John Adams's Republic Richard Alan Ryerson, 2016-09-15 VIII Redefining the Republican Tradition 1784 1787 IX John Adams s Republic in Republican America 1787 1800 X A Retrospective Retirement 1801 1826 Conclusion Memory and Desire in America s Republican Revolution Notes An Essay on Sources A Chronology of John Adams s Political Study and Writings Index A B C D E F G H I J K L M N O P Q R S T U V W X Z      **Remembering John Adams** Marianne Holdzkom, 2023-04-04 Has John Adams been forgotten He is the only Founding Father without a major memorial in the nation s capital When he lamented that monuments will never be erected to me he predicted as much His pessimism was understandable but it was unjustified Adams has since been portrayed in numerous biographies plays musicals poems novels and television shows This is the first comprehensive overview of John Adams as he appears in scholarship and in popular culture The second president is one dimensional at times and perhaps best known to the public as obnoxious and disliked but he is always fascinating The varied ways in which biographers and artists represented Adams provide a glimpse into his character These portrayals also provide insight into the various ways in which people continue to find meaning in the American Revolution and its aftermath

**A Companion to John Adams and John Quincy Adams** David Waldstreicher, 2013-02-15 A Companion to John Adams and John Quincy Adams presents a collection of original historiographic essays contributed by leading historians that cover diverse aspects of the lives and politics of John and John Quincy Adams and their spouses Abigail and Louisa Catherine Features contributions from top historians and Adams scholars Considers sub topics of interest such as John Adams role in the late 18th century demise of the Federalists both Adams presidencies and efforts as diplomats religion and slavery Includes two chapters on Abigail Adams and one on Louisa Adams      *The StartUp Kit* Emma Jones, 2014-02-24 The StartUp Kit contains everything you need to start and run your own business This book is a friendly guide covering all aspects of starting up from developing a business idea and setting up a company to marketing your new business getting that first sale and making the most of the latest tech developments Full of great advice from start up expert Emma Jones it s packed with case studies of people who ve successfully started their own businesses It also comes with great offers from some of the leading brands for small business      **Geographies of an Imperial Power** Jeremy Black, 2018-01-06 From explorers tracing rivers to navigators hunting for longitude spatial awareness and the need for empirical understanding were linked to British strategy in the 1700s This strategy in turn aided in the assertion of British power and authority on a global scale In this sweeping consideration of Britain in the 18th century Jeremy Black explores the interconnected roles of power and geography in the creation of a global empire Geography was at the heart of Britain s expansion into India its response to uprisings in Scotland and America and its revolutionary development of railways Geographical dominance was reinforced as newspapers stoked the fires of xenophobia and defined the limits of cosmopolitan Europe as compared to the barbarism beyond Geography provided a system of analysis and classification which gave Britain political cultural and scientific

