John Cage Writer Selected Texts

Paul Colby, Martin Fitzpatrick

John Cage Writer Selected Texts:

John Cage, Writer John Cage, 2000 The writings gathered here span more than fifty years of Cagean thought and creativity from the late 30s to the early 90s

John Cage, Writer John Cage, Richard Kostelanetz, 1993-01-01 In August 1992 John Cage died suddenly just a month before he would have celebrated his eightieth birthday The passing of one of the greatest avant garde figures of the century was mourned around the world and brought a new recognition of his achievements in music and art and a reconsideration of the Cage legacy that will long continue An essential part of this legacy are the writings gathered here which span more than fifty years of Cagean thought and creativity Generally unfamiliar they demonstrate that Cage was highly skilled in using language not only to provide insight into his own work but also to convey his response to the music of others his ideas about art film and dance and in An Autobiographical Statement his reflections on his own life career and self fulfillment Written between the late 30 s and the early 90 s these pieces here acquire the permanence they deserve Some have never been published before Many appeared only in magazines journals and catalogues others in concert programs and on record covers Also included are the texts of lectures and of crucial importance to an appreciation of his music Cage s notes on the performance of his compositions courtesy of his music publisher C F Peters Taken together these writings from their diverse sources and in their rich variety reveal a lessknown but central aspect of the genius of a mild mannered deeply courageous pioneer in the arts Dance critic Nancy Dalva has written John Cage taught us to listen to the world In this book we can learn what he heard

John Cage Composing, Computing, and Curating Sandra Skurvida, 2025-01-31 This study reassesses Cage s multifaceted practice from a transdisciplinary perspective using text as a premise for his musical visual lingual and museal compositions In his compositions John Cage opened the structures of music language and the museum to change perpetuated by chance operations His correspondences across history with an extended circle of creators including Erik Satie Marcel Duchamp and Henry David Thoreau among many others erased single minded authorship via methodical processing of source material Foreshadowing ecological recycling Cage s late compositions for museum opened perspectives for posthuman mediation in curating and contemporary art He conceived of anarchy as the coexistence of mutually aiding yet autonomous self determinate entities This book introduces Cage to the twenty first century as a composer whose work intersects different temporalities and modes of being the past and the present the human and the non human and the individual and the communal The book will be of interest to scholars of art history music curatorial studies and museum studies

The Democratic Surround Fred Turner, 2013-12-04 A smart and fascinating reassessment of postwar American culture and the politics of the 1960s from the author of From Counterculture to Cyberculture Reason Magazine We tend to think of the sixties as an explosion of creative energy and freedom that arose in direct revolt against the social restraint and authoritarian hierarchy of the early Cold War years Yet as Fred Turner reveals in The Democratic Surround the decades that brought us

the Korean War and communist witch hunts also witnessed an extraordinary turn toward explicitly democratic open and inclusive ideas of communication and with them new flexible models of social order Surprisingly he shows that it was this turn that brought us the revolutionary multimedia and wild eyed individualism of the 1960s counterculture In this prequel to his celebrated book *From Counterculture to Cyberculture* Turner rewrites the history of postwar America showing how in the 1940s and 50s American liberalism offered a far more radical social vision than we now remember He tracks the influential mid century entwining of Bauhaus aesthetics with American social science and psychology From the Museum of Modern Art in New York to the New Bauhaus in Chicago and Black Mountain College in North Carolina Turner shows how some of the best known artists and intellectuals of the forties developed new models of media new theories of interpersonal and international collaboration and new visions of an open tolerant and democratic self in direct contrast to the repression and conformity associated with the fascist and communist movements He then shows how their work shaped some of the most significant media events of the Cold War including Edward Steichen s *Family of Man* exhibition the multimedia performances of John Cage and ultimately the psychedelic *Be Ins* of the sixties Turner demonstrates that by the end of the 1950s this vision of the democratic self and the media built to promote it would actually become part of the mainstream even shaping American propaganda efforts in Europe Overturning common misconceptions of these transformational years *The Democratic Surround* shows just how much the artistic and social radicalism of the sixties owed to the liberal ideals of Cold War America a democratic vision that still underlies our hopes for digital media today Brilliant an excellent and thought provoking book *Tropics of Meta*

