John Bracken A Political Biography:

John Bracken John Kendle, 1979 Manitoba Premiers of 19th and 20th Centuries Barry Ferguson, Robert Alexander Wardhaugh, 2010 Annotation The province's history of religious linguistic ethnic and class conflict which has often drawn the entire country into its battles is revealed in the biographies of the Premiers **Institutionalized Cabinet** Christopher Dunn, 1995-06-22 Dunn investigates factors leading to the initiation and persistence of institutionalized cabinets in the governments of T C Douglas in Saskatchewan Duff Roblin and Walter Weir in Manitoba and W R Bennett in British Columbia He describes the transition from unaided or relatively uncoordinated central executive structures to those that are more structured collegial and prone to emphasize planning and coordination He also examines how the premier's role has expanded from simply choosing cabinets to reorganizing their structure and decision making processes as well The institutionalization of provincial cabinets has had major effects on both political actors and functions in the three provinces studied Dunn shows that cabinet structure has changed and been changed by power relations within the cabinet

Manitoba Law Journal Volume 42:2 -- Special Issue on Chief Justice Robson (2019) Darcy MacPherson, The Manitoba Law Journal is a peer reviewed journal founded in 1961 The MLJ's current mission is to provide lively independent and high caliber commentary on legal events in Manitoba or events of special interest to our community **Art of Sharing** Mary Janigan, 2020-07-23 In 1957 after a century of scathing debates and threats of provincial separation Ottawa finally tackled the dangerous fiscal inequalities among its richer and poorer provinces Equalization grants allowed the poorer provinces to provide relatively equal services for relatively equal levels of taxation The Art of Sharing tells the dramatic history of Canada's efforts to save itself The introduction of federal equalization grants was controversial and wealthier provinces such as Alberta wanting to keep more of their taxpayers money for their own governments continue to attack them today Mary Janigan argues that the elusive ideal of fiscal equity in spite of dissent from richer provinces has helped preserve Canada as a united nation Janigan goes back to Confederation to trace the escalating tensions among the provinces across decades as voters demanded more services to survive in a changing world She also uncovers the continuing contacts between Canada and Australia as both dominions struggled to placate disgruntled member states and provinces that blamed the very act of federation for their woes By the mid twentieth century trapped between the demands of social activists and Quebec's insistence on its right to run its own social programs Ottawa adopted non conditional grants in compromise The history of equalization in Canada has never been fully explored Introducing the idealistic Canadians who fought for equity along with their radically different proposals to achieve it The Art of Sharing makes the case that a willingness to share financial resources is the real tie that has bound the federation together into the twenty first century Politics in Manitoba Christopher Adams, 2008-09-15 Politics in Manitoba is the first comprehensive review of the Manitoba party system that combines history and contemporary public opinion data to reveal the political and voter trends that have shaped the province

of Manitoba over the past 130 years The book details the histories of the Progressive Conservatives the Liberals and the New Democratic Party from 1870 to 2007 Adams looks in particular at the enduring influence of political geography and political culture as well as the impact of leadership campaign strategies organizational resources and the media on voter preferences Adams also presents here for the first time public opinion data based on more than 25 000 interviews with Manitobans conducted between 1999 and 2007 He analyzes voter age gender income education and geographic location to determine how Manitobans vote In the process Adams dispels some commonly held beliefs about party supporters and identifies recurring themes in voter behaviour

The Prairies and the Pampas ,1987-09 The Argentine and Canadian wheat economies starting from very similar positions in the late nineteenth century had diverged startlingly by 1930 In wheat production and export Argentina had stagnated and declined while Canada had surged to a position of world leadership This book explains how Canada had outpaced Argentina a country with better growing conditions and a much shorter haul to port The author finds the explanation in how differing government policies affected the paths the Canadian and Argentine wheat economies took The author s investigations center on several key questions In what ways did Canadian and Argentine policy makers and wheat growers attempt to improve their competitive positions by introducing efficient marketing systems research and agricultural education How responsive were the two political systems to questions of land tenure the role of immigrants and political representation in the wheat regions In sum how did quite different views on the role of the state affect the outcome The book is in three parts The first provides a basic political and economic overview of Argentine and Canadian history between 1880 and 1930 The second part analyzes and compares the two countries basic agricultural development policies In the third part the focus moves away from a topical emphasis and shifts to an analysis of major agricultural policy issues in the two countries The concluding chapter presents some final thoughts on the different paths of agrarian development in the two countries

Eugene A. Forsey Frank Milligan,2004 In this unusual biography of one of Canada s most well known public figures author Frank Milligan traces the intellectual foundations on which Eugene Forsey s world view was constructed By studying Forsey s beliefs both religious and political Milligan unearths the philosophical underpinnings of many of Canada s early twentieth century political economic religious and social reform movements

