John Locke Revisited

George H. Nash

John Locke Revisited:

John Locke Revisited Kevin Lee Cope, 1999 John Locke was the most renowned philosopher aesthetician ethicist and political scientist of the later seventeenth century Who was this eccentric figure who at various times in his life held patronage political appointments worked as a freelance medical doctor bided time in exile floated through non conforming counter cultures restored himself at health spas and played with scientific apparatus It is this elusive gentleman that Kevin Cope seeks out in *John Locke Revisited* After a careful study of the many different aspects of Locke s work and personality Cope offers an entirely new yet more holistic view than may be found in previous studies By taking into account the many different aspects of Locke s character and by carefully examining his lasting contributions to such divergent fields as politics and religion Cope s book is the first such volume to offer an integrated portrait of Locke In *John Locke Revisited* Kevin Cope offers us a comprehensive view of a true Renaissance man who exerted a lasting degree of influence throughout the English Enlightenment and into the modern day world BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

John Locke's Two Treatises of Government Edward J. Harpham, 1992 The past thirty years have witnessed a renaissance in Lockean scholarship New work and new thinking has now recast our most basic comprehension of John Locke 1623 1704 as a political theorist and of Locke s *Two Treatises of Government* as a historical document This collection of essays investigates the implications of the new scholarship for our understanding of Locke s political thought and its impact upon the liberal tradition John Locke s *Two Treatises of Government* has long been recognized as one of the great works of political philosophy Three centuries after it was written students and scholars continue to study it for insights into the intellectual origins of the modern world and for a better understanding of such fundamental concepts as natural rights social contract limited government and the rule of law The seven essays in this volume explore various dimensions of Locke s *Two Treatises* The introductory essay places the new scholarship in a historical context The next four essays show how this recent literature has affected our view of particular aspects of the *Two Treatises* its theory of politics its religious underpinnings its theory of rationality and its conception of the relationship between politics and economics The final two essays discuss how the new scholarship has changed our understanding of the impact of the *Two Treatises* upon political thought in the eighteenth and late twentieth centuries Included at the end of the text is an extended secondary bibliography on John Locke s *Two Treaties* These essays do not seek closure Nor do they set forth a single correct interpretation Instead they offer readers a deeper appreciation of how our view of Locke s *Two Treatises* has changed over the last three decades and the importance of those changes in understanding of the liberal tradition A solid contribution to the literature bringing together some of the best new scholarship on Locke and reflecting the diversity breadth and depth of the current debate on both Locke and early liberalism The editor s selection clearly demonstrates there is no single orthodox reading of Locke and conveys the intellectually lively debate that pervades the field today Ronald J Terchek author of *Locke Smith Mill and the*

