Collier, Jonathan Malloy, 2017-01-01 The Politics of Ontario is the first comprehensive book on Ontario's politics government and public policy since Graham White's *The Government and Politics of Ontario* in 1997 Ontario since Confederation Lori Chambers, Edgar-Andre Montigny, James Onusko, Dimitry Anastakis, 2024-10-01 In the more than two decades since the publication of *Ontario Since Confederation* A Reader Ontario Canada North America and the world have experienced a whirlwind of profound changes This new edition brings together leading scholars to present a new and expansive view of Ontario's social political and economic history Building on the strengths of the first edition the second edition reflects on the dramatic changes in historical practice and understanding that have marked the last two decades Taking a chronological approach and broadening the theme of state and society the book explores important topics such as the environment gender continentalism urban growth and Indigenous issues This timely update to *Ontario Since Confederation* features new and revised chapters as well as new discussion questions designed to stimulate and guide readers to make connections between and across the entire book Bringing together a wide range of perspectives approaches and frameworks *Ontario Since Confederation* sheds light on historical changes in Canada's most populous province across more than one and a half centuries *The Government and Politics of Ontario* Graham White, 1997-01-01 This textbook is the standard authority on the government and politics of Ontario Extensively revised and updated to reflect the early Harris era this edition also features a new section on change and continuity in the Ontario political system **Communicating in Canada's Past** Gene Allen, Daniel J. Robinson, 2009-01-01 The first collection of its kind this volume assembles both well established and up and coming scholars to address sizable gaps in the literature on media history in Canada The Big Blue Machine J. Patrick Boyer, 2015-10-10 The story of a formidable campaign organization the Big Blue Machine that ran a string of successful Progressive Conservative Party campaigns in several provinces over four decades Devoted to the art of winning campaigns it pioneered new techniques in polling advertising fundraising communications and policy development **Shaping the Metropolis** Zack Taylor, 2019-05-23 Rising income inequality and concentrated poverty threaten the social sustainability of North American cities Suburban growth endangers sensitive ecosystems water supplies and food security Existing urban infrastructure is crumbling while governments struggle to pay for new and expanded services Can our inherited urban governance institutions and policies effectively respond to these problems In *Shaping the Metropolis* Zack Taylor compares the historical development of American and Canadian urban governance both at the national level and through specific metropolitan case studies Examining Minneapolis St Paul and Portland Oregon in the United States and Toronto and Vancouver in Canada Taylor shows how differences in the structure of governing institutions in American states and Canadian provinces cumulatively produced different forms of urban governance Arguing that since the nineteenth century

American state governments have responded less effectively to rapid urban growth than Canadian provinces he shows that the concentration of authority in Canadian provincial governments enabled the rapid adoption of coherent urban policies after the Second World War while dispersed authority in American state governments fostered indecision and catered to parochial interests Most contemporary policy problems and their solutions are to be found in cities *Shaping the Metropolis* shows that urban governance encompasses far more than local government and that states and provinces have always played a central role in responding to urban policy challenges and will continue to do so in the future **Planning Toronto** Richard White, 2016-01-15 Paris is famous for romance Chicago the blues Buenos Aires the tango And Toronto Well Canada's largest urban centre is known for being a city that works a remarkably livable metropolis for its size In this lavishly illustrated book Richard White reveals how urban planning contributed to Toronto becoming a functional world class city Focusing on the period from 1940 to 1980 he examines how planners shaped the city and its development amid a maelstrom of local and international obstacles and influences Based on meticulous research of Toronto's postwar plans and supplemented by dozens of interviews *Planning Toronto* provides a comprehensive and lively explanation of how Toronto's postwar plans city metropolitan and regional came to be who devised them and what impact they had When it comes to the history of urban planning the question may not be whether a particular plan was good or bad but whether in the end it made a difference As White demonstrates in Toronto's case planning did matter just not always as expected **100 Fascinating Londoners** Michael Baker, Hilary Bates Neary, 2005-11-07 These brief biographies reflect a century and a half of London's history and reflect key events and fascinating adventures drawn from the lives of people from all walks of life who made a lasting impression on their hometown *E.C. Drury* Charles M. Johnston, 1986-12-15 In a fiercely fought provincial election in 1919 a new political movement came to power in Ontario The victorious party was the United Farmers of Ontario Its leader Ernest Charles Drury 1878-1968 became the province's eighth premier Idealistic agrarian reformer staunch temperance man free trade advocate Simcoe County yeoman and progressive populist Drury was a man of the people and of the land inevitably tagged the Farmer Premier In this biography Charles M Johnston follows the career of Drury through agrarian activism and partisan politics and explores the personal and ideological forces that directed him Drury began his career in the farm movement as leader of the Dominion Grange and Farmers Alliance He went on to act as the driving force behind the Canadian Council of Agriculture and then co-founded the UFO in 1913 Activist though he was Drury as a premier sought no dramatic departures from established political procedures When others of his party did notably J J Morrison and W C Good Drury disavowed their class consciousness and their formula of group government Instead he advocated the creation of a people's party based on what he called Broadening Out an appeal to all citizens regardless of class occupation or political stripe who were seen to share the farmer's desire for a more humane moral and progressive society in the wake of the First World War The question of Broadening Out was a controversial one within agrarian ranks and it led to dissension among the