Psychiatry and the Legacies of Eugenics Frank W. Stahnisch,Erna Kurbegović,2020-07-28 From 1928 to 1972 the Alberta Sexual Sterilization Act Canada s lengthiest eugenic policy shaped social discourses and medical practice in the province Sterilization programs particularly involuntary sterilization programs were responding both nationally and internationally to social anxieties produced by the perceived connection between mental degeneration and heredity Psychiatry and the Legacies of Eugenics illustrates how the emerging field of psychiatry and its concerns about inheritable conditions was heavily influenced by eugenic thought and contributed to the longevity of sterilization practices in Western Canada Using institutional case studies biographical accounts and media developments from Western Canada and Europe

contributors trace the impact of eugenics on nursing practices politics and social attitudes while investigating the ways in which eugenics discourses persisted unexpectedly and remained mostly unexamined in psychiatric practice This volume further extends historical analysis into considerations of contemporary policy and human rights issues through a discussion of disability studies as well as compensation claims for victims of sterilization In impressive detail contributors shed new light on the medical and political influences of eugenics on psychiatry at a key moment in the field s development With contributions by Ashley Barlow W Mikkel Dack Diana Mansell Guel A Russell Celeste Tuong Vy Sharpe Henderikus J Stam Douglas Wahlsten Paul J Weindling Robert A Wilson Gregor Wolbring and Marc Workman **Let the Eastern Bastards**

Freeze in the Dark Mary Janigan,2013-08-27 The first big book on one of the most overlooked episodes in Canadian history and the origin of today s greatest national debate Let the Eastern Bastards Freeze in the Dark relives the 1918 attempt by 3 premiers to wrest control of their natural resources away from Ottawa and end their role as second class provinces The oil sands Global warming The National Energy Program Though these seem like modern Canadian subjects Mary Janigan reveals them to be a legacy of longstanding regional rivalry Something of a Third Solitude since entering Confederation the West has long been overshadowed by Canada s other great national debate But as the conflict over natural resources and their effect on climate change heats up 150 years of antipathy are coming to a head Janigan takes readers back to a pivotal moment in 1918 when Canada s western premiers descended on Ottawa determined to control their own future and as Margaret MacMillan did in Paris 1919 she deftly illustrates how the results reverberate to this day **Between Education**

and Catastrophe George Buri,2016-12-01 After the Second World War progressives and traditionalists waged a quieter battle over schools In Between Education and Catastrophe George Buri connects the educational debates of the 1950s to the broader Canadian postwar political conversation about the social welfare state and Keynesian versus laissez faire models of liberalism Working skilfully with primary sources contemporary publications and a rich array of secondary sources Buri examines debates over curricula the purpose of high school teacher training rural schools and standardized testing in Manitoba The progressives who advocated for a new liberalism characterized by government intervention and the social welfare state sought to create a system of public schooling that would both equip students to succeed and enlarge their political vision by encouraging compromise and democratic decision making They promoted more practical subjects child centred classrooms and the use of psychological expertise to promote life adjustment Meanwhile self styled traditionalists such as Hilda Neatby thought progressive education undermined the individual competition and achievement at the root of a laissez faire economy calling for a return to the basics an elimination of frill subjects and a more academic focus for the public education system A frank consideration of conflict power and influence within school systems Between Education and Catastrophe brings to light compelling social cultural and philosophical themes within the history of education in Manitoba

King Allan Gerald Levine,2011 Advance Praise for King Here we have Allan Levine one of the aces of Canadian historical