The Selected Letters of John Cage John Cage,2013-10-22 This annotated selection of more than five hundred letters by the groundbreaking composer and avant garde icon covers every phase of his career This volume reveals the intimate life of John Cage with all the intelligence wit and inventiveness that made him such an important composer and performer The missives range from lengthy reports of his early trips to Europe in the 1930s through his years with the dancer Merce Cunningham They shed new light on his growing eminence as an iconic performance artist of the American avant garde Written in Cage s singular voice by turns profound irreverent and funny these letters reveal Cage s passionate interest in people ideas and the arts They include correspondence with Peter Yates David Tudor and Pierre Boulez among many others Readers will enjoy Cage s commentary about the people and events of a transformative time in the arts as well as his meditations on the very nature of art This volume presents an extraordinary portrait of a complex brilliant man who challenged and changed the artistic currents of the twentieth century

[The Gay & Lesbian Theatrical Legacy](#) Billy J. Harbin,Kim Marra,Robert A. Schanke,2005 Recovers the hidden history of theater professionals who transgressed the gendered expectations of their time

Fluxus Forms Natilee Harren,2020-03-20 PURGE the world of dead art imitation artificial art Promote living art anti art promote NON ART REALITY to be grasped by all peoples writes artist George Maciunas in his Fluxus manifesto of 1963 Reacting against an elitist art world enthralled by modernist aesthetics Fluxus

encouraged playfulness chance irreverence and viewer participation The diverse collective including George Brecht Robert Filliou Dick Higgins Alison Knowles George Maciunas Yoko Ono Nam June Paik Benjamin Patterson Takako Saito Mieko Shiomi Ben Vautier and Robert Watts embraced humble objects and everyday gestures as critical means of finding freedom and excitement beyond traditional forms of art making While today the Fluxus collective is recognized for its radical neo avant garde works of performance publishing and relational art and its experimental interdisciplinary approach it was not taken seriously in its own time With Fluxus Forms Natilee Harren captures the magnetic energy of Fluxus activities and collaborations that emerged at the intersections of art music performance and literature The book offers insight into the nature of art in the 1960s as it traces the international development of the collective s unique intermedia works including event scores and Fluxbox multiples that irreversibly expanded the boundaries of contemporary art

Triple Entendre Herve Vanel,2013-11-15 Triple Entendre discusses the rise and spread of background music in contexts as diverse as office workplaces shopping malls and musical performance Herv Vanel examines background music in several guises beginning with Erik Satie s Furniture Music of the late 1910s and early 1920s which first demonstrated the idea of a music not meant to be listened to and was later considered a precedent to modern functional background music Vanel argues that when the Muzak Corporation s commercialized ambient music became a predominant feature of modern life in the 1940s both as a brand and a genre of background music it also became a powerful instrument of social engineering in an advanced capitalist society Different kinds of music were developed to encourage or incite greater productivity in the workplace more energetic shopping or more animated socializing Vanel s discussion culminates in the creative response of the composer John Cage to the pervasiveness and power of background music in contemporary society Cage neither opposed nor rejected Muzak but literally answered its challenge by formulating a parallel concept that he called Muzak Plus Forty years after Satie presented his work to general critical puzzlement Cage saw how background music could be combined with mid century technology and theories of art and performance to create a participatory soundscape on a scale that Satie could not have envisioned again reconfiguring the listener s stance to music By examining the subterranean connections existing between these three formulations of a singular idea Triple Entendre analyzes and challenges the crucial boundary that separates an artistic concept from its actual implementation in life