Liberal Concept of Agency **John Locke** Karen Iversen Vaughn,2012-10-22 In John Locke Economist and Social Scientist Karen Iversen Vaughn presents a comprehensive treatment of Locke s important position in the development of eighteenth century economic thought **John Locke's Liberalism** Ruth W. Grant,2010-08-15 In this work Ruth W Grant presents a new approach to John Locke s familiar works Taking the unusual step of relating Locke s Two Treatises to his Essay Concerning Human Understanding Grant establishes the unity and coherence of Locke s political arguments She analyzes the Two Treatises as a systematic demonstration of liberal principles of right and power and grounds it in the epistemology set forth in the Essay **Laslett and Beyond** Tapani Turkka,2004 **The Dilemmas of American Conservatism** Kenneth L. Deutsch,Ethan M. Fishman,2010-08-18 In the second half of the twentieth century American conservatism emerged from the shadow of New Deal liberalism and developed into a movement exerting considerable influence on the formulation and execution of public policy in the United States During that period the political philosophers who provided the intellectual foundations for the American conservative movement were John H Hallowell Eric Voegelin Leo Strauss Richard Weaver Russell Kirk Robert Nisbet John Courtney Murray Friedrich Hayek and Willmoore Kendall By offering a comprehensive analysis of their thoughts and beliefs The Dilemmas of American Conservatism both illuminates the American conservative imagination and reveals its most serious contradictions The contributing authors question whether a core set of conservative principles can be determined based on the frequently diverging perspectives of these key philosophers **John Locke: The Philosopher as Christian Virtuoso** Victor Nuovo,2017-08-25 Early modern Europe was the birthplace of the modern secular outlook During the seventeenth century nature and human society came to be regarded in purely naturalistic empirical ways and religion was made an object of critical historical study John Locke was a central figure in all these events This study of his philosophical thought shows that these changes did not happen smoothly or without many conflicts of belief Locke in the role of Christian Virtuoso endeavoured to resolve them He was an experimental natural philosopher a proponent of the so called new philosophy a variety of atomism that emerged in early modern Europe But he was also a practising Christian and he professed confidence that the two vocations were not only compatible but mutually sustaining He aspired without compromising his empirical stance to unite the two vocations in a single philosophical endeavour with the aim of producing a system of Christian philosophy **Hayek Revisited** Boudewijn Bouckaert,Annette Godart-Van der Kroon,2000 Eleven contributors among them philosophers economists historians and political scientists from the United States and Europe present an overview of the intellectual influences and historical events which inspired Hayek and examine the idea of spontaneous order They also describe Hayek s reasons for rejecting constructivism in favor of an evolutionary approach to economics political theory and legal theory They also consider major topics in his work such as the welfare state the neutrality of the state the morality of social cooperation the rule of law and the concepts of totalitarianism and freedom

Annotation copyrighted by Book News Inc Portland OR *Champions of a Free Society* Edward W. Younkins,2008-08-25

This book is constructed around great thinkers of the past and present who have been influential in developing the philosophy of freedom Its main purpose is to provide a survey and overview of the ideas of leading individual philosophers and economists of capitalism who have contributed to developing what might be called the classical liberal or libertarian worldview Champions of a Free Society endeavors to provide a guide to political and economic thinking about the desirability and construction of a free society that is intelligible to the educated layperson Edward Younkins provides an historical perspective of the pursuit of political and economic truth The goal of this book is to present the development of ideas in language that permits generally educated readers to understand and appreciate their significance The book s chronological approach considers the thinkers and their ideas as they have developed over the course of time There is much unfulfilled illuminative potential to be found in the ideas of the past and Younkins successfully integrates the ideas of past and current thinkers into a logical contemporary worldview

The Conservative Intellectual Movement in America Since 1945

George H. Nash, 2023-03-28 First published in 1976 George H Nash s celebrated history of the postwar conservative intellectual movement has become the unquestioned standard in the field This new edition published in commemoration of the book s thirtieth anniversary includes a new preface and conclusion by the author and will continue to instruct anyone interested in how today s conservative movement was born

America's Philosopher Claire Rydell Arcenas, 2024-05-31 America s Philosopher examines how John Locke has been interpreted reinterpreted and misinterpreted over three centuries of American history The influence of polymath philosopher John Locke 1632 1704 can still be found in a dizzying range of fields as his writings touch on issues of identity republicanism and the nature of knowledge itself Claire Rydell Arcenas s new book tells the story of Americans longstanding yet ever mutable obsession with this English thinker s ideas a saga whose most recent manifestations have found the so called Father of Liberalism held up as a right wing icon The first book to detail Locke s trans Atlantic influence from the eighteenth century until today America s Philosopher shows how and why interpretations of his ideas have captivated Americans in ways few other philosophers from any nation ever have As Arcenas makes clear each generation has essentially remade Locke in its own image taking inspiration and transmuting his ideas to suit the needs of the particular historical moment Drawing from a host of vernacular sources to illuminate Locke s often contradictory impact on American daily and intellectual life from before the Revolutionary War to the present Arcenas delivers a pathbreaking work in the history of ideas

