reveal a very different man from the prime minister who had such a rough ride in the wake of the sponsorship scandal Although he grew up in Windsor and Ottawa as the son of the legendary Cabinet Minister Paul Martin politics was not in his blood As a kid he loved sports and had summer jobs as a deckhand or a roustabout As a young man he plunged into family life and into the business

world After his years as a corporate firefighter for Power Corporation came the excitement of acquiring Canada Steamship Lines in Canada s largest ever leveraged buy out the most audacious gamble of my life In 1988 however he became a Liberal M P ran for the leadership in 1990 and in 1993 became Jean Chr tien s minister of finance with the country in a deep hole The story of his years as perhaps our best finance minister ever leads to his account of the revolt against Chr tien and his time in office Great events and world figures stud this book which is firm but polite as it sets the record straight and is full of wry humour and self deprecating stories Far from ending with his defeat in 2006 the book deals with his continuing passions such as Canada s aboriginals and the problems of Africa This is an idealistic interesting book that reveals the Paul Martin we never knew It s a pleasure to meet him

Canada's Prime Ministers and the Shaping of a National Identity Raymond B. Perceval, Or, The Story of the Grail Chrétien de Troyes, 2011-03-15 In this verse translation of Perceval or The Story of the Grail Ruth Harwood Cline restores to life the thematically crucial Arthurian tale of the education of a knight in his search for the Holy Grail Cline s translation faithful to the highly synthetic deliberately ornate nature of medieval French follows Perceval from his home in Wales through his rich and raucous adventures as a member of the fraternity of knights to his climactic meeting with the Fisher King Paralyzed by his first glimpse of the Grail Perceval fails to save the ailing king Distraught the knight begins a new quest for the Grail a journey on the road of penitence and faith Perceval s venture the true test of his knighthood ends without conclusion the death of author Chr tien de Troyes left unsaid and undetermined the success of Perceval s quest

Canada First, Not Canada Alone Adam Chapnick, Professor of Defence Studies Adam Chapnick, Asa McKercher, Assistant Professor of History Asa McKercher, 2024 The definitive history of Canadian foreign policy since the 1930s Canada First Not Canada Alone examines how successive prime ministers have promoted Canada s national interests in a world that has grown increasingly complex and interconnected Case studies focused on environmental reform Indigenous peoples trade hostage diplomacy and wartime strategy illustrate the breadth of issues that shape Canada s global realm Drawing from extensive primary and secondary research Adam Chapnick and Asa McKercher offer a fresh take on how

Canada positions itself in the world Reviving Social Democracy David Laycock, Lynda Erickson, 2014-11-13 In the 2011 general election the New Democratic Party stunned political pundits by becoming the Official Opposition in the House of Commons After near collapse in the 1993 election how did the NDP manage to win triple the seats of its Liberal rivals and take more than three quarters of the ridings in Quebec Reviving Social Democracy examines the federal NDP's transformation from nearly dead party to new power player within a volatile party system Its early chapters on the party's emergence in the 1960s its presence in Quebec and the Jack Layton factor pave the way for insightful analyses of issues such as party modernization changing ideology voter profile and policy formation that played a significant role in driving the Orange Crush phenomenon Later chapters explore such future facing questions as the prospects of party mergers and the challenges of maintaining support in the long term Television Advertising in Canadian Elections Kai Hildebrandt, 2006-01-01 Can the strategy of negative political advertising developed in the United States succeed in Canada or does this kind of advertising do more harm than good The year 1988 saw elections in both the United States and Canada It also saw a turning point in the tenor of television campaign advertising By the early 1990s there was a growing reliance upon negative political images and symbols This book is about that growing reliance While focusing on the use of attack ads Television Advertising in Canadian Elections provides a historical overview of the growth of negative advertising It includes a discussion of advertisers intentions and strategies an analysis of the ads played on both English language and French television and their impact and the ethics of political advertising This is the first book length investigation of negative political advertising in Canada Professional politicians as well as anyone interested in election politics journalism communication studies or advertising will find this an absorbing study The Order of Canada Christopher P. McCreery, 2005-12-15 In 1966 a project to create a national honour for Canadians was begun The first recipients of the Order of Canada were announced a year later and in the nearly forty years since the Order has become a symbol familiar to and respected by people from across the country The spirit that motivates the Order of Canada celebration inclusion and democracy was born of the memories of Canada's earlier experience with honours From initial distrust and misunderstanding to the awakening of a national identity the development of the Order reflects the relationship Canadians have with their country their government their culture and their heroes The Order itself is a product of national identity politics and history reflected by the significance of its recipients accomplishments Indeed the Order's history is as fascinating as the more than 4000 Canadians who have received it This first book length history of the Order of Canada and first major work on Canadian honours by Christopher McCreery is a celebration of the Order and a close examination of its unique design and various early incarnations McCreery provides both a history of the Order's beginnings and a more general overview of trends in Canadian honours Extensively illustrated with never before published photographs The Order of Canada Its Origins History and Developments pays tribute to the individuals who felt the need for a system of recognition for Canadians Electronic Format

