Grammar Of Meithei

**J?hanna Bar?dal, Shobhana Lakshmi
Chelliah**

Grammar Of Meithei:

A Grammar of Meithei Shobhana Lakshmi Chelliah, 2011-07-22 The series builds an extensive collection of high quality descriptions of languages around the world Each volume offers a comprehensive grammatical description of a single language together with fully analyzed sample texts and if appropriate a word list and other relevant information which is available on the language in question There are no restrictions as to language family or area and although special attention is paid to hitherto undescribed languages new and valuable treatments of better known languages are also included No theoretical model is imposed on the authors the only criterion is a high standard of scientific quality To discuss your book idea or submit a proposal please contact Birgit Sievert

A Grammar of Mongsen Ao A.R. Coupe, 2008-08-27 A Grammar of Mongsen Ao the result of the author's fieldwork over a ten year period presents the first comprehensive grammatical description of a language spoken in Nagaland north east India The languages of this region remain under documented for a number of historical reasons During the nineteenth and early twentieth centuries the widespread cultural practice of head hunting discouraged outsiders from entering the Naga Hills Shortly after Indian independence in 1947 an armed rebellion by Naga separatists and a government policy of restricting access to the troubled area ensured that Nagaland remained a difficult place to conduct research In this context A Grammar of Mongsen Ao offers valuable new insights into the structure of a Tibeto Burman language spoken in a linguistically little known region of the world The grammatical analysis documents all the functional domains of the language and includes four glossed and translated texts the latter being of interest to anthropologists studying folklore Mongsen Ao is a highly agglutinating mostly suffixing language with predominantly dependent marking characteristics Its grammar demonstrates a number of typologically interesting features that are described in detail in the book Among these is an unusual case marking system in which grammatical marking is motivated by semantic and pragmatic factors and a rich verbal morphology that produces elaborate sequences of agglutinative suffixes Grammaticalisation processes are also discussed where relevant thereby extending the appeal of the book to linguists with interests in grammaticalisation theory This book will be of value to any linguist seeking to clarify genetic relationships within the Tibeto Burman family and it will serve more broadly as a reference grammar for typologists interested in the typological features of a Tibeto Burman language of north east India

Languages of the Himalayas George van Driem, 2022-09-12 The survey work Languages of the Himalayas provides a bird's eye view of Himalayan languages and language communities It also constitutes a primary source for much new hitherto unpublished data on several languages The demographic mosaic of the Himalayas today is viewed in a historical and comparative linguistic perspective The reader will find an outline of the historical and prehistorical developments that have determined the modern ethnolinguistic composition of the Himalayan region involving various independent linguistics stocks or language families Maps illustrate the distribution of language communities and trace the routes of ancient migrations There is an illuminating discussion of grammatical features found in