sovereignty Black considers geographical knowledge not just as a tool for creating a shared cultural identity but also as a key mechanism in the formation of one of the most powerful and far reaching empires the world has ever known In the Words of Our Founders ,Tullius,2019-05-24 The overtly obvious and seemingly malicious maligning of our Founders by many Americans within our systems of education government and media is being performed with a greater intensity at the passing of each year This constant incessant and relentless barrage of misinformation and falsehoods about their beliefs character and intentions is not only blatantly unjust on its face it is being done to achieve a larger goal What might that goal be Perhaps to transform the country from its original foundational structures to one of power and control for the benefit of the favored few How might this be achieved It can only be accomplished by destroying its original identity of which many mechanisms must be effectively applied e g dumb down and divide the citizenry make alteration of its true history and legitimacy and make chaos of its laws Indeed rid it of its groundwork in natural law and rights rid it of the republican federal arrangement rid it of the ringing of the bells of freedom and liberty due its people If these be achieved and the house divided it surely will no longer stand and might more easily be enslaved The work you hold in your hand is the first of a three volume series designed to inform you of whom our Founders actually were how they formed their beliefs how they fought with tyranny how they understood the vices due humanity and its relationship to corruptive government and how they implemented a system of limited authority to both promote liberty and check coercion and autocracy through both limited and separation of powers The relevance and gravity to fully understanding these facts even against the backdrop of difficulties with institutional slavery and illegal confiscatory actions of property is crucial for the survival of both our national and individual identities They intentionally structured our form of government to promote our God given and inalienable rights due us to protect of our labor private property and wealth against those within the ruling classes of the church state strongholds The time has fully arrived to allow our Founders to speak for themselves You should however hold no pre conceived biases one way or the other hold no fantastical favors for or against these men and women whom we identify as Founders nor hold anything but truth as your guide since it is quite possible that your historical frame of reference will be severely shaken It is best you simply strap in Tullius *Sex and the Founding Fathers* Thomas A. Foster,2014-01-17 Biographers journalists and satirists have long used the subject of sex to define the masculine character and political authority of America s Founding Fathers Tracing these commentaries on the Revolutionary Era s major political figures in *Sex and the Founding Fathers* Thomas Foster shows how continual attempts to reveal the true character of these men instead exposes much more about Americans and American culture than about the Founders themselves *Sex and the Founding Fathers* examines the remarkable and varied assessments of the intimate lives of George Washington Thomas Jefferson John Adams Benjamin Franklin Alexander Hamilton and Gouverneur Morris from their own time to ours Interpretations can change radically consider how Jefferson has been variously idealized as a chaste widower condemned as

a child molester and recently celebrated as a multicultural hero Foster considers the public and private images of these generally romanticized leaders to show how each generation uses them to reshape and reinforce American civic and national identity

**A War of Religion** James B. Bell, 2008-05-30 Examines the controversial establishment of the first Anglican Church in Boston in 1686 and how later political leaders John Adams Samuel Adams and John Wilkes exploited the disputes as political dynamite together with taxation trade and the quartering of troops topics which John Adams later recalled as causes of the American Revolution

**American Revolution** Spencer C. Tucker, 2018-09-14 With more than 1 300 cross referenced entries covering every aspect of the American Revolution this definitive scholarly reference covers the causes course and consequences of the war and the political social and military origins of the nation This authoritative and complete encyclopedia covers not only the eight years of the American Revolutionary War 1775 1783 but also the decades leading up to the war beginning with the French and Indian War and the aftermath of the conflict with an emphasis on the early American Republic Volumes one through four contain a series of overview essays on the causes course and consequences of the American Revolution followed by impeccably researched A Z entries that address the full spectrum of political social and military matters that arose from the conflict Each entry is cross referenced to other entries and also lists books for further reading In addition there is a detailed bibliography timeline and glossary A fifth volume is devoted to primary sources each of which is accompanied by an insightful introduction that places the document in its proper historical context The primary sources help readers to understand the myriad motivations behind the American Revolution the diplomatic military and political maneuvering that took place during the conflict and landmark documents that shaped the founding and early development of the United States

To Dare More Boldly John C. Hulsman, 2018-04-03 Ten lessons from history on the dos and don'ts of analyzing political risk Our baffling new multipolar world grows ever more complex desperately calling for new ways of thinking particularly when it comes to political risk To Dare More Boldly provides those ways telling the story of the rise of political risk analysis both as a discipline and a lucrative high stakes industry that guides the strategic decisions of corporations and governments around the world It assesses why recent predictions have gone so wrong and boldly puts forward ten analytical commandments that can stand the test of time Written by one of the field's leading practitioners this incisive book derives these indelible rules of the game from a wide ranging and entertaining survey of world history John Hulsman looks at examples as seemingly unconnected as the ancient Greeks and

Romans the Third Crusade the Italian Renaissance America's founders Napoleon the Battle of Gettysburg the British Empire the Kaiser's Germany the breakup of the Beatles Charles Manson and Deng Xiaoping's China Hulsman makes sense of yesterday's world and in doing so provides an invaluable conceptual tool kit for navigating today's To Dare More Boldly creatively explains why political risk analysis is vital for business and political leaders alike and authoritatively establishes the analytical rules of thumb that practitioners need to do it effectively **Machiavelli's Liberal Republican Legacy** Paul