leaders This weakening of the party combined with the shrewd tactics of Howard Ferguson's Tories to bring about the Drury government's downfall in 1923 During its four years in power it had enacted some solid social welfare legislation but its defeat was resounding With it came the effective end of Drury's political career Johnston offers a revealing study of a brief chapter in Ontario history and of the man whose principles and ideals shaped it **Old Man Ontario** Roger

Graham, 1990-12-15 For most of the twentieth century Progressive Conservatives have governed Ontario One of the great consolidators of the Ontario Tory dynasty was Leslie Frost premier from 1949 to 1961 This biography explores the life and career of one of the province's most successful politicians Frost was born in Orillia in central Ontario in 1895 He served in the First World War was severely wounded and underwent a lengthy convalescence In 1921 he graduated from Osgoode Hall and established a law practice in Lindsay with his brother He became an active member of the Conservative party and was elected to the provincial legislature in 1937 during the years of Liberal government under Mitchell Hepburn When the Conservatives came into power in 1943 Premier George Drew appointed Frost provincial treasurer and minister of mines Six years later when Drew stepped down as party leader Frost succeeded him Personally genial and politically pragmatic Frost consciously exemplified the values of small town Ontario He led his party through three elections and swept to victory each time During his term in office Ontario underwent enormous economic development His government initiated progressive legislation in health education and human rights and encouraged growth in the private sector through fiscal policy and public investment Ironically the burgeoning economy that was fuelled by Frost's programs led to a dramatic increase in urbanization and a substantial erosion of the small town values on which his political image was built But that small irony did no political harm to him or to the Tories When he stepped down as party leader and premier in 1961 he handed over to John Robarts the reins of a party that was not to be shaken from power for another quarter of a century One Hundred Rings and Counting Mark Kuhlberg, 2009-01-01 Looks at the history of forestry education and the forestry faculty at the University of Toronto **Warring Sovereignties** adam strömbergsson-denora, 2020-12-01 Warring Sovereignties explores the battle

between religious and non secular cultures for control of the university in the 1960s Canon law with particular emphasis on Oblate norms was a clear expression of Catholic sovereignty in the university While this sovereignty conditioned Oblate governance choices the Government of Ontario became increasingly keen on reforming the University of Ottawa into a non denominational corporation Government pressure was coupled with shifting cultural expectations of the university's social role while an increasingly lay professorate helped put pressure on the Oblates from within These twin pressures for removing religious control irked the Oblates who put up stiff resistance betraying their reticence to the liberalization of higher education While the government valued social policy the Oblates focused on educating individuals Although the Oblates ultimately lost history is as relevant as ever and this book comes at a time when social planning is becoming increasingly prevalent within universities Published in English **Hall-Dennis and the Road to Utopia** Josh Cole, 2021-07-15 The