Manitoba Law Journal: A Review of the Current Legal Landscape 2012 Volume 36(1) Darcy L. MacPherson, et al.,
The Manitoba Law Journal is a peer reviewed journal founded in 1961 The MLJ s current mission is to provide lively independent and high caliber commentary on legal events in Manitoba or events of special interest to our community This issue has articles from a variety of contributing authors including Albert Nolette Boyd McGill Brendan Jowett Bruce A Macfarlane Bryan P Schwartz Dan Grice Darcy L MacPherson Dayna M Steinfield Debra Parkes Francois Larocque James Oldham John Burchill Mark C Power Robert H Tanha and Yemi Oke **Middle Power in the Middle East** Thomas Juneau, Bessma Momani, 2022-03-01 The Middle East has not historically been a first order priority for Canadian foreign and defence policy Most major Canadian decisions on the Middle East have come about through ad hoc decision making rather than strategic necessity Balancing international obligations with domestic goals Canadian relations with this region try to find a balance between meeting alliance obligations and keeping domestic constituents content Middle Power in the Middle East delves into some of Canada s key bilateral relations with the Middle East and explores the main themes in Canada s regional presence arms sales human rights defence capacity building and mediation Contributors analyse the key drivers of Canada s foreign and defence policies in the Middle East including diplomatic relations with the United States ideology and domestic politics Bringing together many of Canada s foremost experts on Canada Middle East relations this collection provides a fresh perspective that is particularly timely and important following the Arab uprisings Divided Loyalties Brooke Jeffrey, 2010-12-04 The Liberal Party has governed Canada for much of the country s history Yet over the past two decades the natural governing party has seen a decrease in traditional support finding itself in opposition for nearly half of that time In *Divided Loyalties* Brooke Jeffrey draws on her own experience as a party insider and on interviews with more than sixty senior Liberals to follow the trajectory of the party from 1984 to the leadership of Stéphane Dion in 2008 Riven by internal strife leadership disputes and financial woes the Liberal Party today faces unprecedented challenges that threaten its very future Conventional wisdom attributes the origins of the disarray to personal conflict between Jean Chrétien and Paul Martin However Jeffrey argues that this divisiveness is actually the continuation of a dispute over Canadian federalism and national unity which began decades earlier between John Turner and Pierre Trudeau This dispute as evidenced by recent leadership crises remains unresolved to this day An insightful examination of the federal Liberal Party *Divided Loyalties* sheds much needed light on an increasingly fissured party *The War Room* Warren Kinsella, 2007-10-04 The term war room in political parlance was coined by the team of U S strategists specifically James Carville who worked for Bill Clinton s first presidential campaign in the early 1990s In a nutshell a war room is a political command centre where a candidate s strategists and media officers work to counter attacks by opponents while gathering research to mount an offensive in an ongoing immediate fashion Warren Kinsella s *The War Room* profiles and analyzes some of the best political warriors and