Himalayan languages The print edition is available as a set of two volumes 9789004103900 **The Languages and Linguistics of South Asia** Hans Henrich Hock, Elena Bashir, 2016-05-24 With nearly a quarter of the world's population members of at least five major language families plus several putative language isolates South Asia is a fascinating arena for linguistic investigations whether comparative historical linguistics studies of language contact and multilingualism or general linguistic theory This volume provides a state of the art survey of linguistic research on the languages of South Asia with contributions by well known experts Focus is both on what has been accomplished so far and on what remains unresolved or controversial and hence offers challenges for future research In addition to covering the languages their histories and their genetic classification as well as phonetics phonology morphology syntax and sociolinguistics the volume provides special coverage of contact and convergence indigenous South Asian grammatical traditions applications of modern technology to South Asian languages and South Asian writing systems An appendix offers a classified listing of major sources and resources both digital online and printed *The Role of Semantic, Pragmatic, and Discourse Factors in the Development of Case* Johanna Barðdal, Shobhana Lakshmi Chelliah, 2009 This volume focuses on non syntactic factors in the development of case by illustrating the integral role of pragmatics semantics and discourse structure in the historical development of morphologically marked case systems Examined fifteen typologically diverse languages from four different language families i Indo European Vedic Sanskrit Russian Greek Latin Latvian Gothic French German Icelandic and Faroese ii Tibeto Burman especially the Bodic languages and Meithei iii Japanese and iv the Pama Nyungan mixed language Gurindji Kriol **An Introduction to Linguistic Typology** Viveka Velupillai, 2012-08-08 This clear and accessible introduction to linguistic typology covers all linguistic domains from phonology and morphology over parts of speech the NP and the VP to simple and complex clauses pragmatics and language change There is also a discussion on methodological issues in typology This textbook is the first introduction that consistently applies the findings of the World Atlas of Language Structures systematically includes pidgin and creole languages and devotes a section to sign languages in each chapter All chapters contain numerous illustrative examples and specific feature maps Keywords and exercises help review the main topics of each chapter Appendices provide macro data for all the languages cited in the book as well as a list of web sites of typological interest An extensive glossary gives at a glance definitions of the terms used in the book This introduction is designed for students of courses with a focus on language diversity and typology as well as typologically oriented courses in morphology and syntax The book will also serve as a guide for field linguists [Syntax - Theory and Analysis. Volume 3](#) Tibor Kiss, Artemis Alexiadou, 2015-11-13 This Handbook represents the development of research and the current level of knowledge in the fields of syntactic theory and syntax analysis Syntax can look back to a long tradition Especially in the last 50 years however the interaction between syntactic theory and syntactic analysis has led to a rapid increase in analyses and theoretical suggestions This second edition of the Handbook on Syntax adopts a unifying perspective and therefore does not

place the division of syntactic theory into several schools to the fore but the increase in knowledge resulting from the fruitful argumentations between syntactic analysis and syntactic theory It uses selected phenomena of individual languages and their cross linguistic realizations to explain what syntactic analyses can do and at the same time to show in what respects syntactic theories differ from each other It investigates how syntax is related to neighbouring disciplines and investigate the role of the interfaces especially the relationship between syntax and phonology morphology compositional semantics pragmatics and the lexicon The phenomena chosen bring together renowned experts in syntax and represent the consensus reached as to what has to be considered as an important as well as illustrative syntactic phenomenon The phenomena discuss do not only serve to show syntactic analyses but also to compare theoretical approaches with each other *The Routledge Handbook of Sociolinguistics Around the World* Martin J. Ball, Rajend Mesthrie, Chiara Meluzzi, 2023-07-28 Drawing on examples from a wide range of languages and social settings The Routledge Handbook of Sociolinguistics Around the World was originally the first single volume collection surveying the current research trends in international sociolinguistics This new edition has been comprehensively updated and significantly expanded and now includes more than 50 chapters written by leading authorities and a brand new substantial introduction by John Edwards Coverage has been expanded regionally and there is a critical focus on Indigenous languages This handbook remains a key tool to help widen the perspective on sociolinguistics to readers interested in the field Divided into sections covering the Americas Asia Australasia Africa and Europe the book provides readers with a solid up to date appreciation of the interdisciplinary nature of the field of sociolinguistics in each area It clearly explains the patterns and systematicity that underlie language variation in use along with the ways in which alternations between different language varieties mark personal style social power and national identity The Routledge Handbook of Sociolinguistics Around the World is the ideal resource for all students in undergraduate sociolinguistics courses and for researchers involved in the study of language society and power *Linguistic Fieldwork* Paul Newman, Martha Susan Ratliff, 2001-06-21 This book is a collection of original essays on the practice of linguistic fieldwork and language documentation Twelve of the leading field linguists in the world have written personal essays about the study of languages in a natural setting Drawing on extensive research experience they pass on the lessons they have learnt review the techniques that they found worked best in practice and discuss a variety of relevant topics including the attitude of the linguist the structure and content of the work session the varied roles of native speakers and the practical and personal challenges of doing research in an unfamiliar environment Covering a wide range of field areas and written in an accessible manner the book will be indispensable to fieldworkers in linguistics anthropology folklore and oral history *The Sino-Tibetan Languages* Randy J. LaPolla, Graham Thurgood, 2006-05-17 There are more native speakers of Sino Tibetan languages than of any other language family in the world Records of these languages are among the oldest for any human language and the amount of active research on them both diachronic and synchronic has multiplied in the last few decades

