Gupta, 2020-09-22 This book provides a multidisciplinary approach to understanding human behavior and uses it to analyze the forces shaping the life cycle of violent political movements This new edition has been revised and updated with three new chapters added The second edition takes us deeper inside human motivations which cause otherwise rational people to join dissident groups willing to kill and be

killed In doing so the book draws upon research on brain science evolutionary biology and social psychology to help explain pathological collective behavior From the motivations of individual participants the book turns to the evolution of terrorist groups by venturing into theories of organizational development Together these theories explain the life cycle the birth growth transformation from an ideological group to a criminal syndicate and demise of a dissident organization These hypotheses are supported with detailed case studies of three disparate terrorist movements the nationalists of the IRA the communist Naxalites of India and the religious fundamentalists of al Qaeda and ISIS The book s theory leads to an explanation of the current global trend of rising tribalism and authoritarianism The author warns that this latest wave of xenophobia and authoritarianism is likely to be exacerbated by climate change and the consequent rise in sea levels which could displace millions from the areas least able to mitigate the effects of global warming to the countries that can This book will be essential reading for students of terrorism studies and of great interest to students of social psychology political science and sociology

Walvoord,Mark Hitchcock,2007 Armageddon Oil and Terror is a riveting scenario of the future based on every major prophecy in the Bible This confirms Dr John F Walvoord s legacy as a scholar who taught prophecy in a way everyone could understand **Living Clay** Keith Missel,2016-08-08 Living Clay is a robust and fulfilling journey into the Potter clay relationship we have with our Creator Based on an 18 month personal journey this Bible study powerfully illuminates the process of sanctification and transformation in the life of a believer Filled with theological truth flowing from the context of Scripture you will see how the Potter purposes to shape you the clay into a masterpiece As Jeremiah was invited to the Potter s house so you are invited to see how God is shaping you for His glory and your good **The Prodigal Prophet** Timothy Keller,2018-10-02 An angry prophet A feared and loathsome enemy A devastating storm And the surprising message of a merciful God to his people The story of Jonah is one of the most well known parables in the Bible It is also the most misunderstood Many people even those who are nonreligious are familiar with Jonah A rebellious prophet who defies God and is swallowed by a whale But there s much more to Jonah s story than most of us realize In The Prodigal Prophet pastor and New York Times bestselling author Timothy Keller reveals the hidden depths within the book of Jonah Keller makes the case that Jonah was one of the worst prophets in the entire Bible And yet there are unmistakably clear connections between Jonah the prodigal son and Jesus Jesus in fact saw himself in Jonah How could one of the most defiant and disobedient prophets in the Bible be compared to Jesus Jonah s journey also doesn t end when he is freed from the belly of the fish There is an entire second half to his story but it is left unresolved within the text of the Bible Why does the book of Jonah end on what is essentially a cliffhanger In these pages Timothy Keller provides an answer to the extraordinary conclusion of this biblical parable and shares the powerful Christian message at the heart of Jonah s story