A. Rahe, 2005-11-14 The significance of Machiavelli's political thinking for the development of modern republicanism is a matter of great controversy In this volume a distinguished team of political theorists and historians reassess the evidence examining the character of Machiavelli's own republicanism and charting his influence on Marchamont Nedham James Harrington John Locke Algernon Sidney John Trenchard Thomas Gordon David Hume the Baron de Montesquieu Benjamin Franklin George Washington John Adams Thomas Jefferson James Madison and Alexander Hamilton This work argues that while Machiavelli himself was not liberal he did set the stage for the emergence of liberal republicanism in England By the exponents of commercial society he provided the foundations for a moderation of commonwealth ideology and exercised considerable if circumscribed influence on the statesmen who founded the American Republic Machiavelli's Liberal Republican Legacy will be of great interest to political theorists early modern historians and students of the American political tradition The Founding Myth Andrew L Seidel, 2019-05-14 Do In God We Trust the Declaration of Independence and other historical evidence prove that America was founded on Judeo Christian principles Are the Ten Commandments the basis for American law A constitutional attorney dives into the debate about religion's role in America's founding In today's contentious political climate understanding religion's role in American government is more important than ever Christian nationalists assert that our nation was founded on Judeo Christian principles and advocate an agenda based on this popular historical claim But is this belief true The Founding Myth answers the question once and for all Andrew L Seidel a constitutional attorney at the Freedom from Religion Foundation builds his case point by point comparing the Ten Commandments to the Constitution and contrasting biblical doctrine with America's founding philosophy showing that the Bible contradicts the Declaration of Independence's central tenets Thoroughly researched this persuasively argued and fascinating book proves that America was not built on the Bible and that Christian nationalism is in fact un-American

also for enjoying ourselves and having fun The Alternative Kitchen Garden is the ideal companion for anyone getting dirt under their fingernails for the first time and full of fascinating ideas and experiments for the adventurous gardener A self confessed cyber geek Emma documents the transformation of her ropey old lawn with potholes and brambles into a fertile and abundant permaculture plot via Internet radio and a popular blog site Eight years of her postings and stories have been collected in here illustrated with beautiful color photographs and arranged into easily accessible alphabetical order The Alternative Kitchen Garden An A Z covers subjects as diverse as growing achocha a forgotten Incan crop to zucchinis Emma s style is light and friendly yet at the same time informative and based on personal experience you feel you could actually be sitting in the garden chatting face to face as she shares her knowledge and experience The Literary Quest for an American National Character Finn Pollard,2009-01-14 Through key literary works of revolutionary and early national America by writers both well known Washington Irving and James Fenimore Cooper and more obscure John Neal and Jonas Clopper this book shows how American national character was born and remained in bitter debate in the nation s formative years Life After Power Jared Cohen,2024-02-13 This informative highly readable The Wall Street Journal New York Times bestselling book from the author of the bestseller Accidental Presidents explores what happens after the most powerful job in the world President of the United States Former presidents have an unusual place in American life King George III believed that George Washington s departure after two terms made him the greatest character of the age But Alexander Hamilton worried former presidents might wander among the people like ghosts They were both right Life After Power tells the stories of seven former presidents from the Founding to today Each changed history Each offered lessons about how to decide what to do in the next chapter of life This book follows the exceptional lives of past presidents including Thomas Jefferson whose time after the White House saw him shaping public debates and founding the University of Virginia an accomplishment he included on his tombstone unlike his presidency John Quincy Adams who served in Congress and became a leading abolitionist passing the torch to Abraham Lincoln Grover Cleveland who was the only president in American history to serve a nonconsecutive term William Howard Taft who became Chief Justice of the Supreme Court Herbert Hoover who shaped the modern conservative movement led relief efforts after World War II reorganized the executive branch and reconciled John F Kennedy and Richard Nixon Jimmy Carter who had the longest post presidency in American history advancing humanitarian causes human rights and peace George W Bush who made a clean break from politics bringing back George Washington s precedent and reminding the public that the institution of presidency is bigger than any person Jared Cohen explores the untold stories in the final chapters of these presidents lives offering a unique and fascinating look at how seven individuals made the transition from the most powerful position in the world to consequential and fulfilling lives post presidency Condoleezza Rice 66th Secretary of State He tells how they handled very human problems of ego finances and questions about their legacy and mortality He shows how these men made history after they left the White House **Our Human**