This volume includes overview articles as well as descriptions of individual languages and comments on the subgroups in which they occur. In addition to a number of modern languages there are descriptions of several ancient languages. *The Oxford Handbook of Ergativity* Jessica Coon, Diane Massam, Lisa deMena Travis, 2017-07-13. This volume offers theoretical and descriptive perspectives on the issues pertaining to ergativity: a grammatical patterning whereby direct objects are in some way treated like intransitive subjects to the exclusion of transitive subjects. This pattern differs markedly from nominative accusative marking whereby transitive and intransitive subjects are treated as one grammatical class to the exclusion of direct objects. While ergativity is sometimes referred to as a typological characteristic of languages, research on the phenomenon has shown that languages do not fall clearly into one category or the other and that ergative characteristics are not consistent across languages. Chapters in this volume look at approaches to ergativity within generative, typological and functional paradigms as well as approaches to the core morphosyntactic building blocks of an ergative construction: related constructions such as the anti-passive, related properties such as split ergativity and word order and extensions and permutations of ergativity including nominalizations and voice systems. The volume also includes results from experimental investigations of ergativity, a relatively new area of research. A wide variety of languages are represented both in the theoretical chapters and in the 16 case studies that are more descriptive in nature, attesting to both the pervasiveness and diversity of ergative patterns.

Expressive Morphology in the Languages of South Asia Jeffrey P. Williams, 2020-08-30. Expressive Morphology in the Languages of South Asia explores the intricacies of the grammars of several of the languages of the South Asian subcontinent. Specifically, the contributors to this volume examine grammatical resources for shaping elaborative rhyming and alliterative expressions conveying the emotions, states, conditions and perceptions of speakers. These forms, often referred to as expressives, remain relatively undocumented until now. It is clear from the evidence on contextualized language use that the grammatically artistic usage of these forms enriches and enlivens both every day and ritualized genres of discourse. The contributors to this volume provide grammatical and sociolinguistic documentation through a typological introduction to the diversity of expressive forms in the languages of South Asia. This book is suitable for students and researchers in South Asian Languages and language families of the following: Dravidian, Indo-Aryan, Iranian, Sino-Tibetan and Austro-Asiatic.

The Oxford Handbook of Evidentiality Aleksandra IľUľr'evna Aľkhenval'd, 2018. The first volume to offer a thorough and systematic account of evidentiality and the expression of information source. Illustrated with extensive data from a range of typologically diverse languages. Introductory chapter offers practical advice for fieldworkers investigating evidentiality. Interdisciplinary in nature with insights from typology, semantics, pragmatics, language description, anthropology, cognitive psychology and psycholinguistics. Book jacket.

Handbook of Descriptive Linguistic Fieldwork Shobhana L. Chelliah, Willem J. de Reuse, 2010-10-06. The Handbook of Descriptive Linguistic Fieldwork is the most comprehensive reference on linguistic fieldwork on the market, bringing together all the reader needs to carry out successful

linguistic fieldwork Based on the experiences of two veteran linguistic fieldworkers and advice from more than a twenty active fieldwork researchers this handbook provides an encyclopedic review of current publications on linguistic fieldwork and surveys past and present approaches and solutions to problems in the field and the historical political and social variables correlating with fieldwork in different areas of the world The discussion of the ethical dimensions of fieldwork as well as what constitutes the typical linguistic fieldwork setting or consultant is explored from multiple perspectives relevant to fieldwork on every continent Included is information omitted in most other texts on the subject such as the collection representation management and methods of extracting grammatical information from discourse and conversational data as well as the relationship between questionnaire based elicitation text based elicitation and philology and the need for combinations of these methods The book is useful before during and after linguistic field trips since it provides extensive practical macro and micro organization and planning fieldwork tips as well as a handy sketch of major typological features for use in linguistic analysis Comprehensive references are provided at the end of each chapter as resources relevant to the reader s particular interests