Launching Liberalism Michael P. Zuckert, 2002 In this volume prominent political theorist Michael Zuckert presents an important and pathbreaking set of meditations on the thought of John Locke In more than a dozen provocative essays many appearing in print for the first time Zuckert explores the complexity of Locke s engagement with his philosophical and theological predecessors his profound influence on later liberal thinkers and his amazing success in transforming the political understanding of the Anglo American world At the same time he also demonstrates Locke s continuing relevance in current debates involving such prominent thinkers as Rawls and

MacIntyre Zuckert's careful reconsideration of Locke's role as launcher of liberalism involves a sustained engagement with the hermeneutical issues surrounding Locke an innovator who faced special rhetorical needs in addressing his contemporaries and the future It also involves highlighting the novelty of Locke's position by examining his stance toward the philosophical and religious traditions in place when he wrote Zuckert argues that neither of the dominant ways of understanding Locke's relations to his predecessors and contemporaries is adequate he is not well seen as a follower of any orthodoxy nor of any anti orthodoxy of his day either philosophical or theological He found a path to innovation that was philosophically radical but which was also able to connect with prevailing and accepted traditions That allowed him to exercise a practical influence in history rarely if ever matched by any other philosopher Zuckert illustrates that influence by showing how William Blackstone used Lockean philosophy to reshape the common law and how the Americans of the eighteenth century used Lockean philosophy to reshape Whig political thought Zuckert argues that Locke's philosophy has continuing philosophic and political force a proposition he demonstrates by arguing that Locke presents a form of political philosophy superior to that of the liberal theorists of our day and that he has solid rejoinders to contemporary critics of liberalism

The Photographic Uncanny Claire Raymond, 2019-11-23 This book argues for a renewed understanding of the fundamentally uncanny quality of the medium of photography It especially makes the case for the capacity of certain photographs precisely through their uncanniness to contest structures of political and social dominance The uncanny as a quality that unsettles the perception of home emerges as a symptom of modern and contemporary society and also as an aesthetic apparatus by which some key photographs critique the hegemony of capitalist and industrialist domains The book's historical scope is large beginning with William Henry Fox Talbot and closing with contemporary indigenous photographer Bear Allison and contemporary African American photographer Devin Allen Through close readings exegesis of individual photographs and careful deployment of contemporary political and aesthetic theory The Photographic Uncanny argues for a re envisioning of the political capacity of photography to expose the haunted homeless condition of modernity

John Locke, a Reference Guide Jean S. Yolton, John W. Yolton, 1985 Locke, Berkeley, Kant: 2nd edition Yasuhiko Tomida, 2015-07-01 Dieser Band enth lt Yasuhiko Tomidas bemerkenswerte Essays ber Locke Berkeley und Kant sowie einen Aufsatz der Denkanst e gibt und gemeinsam mit einem Experimental Physiker verfasst wurde Tomida behauptet dass der logische Platz der Theorie der Ideen urspr nglich naturalistisch ist im Quine schen Sinn des Begriffs und dass Berkeley und Kant ihn auf ihre jeweilige Weise entstellen Damit bietet der Autor eine v llig neue Perspektive auf die Historiographie der Theorie der Ideen Die durchgesehene und erweiterte zweite Auflage enth lt einen zus tzlichen Aufsatz ber Lockes holistische Logik Professor Tomida hat wertvolle neue Einsichten zum Verst ndnis von Lockes Text geliefert Wer auch immer an Lockes Darstellung des Wissens und der impliziten Ontologie des Essay interessiert ist sollte sein Werk sehr sorgf ltig studieren John W Yolton Der Verfasser ist zehn Jahre lang f r seine Grund berzeugung bez glich Locke eingetreten es gibt sicherlich vieles