chronicles channelling Mackenzie King And what a story they have to tell our longest serving prime minister getting advice from his dog and having two way conversations with his long dead mother If Canadian history was ever dull it isn't now Get this book Book jacket Behind the Scenes Robert A. Wardhaugh, 2010-12-04 William Clifford Clark federal deputy minister of finance from 1932 to 1952 had a profound impact on Canadian history An important intellectual figure during the first half of the twentieth century he was leader of The Ottawa Men a group of federal civil servants who shaped a new liberal vision of the nation Robert A Wardhaugh chronicles Clark's contributions to Canada's modern state in Behind the Scenes which reconstructs the public life and ideas of one of Canada's most important bureaucrats The Department of Finance sat at the centre of critical federal decisions and debates From this axis Clark's wide ranging contributions to Canadian policy were nothing short of phenomenal he was the driving force behind the creation of the Bank of Canada and he spearheaded national housing policy Clarke also managed the economy during the Great Depression and during the Second World War and he was instrumental in forging Canada's international economic role in the postwar era **The Court of Queen's Bench of Manitoba, 1870-1950** Dale Brawn, 2006-12-15 This study of the Manitoba judiciary is not only the first biographical history to examine an entire provincial bench it is also one of the first studies to offer an internal view of the political nature of the judicial appointment process Dale Brawn has penned the biographies of the first thirty three men appointed to Manitoba's Court of Queen's Bench The relative youth of Manitoba as a province and the small size of its legal profession makes possible an exceptionally detailed investigation of the background of those appointed to the province's highest trial court The biographical data that Brawn has collected for this book highlights the extent to which judicial candidates underwent a socialization process designed to produce a legal elite whose members shared remarkably similar views and ways of thinking In addition these biographies suggest that until at least 1950 seats on provincial benches were rewards for political services rendered Many lawyers became judges not because of their legal ability but because they had made themselves known in the communities in which they practiced This fascinating study offers an intimate look at personalities ranging from prime ministers to members of the bench and both senior levels of government *Manitoba Politics and Government* Paul Thomas, Curtis Brown, 2010-09-01 Manitoba has always been a province in the middle geographically economically and culturally Lacking Quebec's cultural distinctiveness Ontario's traditional economic dominance or Alberta's combustible mix of prairie populism and oil wealth Manitoba appears to blend into the background of the Canadian family portrait But Manitoba has a distinct political culture one that has been overlooked in contemporary political studies Manitoba Politics and Government brings together the work of political scientists historians sociologists economists public servants and journalists to present a comprehensive analysis of the province's political life and its careful mutual fund model approach to economic and social policy that mirrors the steady and cautious nature of its citizens Moving beyond the Legislature the authors address contemporary social issues like poverty environmental stewardship gender

equality health care and the province's growing Aboriginal population to reveal the evolution of public policy in the province. They also examine the province's role at the intergovernmental and international level. Manitoba Politics and Government is a rich and fascinating account of a province that strives for the centre for the delicate middle ground where individualism and collectivism overlap and where a multitude of different cultures and traditions create a highly balanced society. *Lost Initiatives* Bloomsbury Publishing, 1986-11-12. This thoroughly referenced book reveals the importance of the development of forest resources to Canadian social and economic existence. Rather than presenting just a compilation of facts and figures, the authors synthesize the information to make interesting observations. History is revealed as a series of interactive movements by various industrial, social and political groups. Highly recommended for college and university collections that include forest history, forest policy, Canadian history and conservation history. Choice. *Lost Initiatives* surveys Canadian forestry policy since the early nineteenth century and particularly between the second American Forestry Congress held in Montreal in 1882 and 1939. The authors achieve a Canada-wide perspective by including separate chapters on New Brunswick, Quebec, Ontario and British Columbia and offering an extensive account of federal forestry policy. The latter, which derives from archival research, is the most original of the book's contributions. Indeed, the book has considerable relevance to those interested in the development of professions in Canada; the book can be warmly recommended as a well-documented, genuinely national study that provides numerous points of departure and of context, whether for a comprehensive history of Canadian forests and forest policy or for analyses of parts of a very large subject. And the eloquent concluding chapter on the last forty years of forest policy could well serve as a call to arms even for those not persuaded that the previous chapters tell the real story of how we got here. *The Canadian Historical Review*. **How Schools Worked** Robert Douglas Gidney, Winnifred Phoebe Joyce Millar, 2012. A richly textured study of educational developments in English-speaking Canada from the close of the Victorian Age to the eve of World War II. **J.L. Ilesley: A Political Biography** Barry Cahill, 2021-11-09. A farmer's son from rural Nova Scotia, J. L. Ilesley (1894-1967) is an almost forgotten figure who played a key role in government during the Second World War, even though he was despised by Prime Minister William Lyon Mackenzie King. Ilesley was spectacularly successful in cajoling and compelling Canadians to pay for the war. He became a highly regarded national figure. He gradually established his claim to succeed William Lyon Mackenzie King as Prime Minister when the time came. Ultimately, in his devious way, King thwarted Ilesley's ambition. Ilesley abandoned politics to take up the post of chief justice in Nova Scotia for 17 years. His place in Canadian political history has been undermined by family members who destroyed his personal papers. Historian and biographer Barry Cahill has pieced together the story of Ilesley's career for the first time. He used the personal papers of other Ottawa figures of the times, previously secret cabinet records and glimpses of the man as seen by others in his circle, including, of course, Mackenzie King in his voluminous diaries. *Law and Society Series* Dale Brawn, 2014-01-01. Using the judiciary of Manitoba as a model, *Paths to the Bench* examines the political nature of Canada's judicial appointment process.

and suggests that ability alone seldom determined who went to the bench. In fact many of Manitoba's early judges spent little time actually practising law since professional merit was not a criterion for judicial appointments. Rather it was relationships with influential mentors and communities that ensured appointments and ultimately propelled careers. Brawn offers an in-depth analysis of how the paths to the bench of competent and connected and less competent and connected lawyers differed. This book is one of the few studies to examine why many of the best and brightest members of the bar either did not want to go to the bench or if they did why they did not get there.
