Jean Jaures:

The Life of Jean Jaures Harvey Goldberg, 2002-10-16 A biography of the French Socialist leader *Jean Jaurès*, 1916

Jean Jaurès Geoffrey Kurtz, 2014-08-24 Jean Jaurès was a towering intellectual and political leader of the democratic Left at the turn of the twentieth century but he is little remembered today outside of France and his contributions to political thought are little studied anywhere In *Jean Jaurès The Inner Life of Social Democracy* Geoffrey Kurtz introduces Jaurès to an American audience The parliamentary and philosophical leader of French socialism from the 1890s until his assassination in 1914 Jaurès was the only major socialist leader of his generation who was educated as a political philosopher As he championed the reformist method that would come to be called social democracy he sought to understand the inner life of a political tradition that accepts its own imperfection Jaurès's call to sustain the tension between the ideal and the real resonates today In addition to recovering the questions asked by the first generation of social democrats Kurtz's aim in this book is to reconstruct Jaurès's political thought in light of current theoretical and political debates To achieve this he gives readings of several of Jaurès's major writings and speeches spanning work from his early adulthood to the final years of his life paying attention to not just what Jaurès is saying but how he says it **Jean Jaurès** Harold Richard Weinstein, 1973

The Life of Jean Jaurès Harvey E. Goldberg, 1968 Selected Writings of Jean Jaurès Jean-Numa Ducange, Elisa Marcobelli, 2021-06-11 This book is an anthology of the writings of Jean Jaurès a central figure of French socialism in the period leading up to World War I who was born in 1859 and died in 1914 a few days before the outbreak of the conflict Jaurès is one of the most celebrated politicians in France His writings in this anthology touch on the subjects dear to him which are then some of the great political themes of his time In this book are writings on war and pacifism on colonialism and anti colonialism and on the central themes of socialism of the time such as reformism and revolution Despite Jaurès's notoriety in France he is not well known abroad This book a corpus of his emblematic writings aims to make Jaurès known to those who do not know him outside of France **Jean Jaurès : Socialist and Humanitarian** Margaret Pease, 2024-11-14 Just as Europe crossed the threshold of war two men whose influence on the future would have been great and beneficial fell The one was Jaurès the other Frank Frank with his whole future before him the Revisionist protagonist of Bebel himself volunteered when the war broke out and in a miserable little skirmish almost at the very outset gave his life for Germany Jaurès happily with much of his life's work done but on the verge of a new world which sadly required his help for there was no other with his influence and but very few with his sagacity and incorruptible mind was shot by a patriotic youth in a restaurant It is a strange doom that these two friends who had they lived would have had more to do with the settlement after the war than kings emperors or foreign ministers should have been killed at its very outset Frank will live in the memories of those who knew him as a promise that was unfulfilled a power growing into authority suddenly crushed out But Jaurès belongs to the world Jaurès was a great servant of the people great because he was single minded In France where it is

so common to find politicians gain a footing on the lower rungs of the ladder of success as Socialists mounting upwards and changing their colours as they go Jaur s was an inspiring example of rectitude and devotion He was the greatest of them all his mind was richest his sagacity was clearest his power was the most firmly founded The French Socialist leader Jean Jaur s was assassinated on the 31st of July 1914 This cruel act was therefore one of the last things that happened while the world was still at peace Before August 1914 was many days old the world was at war On the last day of July there was still hope though the hope was waning that the terrible crisis might pass And on that day Jaur s brave and far sighted as he was had bent his vigorous energies to influence French ministers to try to prevent war *Jean Jaurès, Etc. [With a Bibliography.]*. Alexandre ZÉVAÈS (pseud. [i.e. Gustave Alexandre Bourson.]), Auguste Marie Joseph Jean JAURÈS, 1951 **Studies in Socialism** Jean Jaurès, 1906 Jean Jaurès, Socialist and Humanitarian , 1970 *Jean Jaures* Vincent Auriol, Pres. France, 1962 **A Socialist History of the French Revolution** Jean Jaurès, 2015-04-20 Tantalizing prose TLS Jean Jaur s was the celebrated French Socialist Party leader assassinated in 1914 for trying to use diplomacy and industrial action to prevent the outbreak of war Published just a few years before his death his magisterial A Socialist History of the French Revolution has endured for over a century as one of the most influential accounts of the French Revolution ever to be published Written in the midst of his activities as leader of the Socialist Party and editor of its newspaper L Humanit Jaur s intended the book to serve as both a guide and an inspiration to political activity even now it can serve to do just that Jaur s s verve originality and willingness to criticise all players in this epic drama make this a truly moving addition to the shelf of great books on the French Revolution Now available for the first time in paperback Mitchell Abidor s abridged translation of Jaur s s original six volumes makes this exceptional work truly accessible to an Anglophone audience **Jean Jaurès. His Life and Work. [With a Portrait.]**. John Hampden JACKSON, 1943 **Jean Jaures** Margaret Pease, 2015-07-09 Excerpt from Jean Jaures Socialist and Humanitarian In course of time the friends and comrades of Jean Jaures will publish his biography and a new edition of his works some of these were written with a certain amount of haste and need careful revision As however the complete biography has not yet been accomplished I have had to seek other sources of information I am much indebted to M Charles Rappoport s detailed and sympathetic analysis of Jaures ideas contained in his book Jean Jaures L Homme Le Penseur Le Socialiste M Rappoport claims that his book is Jaures explained by himself A great part of it is in fact in Jaures own words and the rest is a penetrating exposition of his mind From M Levy Bruhl s charming brochure Quelques pages sur Jean Jaures I have gathered most of the details of Jaures youth contained in Chapter I About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the

The Invention of Marxism Christina Morina, 2023 The Invention of Marxism shows how a theory of the capitalist system grew into a political philosophy that shaped the history of the twentieth century in extremely destructive as well as productive ways how an idea conquered the world

Internationalism and Peace Jean Jaurès, 1903

Myth of the Nation and Vision of Revolution Jacob Leib á¹¬almÃ´n, 1991-01-01 In what may well rank as the finest political and intellectual history of the twentieth century the late J L Talmon explores the origins of the schism within European society between the totalitarians of Right and Left as well as the split between an acceptance of the historical national community as the natural political and social framework and the vision of a socialist society achieved by a universal revolutionary breakthrough This the third and final volume of Talmon s history of the modern world brings to bear the resources of his incisive scholarship to examine the workings of the ironies of totalitarianism as well as the resources of democracy