Historical Dictionary of Modern and Contemporary Classical Music Nicole V. Gagné,2019-07-17 The contemporary music scene thus embodies a uniquely broad spectrum of activity which has grown and changed down to the present hour With new talents emerging and different technologies developing as we move further into the 21st century no one can predict what paths music will take next All we can be certain of is that the inspiration and originality that make music live will continue to bring awe delight fascination and beauty to the people who listen to it This book cover modernist and postmodern concert music worldwide from the years 1888 to 2018 This second edition of Historical Dictionary of Modern and Contemporary Classical Music contains a chronology an introduction and an extensive

bibliography The dictionary section has over 500 cross referenced entries on the most important composers musicians methods styles and media in modernist and postmodern classical music worldwide from 1888 to 2018 This book is an excellent resource for students researchers and anyone wanting to know more about modern and contemporary classical music

Merce Cunningham Carrie Noland,2020-01-23 One of the most influential choreographers of the twentieth century Merce Cunningham is known for introducing chance to dance Far too often however accounts of Cunningham s work have neglected its full scope focusing on his collaborations with the visionary composer John Cage or insisting that randomness was the singular goal of his choreography In this book the first dedicated to the complete arc of Cunningham s career Carrie Noland brings new insight to this transformative artist s philosophy and work providing a fresh perspective on his artistic process while exploring aspects of his choreographic practice never studied before Examining a rich and previously unseen archive that includes photographs film footage and unpublished writing by Cunningham Noland counters prior understandings of Cunningham s influential embrace of the unintended demonstrating that Cunningham in fact set limits on the role chance played in his dances Drawing on Cunningham s written and performed work Noland reveals that Cunningham introduced variables before the chance procedure was applied and later shaped and modified the chance results Chapters explore his relation not only to Cage but also Marcel Duchamp Robert Rauschenberg James Joyce and Bill T Jones Ultimately Noland shows that Cunningham approached movement as more than movement in itself and that his work enacted archetypal human dramas This remarkable book will forever change our appreciation of the choreographer s work and legacy

Go where You Wanna Go Matthew Greenwald,2002 Chronicles the history of the 1960s vocal group from the release of their California Dreamin record through their explosion on the hippie scene in a volume complemented by interviews and anecdotes

The Music of James Tenney Robert Wannamaker,2021-12-28 Parsing the works of the experimental music pioneer Robert Wannamaker s monumental two volume study explores the influential music and ideas of American composer theorist writer performer and educator James Tenney Delving into the whole of Tenney s far ranging oeuvre Wannamaker provides in depth aurally grounded analyses of works linked to the artist s revolutionary theories of musical form timbre and harmonic perception Volume 1 Contexts and Paradigms chronologically surveys Tenney s creative development and output Wannamaker begins each section with biographical aesthetic and technical context that illuminates a distinct period in Tenney s career From there he analyzes a small number of pieces that illuminate the concerns characteristics and techniques that emerged in Tenney s music during that time Wannamaker supplements the text with musical examples graphs and diagrams while also drawing on unpublished material and newly available primary sources to flesh out each work and the ideas that shaped it A landmark in experimental music scholarship The Music of James Tenney is a first of its kind consideration of the experimental music titan and his work

The Bitter End Paul Colby,Martin Fitzpatrick,2002 Owner Paul Colby recalls the club s transformation from a small coffeehouse into the pre eminent music and comedy venue that is