**Herds: The Theory of Dual Morality (Second Edition, Unabridged)** Stephen Martin Fritz, 2019-05-14 Let us imagine that somewhere in present day South America a nation exists as the United States was constituted in 1789 George Washington is its president and Thomas Jefferson its secretary of state It is a nation that allows only white males to vote and its president cabinet officials and many of its citizens own slaves If the America of 1789 existed right now what would we think of it Would it be right to invade it in order to liberate its people Would we consider a complete embargo of it until it changed its ways Would it be a pariah among nations Or would we recognize and cooperate with it declaring its president and secretary of state political geniuses Maybe we would just do nothing and trust that in 100 or so years it will straighten itself out What would be the correct way to think of such a nation and its leaders Three hundred years ago if a woman was raped and became pregnant we d kill the rapist and spare the baby Today we spare the rapist and kill the baby One hundred years ago only heterosexual marriages were legal Today political leaders around the world are celebrating gay relationships How and why does our moral outlook change in such matters By the time you are done reading this book you will have concrete answers to these questions and many more This is a learned thoroughly researched study and dazzlingly bright The effervescent approach to writing makes its pages fly by Studies as brilliant as this one deserve a far wider audience An engrossing and mind expanding examination of morality Kirkus Reviews     *The Free Sea* James Kraska, Raul A Pedrozo, 2018-06-15 The Free Sea offers a unique single volume analysis of incidents in American history that affected U S freedom of navigation at sea The book spans more than 200 years beginning in the Colonial era with the Quasi War with France in 1798 and extending to contemporary Freedom of Navigation operations in the South China Sea Through wars and numerous crises with North Korea North Vietnam Cambodia Iran Russia and China freedom of navigation has been a persistent challenge for the United States a nation reliant on open seas for economic prosperity military security and global order This volume focuses on the struggle to retain freedom of the seas Challenges to U S warships and maritime commerce have pushed and continue to challenge the United States to vindicate its rights through diplomatic legal and military means underscoring the need for the strategic resolve in the global maritime commons     *Arguing with Idiots* Glenn Beck, Kevin Balfe, 2009-09-22 Glenn Beck the New York Times bestselling author of The Great Reset provides the ultimate handbook for tackling and winning life s most important arguments FUNNY FRIGHTENING TRUE The 1 New York Times bestseller that gives you the right answers when idiots leave you speechless It happens to all of us You re minding your own business when some idiot informs you that guns are evil the Prius will save the planet or the rich have to finally start paying their fair share of taxes Just go away you think to yourself but they only get more obnoxious Your heart rate quickens You start to sweat But never fear for Glenn Beck has stumbled upon the secret formula to winning arguments against people with big mouths and small minds knowing the facts And this book is full of them The next time your Idiot Friends tell you how gun control prevents gun violence you ll tell them all about England s handgun ban see page 53 When they insist that we should copy the

UK's health care system you'll recount the horrifying facts you read on page 244. And the next time you hear how produce prices will skyrocket without illegal workers you'll have the perfect rebuttal from page 139. Armed with the ultimate weapon, the truth, you can now tolerate and who knows maybe even enjoy your encounters with idiots everywhere. Idiots can't be identified through voting records, look instead for people who hide behind stereotypes, embrace partisanship, and believe that bumper sticker slogans are a substitute for common sense.