was für seine Berkeley Interpretation spricht und seine Kenntnis der Texte und der Sekundärliteratur ist beeindruckend und selbst wenn Berkeley oder einer seiner Anhänger eine Verteidigung gegen den Vorwurf einer Entstellung versuchen wollten bin ich keineswegs überzeugt dass sie gewinnen würden Es macht mir immer Vergnügen Tomida zu lesen Was ich auch von Tomida lese es trägt zu meiner Hochachtung für ihn als Locke Experten bei Ian C Tipton This volume consists of Yasuhiko Tomida's notable essays on Locke Berkeley and Kant as well as a thought provoking article written in collaboration with an experimental physicist Tomida asserts that the logical space of the theory of ideas is originally naturalistic in Quine's sense of the term and that Berkeley and Kant distort it in their respective ways thus offering a wholly new viewpoint concerning the historiography of the theory of ideas The revised and enlarged second edition carries one more article on Locke's holistic logic Professor Tomida has brought some valuable fresh insights to the reading of Locke's text All those interested in Locke's account of knowledge and the implicit ontology of the Essay should examine his work very carefully John W Yolton The author has been arguing for his basic stance of Locke for these ten years his reading of Berkeley certainly does have a lot going for it and his knowledge on the texts and the secondary literature is impressive and even if Berkeley or a Berkeleian might attempt some sort of defence against that charge of a distortion I am not totally convinced that they'd win I always enjoy reading Tomida Everything I read by Tomida contributes to my respect for him as a Locke scholar Ian C Tipton

Return to the NEP Oscar J. Bandelin, 2002-12-30 No scholar denies Mikhail S Gorbachev's role in developing a new approach to Soviet socialism but most writers emphasize the radical departure from traditional Soviet ideology that perestroika seemed to represent This work presents perestroika as part of the continuum of European intellectual history It examines the sources of Gorbachev's thinking and action in 19th century thought the development of Russian Marxism through the intellectual crisis at the turn of the 20th century the pragmatic and philosophical challenges to the Marxist Leninist paradigm Stalinism and its critics and reform Communism in post World War II Eastern Europe Against this background the book argues that the decline and fall of Soviet Communism was much more deeply connected with ideological issues than most scholars have realized Bandelin presents fresh analyses of the impacts of major works and ideas such as Lenin's Materialism and Empirio Criticism the neglected Marxian concept of the Asiatic mode of production and the underlying relationship of East European reform Communism to perestroika He analyzes the major intellectual trends of perestroika in terms of these and other currents This study offers a perspective that challenges most of current scholarship on the issues it raises suggests new avenues for research and contributes to a broader overall understanding of the problems of Soviet socialism and Gorbachev's effort to solve them **Defending the Republic** Bruce Frohnen, Kenneth L. Grasso, 2022-10-07 In recent years our constitutional order has increasingly come under attack as irredeemably undemocratic racist and oppressive At the same time it is increasingly obvious that political practices in the United States have strayed very far from the founders' designs and become deeply dysfunctional The time is thus ripe for renewed reflection

about the American political tradition This volume reintroduces readers to the conservative tradition of political and constitutional discourse It brings together prominent political scientists and legal scholars all of whom were deeply influenced by the life and work of the eminent constitutional scholar George W Carey For over 40 years Carey strove mightily to explain the nature and requirements of our political tradition How it fostered meaningful virtuous self government and how our constitutional tradition has been derailed by progressivist ideology He is perhaps best known for his concept of constitutional morality the understanding that our republican constitutional order can be sustained only by a combination of formal mechanisms e g separation of powers and unwritten norms standards of behavior that act to foster deliberation and consensus as well as keep political actors within the boundaries of their constitutional offices Contributors including Francis Canavan Claes G Ryn Paul Edward Gottfried and Peter Augustine Lawler discuss and develop Carey s key insights applying them to issues from the nature of majoritarian government to the purposes of constitutionalism to the decline of virtue that has accompanied the expansion of power among national and international elites Each essay provides penetrating analysis of key aspects of our tradition its inherent purposes growth and subsequent derailment as well as the resources remaining within that tradition for the rebuilding of our constitutional order and a decent common life **Our Dear-Bought Liberty**

