Simut, 2019-10-01 Richard Hooker and his Early Doctrine of Justification explores the doctrine of justification the doctrine of faith and grace and the doctrine of Scripture and use of reason in the early theology of Richard Hooker In order to prove that Hooker was a Protestant Reformed theologian Simut concentrates on Hooker's doctrine of justification as reflected in his Learned Discourse of Justification which is the most important work of his early theology Unlike previous books on Hooker which use primarily the theology of Luther and Calvin to draw conclusions this book brings together quotations and ideas from the works of Luther Melancthon Zwingli Bucer Calvin and Beza to show that Hooker was a Protestant Reformed theologian Simut also discusses the theological context of Hooker's career by offering an analysis of the doctrine of justification in the theology of John Jewel John Whitgift Hooker's patrons and Thomas Cartwright and Walter Travers Hooker's Puritan opponents The Theology of Heinrich Bullinger William Peter Stephens, 2019-10-07 W P Stephens last work before his untimely death was a volume on the theology of Heinrich Bullinger This work was virtually fully completed save the chapter on the Lord's Supper and has been edited by Joe Mock and Jim West at the wishes of the author and presents the theology of Bullinger following the same pattern of presentation as Stephens utilized in his work on the Theology of Huldrych Zwingli Each major theological topic is treated and fully described

The Doctrine of Justification Arthur W. Pink, 2016-09-25 With the topic of justification by either the church or by God such an issue in the time of the reformation it is not surprising that some writers still find issue with it today This book outlines a puritan view that justification puts you in a state of righteousness before God and that only God can make this change in the life and continued life of the believer

Justification and Sanctification Peter Toon, 2018-01-11 In the sixteenth century the Western Church was rent asunder by the quarrel over justification Today scholars from churches on both sides of the controversy are carefully rethinking the question Dr Toon shows how contemporary biblical scholarship and exegesis are attempting to resolve the thorny question of justification without compromising the integrity of either side Provocative and far reaching in its analysis and conclusions Justification and Sanctification gives the student an invaluable introduction while providing the

scholar a fresh look at the issue Paul in the Summa Theologiae Matthew Levering, 2014 Aquinas's commentaries on St Paul are well known and have received significant attention in the past few years. It is widely known too that Aquinas quotes Paul often in the Summa theologiae. This aspect of the Summa however has not been studied in detail. This book seeks to fill that lacuna in scholarship.

The Christian System Alexander Campbell, 1901 **Justification as the Speech of the Spirit** Jeffrey K. Anderson, 2021-08-10 In the past few decades there have been an increasing number of authors and movements that reject the classic Protestant understanding of justification e.g. the New Perspective on Paul, Auburn Avenue Theology, the Renewal Movement etc. While the various proposals differ in many respects, they are generally united in their rejection of justification as a legal declaration made by the Father about the believer based on the work of the Son. In particular, among renewal, Pentecostal, Charismatic authors, there have been several attempts to redefine justification, insisting that it is an umbrella term incorporating numerous redemptive ideas rather than a declaration of the believer's righteousness. These attempts are in part rooted in the absence of any overt pneumatology in the doctrine's typical formulation. One need only read the above sentences to see that there is no mention of the Holy Spirit. This book addresses these and other concerns, especially by renewal authors, and demonstrates that the doctrine is in fact pneumatologically informed, albeit latently rather than blatantly. As a result, there is no need to redefine the theology of the Reformers and their successors.
