After Election 2008 Emmie Ross,2009-06 The Formula for the Illuminati s New World Order of 2012 The word Awakening also means Enlightened which refers to the Illuminati in Latin It is the code name for a secret shadowy government through present day corporations that has been setup by the 1st Antichrist to control the world affairs In order to achieve his goal he has to overthrow our capitalist government and replace it with his secret agemda of a Satanic New World Order under Socialism Why did Jesus have to step in to protect the Independent Candidate for United States House of Congress in 2006 An Awakening Spiritual Journey into Dirty Politic after Election 2008 will capture the Spiritual Holocaust that went beyond the moral fiber of one s imagination and comprehension of evil by the superhuman power of the 1st Biblical Antichrist This nonfiction riveting book is an awakening of how our taxpaying dollars have been orchestrated by him on the Federal level of the American Government with its partners in crime the Democratic Party some Senatorial and Congressional Republicans and Independents secretly embedded in the Democratic Party and the Liberal Media Four main ingredients are fueling it greed corruption revenge and power which spell the Illuminati As my epic journey begins inside the spoon of dirty politics in January 2003 I will unknowingly walk directly inside the spiritual warfare of the principality of evil by the inner circle of the Illuminati With the Living God standing by me I have survived my journey God wants the rest of the world to be prepared for what lies ahead Evil and dirty politics can be defeated That is why I have been chosen by God to expose my story to the world of what I personally witnessed **God, Hierarchy, and Power** Ashley M. Purpura,2017-11-07 In the current age where democratic and egalitarian ideals have preeminence Eastern Orthodox Christianity among other hierarchically organized religious traditions faces the challenging questions Why is hierarchy maintained as the model of organizing the church and what are the theological justifications for its persistence These questions are especially significant for historically and contemporarily understanding how Orthodox Christians negotiate their spiritual ideals with the challenges of their social and ecclesiastical realities To critically address these questions this book offers four case studies of historically disparate Byzantine theologians from the sixth to the fourteenth centuries Dionysius the Areopagite Maximus the Confessor Niketas Stethatos and Nicholas Cabasilas who significantly reflect on the relationship between spiritual authority power and hierarchy in theoretical liturgical and practical contexts Although Dionysius the Areopagite has been the subject of much scholarly interest in recent years the applied theological legacy of his development of hierarchy in the Christian East has not before been explored Relying on a common Dionysian heritage these Byzantine authors are brought into a common dialogue to reveal a tradition of constructing authentic ecclesiastical hierarchy as foremost that which communicates divinity