quarter century that followed the end of the Second World War was marked by intense social and economic transformation the changing face of postwar capitalism a revolution in communications technology the rise of youth culture and the pronounced ascent of individual freedom all contributed to a dramatic push to remake and thus improve society This push was especially felt within education the primary vehicle for modernizing the postwar world from the ground up Hall Dennis and the Road to Utopia explores this moment of renewal through a powerful and influential education reform project 1968 s Living and Learning The Report of the Provincial Committee on Aims and Objectives of Education in the Schools of Ontario The Hall Dennis report as it became known urged Ontarians to accept a new vision of education in which students were no longer organized in classes their progress no longer measured by grades and their experience no longer characterized by the painful acquisition of subjects but rather by a joyous and open ended process of learning This new democratic system of education was associated with the highest ideals of postwar progress liberalism and humanism yet its recommendations were paradoxically both profoundly radical and fundamentally conservative Its avant garde research strategies and controversial post literate curricular reforms were balanced by a pedagogical approach designed to mould students into obedient citizens and productive economic actors As Canadians once again find themselves asking fundamental questions about the aims and objectives of education under radically changing circumstances Josh Cole revisits Hall Dennis to show how the committee and its report represent a significant moment in Canadian cultural and political history a prescient document in the history of education and a revealing expression of the fragmentary circumstances of global modernity in the second half of the twentieth century

Sudbury C.M. Wallace,1996-07-25 At the turn of the century Sudbury was a town set on the railway line with a population of about 2 000 The community was smaller than Sault Ste Marie and Copper Cliff to the west and to the east North Bay and Pembroke Now nearly 100 years later Sudbury is the largest city in northeastern Ontario it is also the centre of many governmental business social educational media medical and other professional services in the region Sudbury Rail Town to Regional Capital which honours the centenary of the community s incorporation as a town in 1893 analyses Sudbury decade by decade describing the ongoing changes in the community and their impact on citizens The book also examines the forces that shaped the city s destiny and argues that Sudbury is far more than a single industry town based on mining Grounded in new research and written in an accessible style by a team of local scholars the book with numerous maps and photographs will appeal to urban historians as well as the general reader both within and beyond the city

Patrick Boyer, 2008-07-29 This richly detailed biography illustrates how a determined Canadian seeking justice created an enduring legacy Through vigorous battles Jim McRuer's passion for justice was translated into laws that daily touch and protect the lives of millions today James Chalmers McRuer was not easy to get along with or even much liked by many lawyers who dubbed him Vinegar Jim Yet countless others saw him as heroic inspirational a man above and apart from his times His resolute focus on justice changed the lives of married women with no property rights children without legal protection aboriginals caught in the whipsaw of traditional hunting practices and imposed game laws and prisoners locked away and forgotten Environmental degradation and those causing it murderers stock fraud artists and Cold War spies all came within the ambit of J C McRuer's sharp legal mind and passion for justice Upon turning 75 McRuer embarked on his most important work of all becoming Canada's greatest law reformer and remaining active into his 90s *Mike Starr of Oshawa* Myron Momryk, 2018-01-23 Mike Starr had a remarkable career in Canadian politics In June 1957 he was appointed Minister of Labour in John Diefenbaker's cabinet and created a sensation especially among Canadian ethnocultural groups He made political history as the first Ukrainian Canadian appointed to federal cabinet As Minister of Labour Starr was faced with numerous national problems including seasonal unemployment regional disparities union negotiations and emerging militant nationalism in Quebec When the Diefenbaker government was defeated in the 1963 federal election Starr returned to his earlier role as Member of Parliament With the changing Canadian political environment he was defeated by a tiny margin in the 1968 federal election Starr continued his distinguished career of public service from 1968 to 1980 He promoted the increasing involvement of ethnocultural groups in Canada political life In recent decades it has become a political norm to have members of various ethnocultural and visible minority groups elected to the House of Commons and appointed to Cabinet and other senior government positions For breaking this barrier Mike Starr was indeed a pioneer in Canadian politics Published in English **The Guardian** Institute of Public Administration of Canada, 2011-01-01 Finance departments have often been portrayed as guardians of the public purse In *The Guardian* a multidisciplinary group of contributors examines the Ministry of Finance of Ontario since the Second World War During the last sixty years the Ministry was transformed from a relatively small Treasury to a sophisticated policy machine What started as a modest bookkeeping operation evolved into a key bureaucratic and policy agency as the government of Ontario assumed a leadership position in developing the province These essays reveal Ontario's finance as a dynamic policy issue shaped by the personalities of premiers and ministers the energies of public servants at all levels and a critical dialogue between political and

administrative worlds Drawing on different methodologies this collection profiles a ministry as policy entrepreneur spender revenue generator capacity builder budget director program manager and intergovernmental agent The Guardian fills a significant gap in public administration literature and in so doing describes how Ontario s Ministry of Finance defined its role as guardian