Phonological Typology Matthew Kelly Gordon,2016 This book provides an overview of phonological typology the study of how sounds are distributed across the languages of the world and why they display these distributions and patterns Matthew Gordon analyses cross linguistic data from a range of sources to gain insight into the driving forces behind a variety of phonological phenomena

Language Complexity as an Evolving Variable Geoffrey Sampson,David Gil,Peter Trudgill,2009-02-26 This fascinating book challenges the idea that languages are equally complex Eighteen scholars look at evidence from a wide range of times and places They consider the links between linguistic structure and change and social complexity Their conclusions challenge conventional ideas about the nature of language and contemporary theory

A Typology of Verbal Borrowings Jan Wohlgemuth,2009-07-14 The questions as to why most languages appear to have more trouble borrowing verbs than nouns and as to the possible mechanisms and paths by which verbs can be borrowed or the obstacles for verb borrowing have been a topic of interest since the late 19th century However no truly substantial typological research had been undertaken in this field before the present study The present work is the first in depth cross linguistic study on loan verbs and the morphological syntactic and sociolinguistic aspects of loan verb accommodation It applies current methodologies on database management quantitative analysis and typological conventions and it is based on a broad global sample of data from over 400 languages and the typological data from the World Atlas of Language Structures WALS One major result of the present study is the falsification on empirical grounds of long standing claims that verbs generally are more difficult to borrow than other parts of speech or that verbs could never be borrowed as verbs and always needed a re verbalization in the borrowing language

Demonstratives in discourse Åshild Næss,Anna Margetts ,Yvonne Treis,2020-10-27 This volume explores the use of demonstratives in the structuring and management of discourse and their role as engagement expressions from a crosslinguistic perspective It seeks to establish which types of

discourse related functions are commonly encoded by demonstratives beyond the well established reference tracking and deictic uses and also investigates which members of demonstrative paradigms typically take on certain functions Moreover it looks at the roles of non deictic demonstratives that is members of the paradigm which are dedicated e g to contrastive recognitional or anaphoric functions and do not express deictic distinctions Several of the studies also focus on manner demonstratives which have been little studied from a crosslinguistic perspective The volume thus broadens the scope of investigation of demonstratives to look at how their core functions interact with a wider range of discourse functions in a number of different languages The volume covers languages from a range of geographical locations and language families including Cushitic and Mande languages in Africa Oceanic and Papuan languages in the Pacific region Algonquian and Guaykuruan in the Americas and Germanic Slavic and Finno Ugric languages in the Eurasian region It also includes two papers taking a broader typological approach to specific discourse functions of demonstratives Studies in Evidentiality Robert M. W. Dixon, 2003 Printbegr nsninger Der kan printes 10 sider ad gangen og max 40 sider pr session Research Methods in Linguistics Robert J. Podesva, Devyani Sharma, 2014-01-23 A comprehensive guide to conducting research projects in linguistics this book provides a complete training in state of the art data collection processing and analysis techniques The book follows the structure of a research project guiding the reader through the steps involved in collecting and processing data and providing a solid foundation for linguistic analysis All major research methods are covered each by a leading expert Rather than focusing on narrow specializations the text fosters interdisciplinarity with many chapters focusing on shared methods such as sampling experimental design transcription and constructing an argument Highly practical the book offers helpful tips on how and where to get started depending on the nature of the research question The only book that covers the full range of methods used across the field this student friendly text is also a helpful reference source for the more experienced researcher and current practitioner

As recognized, adventure as capably as experience more or less lesson, amusement, as well as arrangement can be gotten by just checking out a ebook **Grammar Of Meithei** next it is not directly done, you could agree to even more roughly this life, in relation to the world.

We have the funds for you this proper as with ease as simple pretentiousness to acquire those all. We provide Grammar Of Meithei and numerous books collections from fictions to scientific research in any way. in the course of them is this Grammar Of Meithei that can be your partner.

Grammar Of Meithei Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Grammar Of Meithei PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers

individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Grammar Of Meithei PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Grammar Of Meithei free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Grammar Of Meithei Books

1. Where can I buy Grammar Of Meithei books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Grammar Of Meithei book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Grammar Of Meithei books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing,

and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