still going strong today *Art, Labour and American Life* Ben Hickman, 2023-10-21 This book examines labour in the age of US hegemony through the art that has grappled with it and vice versa developments in American culture as they have been shaped by work's transformations over the last century Describing the complex relations between cultural forms and the work practices *Art Labour and American Life* explores everything from Fordism to feminization from white-collar ascendancy to zero hours precarity as these things have manifested in painting performance art poetry fiction philosophy and music Labour all but invisible in cultural histories of the period despite the fact most Americans have spent most of their lives doing it here receives an urgent re-emphasis as we witness work's radical redefinition across the world **The Oxford Handbook of Time in Music** Mark Doffman, Emily Payne, Toby Young, 2021-12-17 Music represents one of humanity's most vivid contemplations on the nature of time itself The ways that music can modify intensify and even dismantle our understanding of time's passing is at the foundation of musical experience and is common to listeners composers and performers alike The Oxford Handbook of Time in Music provides a range of compelling new scholarship that examines the making of musical time its effects and structures Bringing together philosophical psychological and socio-cultural understandings of time in music the chapters highlight the act of making not just as cultural construction but also in terms of the perceptual cognitive underpinnings that allow us to make sense of time in music Thus the Handbook is a unique synthesis of divergent perspectives on the nature of time in music With its focus on contemporary music while paying attention to some of the generative temporalities of the nineteenth century the volume establishes the richness and complexity of so much current music making and in the process overcomes historic demarcations between art and popular musics Modern Art and the Life of a Culture Jonathan A. Anderson, William A. Dyrness, 2016-05-23 In 1970 Hans Rookmaaker published *Modern Art and the Death of a Culture* a groundbreaking work that considered the role of the Christian artist in society This volume responds to his work by bringing together a practicing artist and a theologian who argue that modernist art is underwritten by deeply religious concerns **Music with Stanley Cavell in Mind** David LaRocca, 2024-08-08 Why does Stanley Cavell's philosophical thought matter for music And how did Cavell's musical practice and appreciation of music give shape to his indelible philosophical claims about cinema human speech opera the expression of skepticism and ordinary language philosophy *Music with Stanley Cavell in Mind* provides a first of its kind intervention by leading philosophers and scholars of music into an intellectual landscape in need of such charting As a performer who then trained as a philosopher the arc of Cavell's wide-ranging investigation of music maps consistently with a proximate concern for the features of human experience that involve music and sound including the sound of prose authorial voice its possession its divestment its arrogation the presence problem potentiality of silence in communication and related features of sonic phenomena central to life lived at the scale of the everyday Despite widespread scholarly fascination with the intersection of Cavell and music that music is famously a core theme for him no book like this has yet appeared Moreover our efforts here are addressed to the

serious student at all levels and the general reader alike arriving from many precincts of thought and practice musical performance literary theory cultural studies musicology and philosophy *The Life and Death of Yukio Mishima* Henry Scott Stokes,2000-08-08 Novelist playwright film actor martial artist and political commentator Yukio Mishima 1925 1970 was arguably the most famous person in Japan at the time of his death Henry Scott Stokes one of Mishima s closest friends was the only non Japanese allowed to attend the trial of the men involved in Mishima s spectacular suicide In this insightful and empathetic look at the writer Stokes guides the reader through the milestones of Mishima s meteoric and eclectic career and delves into the artist s major works and themes This biography skillfully and compassionately illuminates the achievements and disquieting ideas of a brilliant and deeply troubled man an artist of whom Nobel Laureate Yasunari Kawabata had said A writer of Mishima s caliber comes along only once every two or three hundred years *A Concise Guide to Understanding Music* Graham Wade,2011-02-24 A Concise Guide to Understanding Music offers guidance on many aspects of musical form the creative concepts of major composers over the centuries and developments ranging from early notation to the present day the book is profusely illustrated and also contains an extensive bibliography as well as detailed lists of compositions for the reader to listen to and enjoy for those who wish to understand more about all kinds of music this is the book to help you

Re-Making Sound Justin Patch,Thomas Porcello,2022-01-13 Re Making Sound is concise and flexible primer to sound studies It takes students through six ways of conceptualizing sound and its links to other social phenomena soundscapes noise sound and semiotics of the voice sound and through in text background sound sound design and sound art Each chapter summarizes the history and scholarly theoretical underpinnings of these areas and concludes with a student activity that concretizes the historical and theoretical discussion via sound making projects With chapters designed to be flexible and non sequential the text fits within various course designs and includes an introduction to key concepts in sound and sound studies a cumulative concluding chapter with sound accompanying podcast exercise and an extensive bibliography for students to pursue sound studies beyond the book itself
