Buhk,2024-07-11 In March 1863 news of a controversial draft law hit the streets of Detroit as local saloonkeeper William Faulkner stood trial for raping two young girls The sensational trial and accompanying lurid coverage in local newspapers inflamed festering racial animosities resulting in an event dubbed the bloodiest day that ever dawned upon Detroit The Detroit riot of 1863 permanently altered the city s social landscape and later spurred the establishment of Detroit s first metropolitan police department This history of the Detroit riot of 1863 illustrates the unique and complex social dynamic of Detroit during the Civil War Featuring eyewitness testimonies from rare and seldom seen court records and trial transcripts the book identifies the ringleaders examines factors leading to the riot and analyzes Faulkner's trial in the context of political The Gloucestershire directory, by R. Gell & T. Bradshaw R. Gell, 1820 Global Crusoe Ann Marie events Fallon, 2016-04-22 Global Crusoe travels across the twentieth century globe from a Native American reservation to a Botswanan village to explore the huge variety of contemporary incarnations of Daniel Defoe's intrepid character In her study of the novels poems short stories and films that adapt the Crusoe myth Ann Marie Fallon argues that the twentieth century Crusoe is not a lone struggling survivor but a cosmopolitan figure who serves as a warning against the dangers of individual isolation and colonial oppression Fallon uses feminist and postcolonial theory to reexamine Defoe s original novel and several contemporary texts showing how writers take up the traumatic narratives of Crusoe in response to the intensifying

transnational and postcolonial experiences of the second half of the twentieth century Reading texts by authors such as Nadine Gordimer Bessie Head Derek Walcott Elizabeth Bishop and J M Coetzee within their social historical and political contexts Fallon shows how contemporary revisions of the novel reveal the tensions inherent in the transnational project as people and ideas move across borders with frequency if not necessarily with ease In the novel Robinson Crusoe S discovery of Friday's footprint fills him with such anxiety that he feels the print like an animal and burrows into his shelter Likewise modern readers and writers continue to experience a deep anxiety when confronting the narrative issues at the center of Crusoe s story Liminal Postmodernisms ,1994 The Gloucestershire Directory ... By R. Gell & T. Everybody's Magazine ,1913 Clues from the Couch Laird R. Blackwell, 2022-06-07 The detective Bradshaw, 1820 story the classic whodunit with its time displacement structure of crime according to most literary historians is of relatively recent origin Early in its development the whodunit was harshly criticized for its tightly formula bound structure Many critics prematurely proclaimed the death of the whodunit and even of detective fiction altogether Yet today the genre is alive as contemporary authors have brought it into modern times through a significant integration of elaborate character development and psychology With the modern psychological detective story emerging from the historical cauldron of detective fiction and early psychology the genre continues to develop a complexity that reflects and guides the literary sophistication needed This book the first of its kind analyzes over 150 whodunit novels and short stories across the decades from The Moonstone to the contemporary novels that saved the genre from an ignominious death Anglophone Literary Culture Robin Hammerman, 2009-03-26 Taken together the fourteen essays in this collection contribute to the discourse of social conditions for literary women The essays examine relevant social intellectual and professional questions about the ways in which women writers contributed to conceptions of womanhood in nineteenth and twentieth century Anglophone literary culture Contributors to this collection describe and examine several nineteenth and twentieth century women writers responses to patriarchal assumptions about literary merit in genres including poetry and fiction Womanhood in Anglophone Literary Culture Nineteenth and Twentieth Century Perspectives will be of special interest to students and faculty of women s studies and literature written in the English language Decisions of the Court of Women Without Men Donald J. Greiner, 1993 Donald J Greiner's provocative Session Scotland. Court of Session,1798 new study evaluates the fiction of ten contemporary female novelists to ask questions about gender relations in American fiction Looking closely at the reaction of female writers to what Greiner describes as a central paradigm of American literature men bonding in the wilderness in an attempt to escape women and the social restrictions they represent Greiner contends that female novelists have not only adopted the venerable model but also adapted it so that women venture into the wilderness while excluding men from the quest Greiner first shows how such contemporary white male novelists as Frederick Busch John Irving and Larry Woiwode modify the literary model established by Cooper Melville and Twain to include women

in the bonding process He then argues that recent female novelists are not so eager to allow males into the wilderness or to bond with them Rather than facilitate a closing of the gender gap many contemporary female writers insist on separating the sexes Greiner frames his analysis with discussions of prominent feminist literary theorists and feminist psychologists including Carolyn Heilbrun Rachel Brownstein Nancy Chodorow Janice Raymond and Judith Kegan Gardiner From close readings of recent novels by Gloria Naylor Marianne Wiggins Joan Didion Diane Johnson Marilynne Robinson Mona Simpson Hilma Wolitzer Meg Wolitzer Joan Chase and Lisa Alther Greiner finds three significant differences in the way contemporary female novelists employ the quest plot the patriarchal text is not repudiated but revised to accommodate female characters who readily accept the traditional masculine call to the quest once outside the bounds of society female bonds do not always hold males are excluded from the bonding process To contrast the gender exclusivity favored by contemporary female writers Greiner ends his study with a discussion of bonding as portrayed by contemporary male novelist Douglas Ungar The Veterinarian ,1859