Michael D. Breidenbach, 2021-05-25 How early American Catholics justified secularism and overcame suspicions of disloyalty transforming ideas of religious liberty in the process In colonial America Catholics were presumed dangerous until proven loyal Yet Catholics went on to sign the Declaration of Independence and helped to finalize the First Amendment to the Constitution What explains this remarkable transformation Michael Breidenbach shows how Catholic leaders emphasized their church s own traditions rather than Enlightenment liberalism to secure the religious liberty that enabled their incorporation in American life Catholics responded to charges of disloyalty by denying papal infallibility and the pope s authority to intervene in civil affairs Rome staunchly rejected such dissent but reform minded Catholics justified their stance by looking to conciliarism an intellectual tradition rooted in medieval Catholic thought yet compatible with a republican view of temporal independence and church state separation Drawing on new archival material Breidenbach finds that early American Catholic leaders including Maryland founder Cecil Calvert and members of the prominent Carroll family relied on the conciliarist tradition to help institute religious toleration including the Maryland Toleration Act of 1649 The critical role of Catholics in establishing American church state separation enjoins us to revise not only our sense of who the American founders were but also our understanding of the sources of secularism Church state separation in America generally understood as the product of a Protestant driven Enlightenment was in key respects derived from Catholic thinking Our Dear Bought Liberty therefore offers a dramatic departure from received wisdom suggesting that religious liberty in America was not bestowed by liberal consensus but partly defined through the ingenuity of a persecuted minority **Paper, Ink, and Achievement** Kevin L. Cope, Cedric D. Reverand, 2020-10-16 AMS Press president Gabriel Hornstein stimulated the revival of

long eighteenth century studies sponsoring countless publications while creating a global audience for an obscure specialty Paper Ink and Achievement celebrates Hornstein through three sets of essays evaluating the influence of publishers on cultural legacies the effect of book enthusiasts on literary canons and favorite long eighteenth century literary modes Paper Ink and Achievement commemorates a publishing magnate whose temperate energy propelled his favorite discipline in multitudinous new directions

1650-1850 Kevin L. Cope, 2019-04-01 With issue twenty four of 1650 1850 this annual enters its second quarter century with a new publisher a new look a new editorial board and a new commitment to intellectual and artistic exploration As the diversely inventive essays in this first issue from the Bucknell University Press demonstrate the energy and open mindedness that made 1650 1850 a success continue to intensify This first Bucknell issue includes a special feature that explores the use of sacred space in what was once incautiously called the age of reason A suite of book reviews renews the 1650 1850 legacy of full length and unbridled evaluation of the best in contemporary Enlightenment scholarship These lively and informative reviews celebrate the many years that book review editor Baerbel Czennia has served 1650 1850 and also make for an able handoff to Samara Anne Cahill of Nanyang Technological University who will edit the book review section beginning with our next volume Most important of all this issue serves as an invitation to scholars to offer their most creative and thoughtful work for consideration for publication in 1650 1850 About the annual journal 1650 1850 1650 1850 publishes essays and reviews from and about a wide range of academic disciplines literature both in English and other languages philosophy art history history religion and science Interdisciplinary in scope and approach 1650 1850 emphasizes aesthetic manifestations and applications of ideas and encourages studies that move between the arts and the sciences between the hard and the humane disciplines The editors encourage proposals for special features that bring together five to seven essays on focused themes within its historical range from the Interregnum to the end of the first generation of Romantic writers While also being open to more specialized or particular studies that match up with the general themes and goals of the journal 1650 1850 is in the first instance a journal about the artful presentation of ideas that welcomes good writing from its contributors First published in 1994 1650 1850 is currently in its 24th volume ISSN 1065 3112 Published by Bucknell University Press Distributed worldwide by Rutgers University Press

Thank you very much for reading **John Locke Revisited**. Maybe you have knowledge that, people have look hundreds times for their favorite books like this John Locke Revisited, but end up in infectious downloads. While this might not be the John Locke Revisited full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based

access to a wide range of John Locke Revisited eBooks, including some popular titles.

FAQs About John Locke Revisited Books

What is a John Locke Revisited PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a John Locke Revisited PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a John Locke Revisited PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a John Locke Revisited PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a John Locke Revisited PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
