The Grand Complication Allen Kurzweil, 2002-08-21 Critically acclaimed for his international bestseller *A Case of Curiosities* Kurzweil presents *The Grand Complication* a modern day tale of literary intrigue deviant passions and delicious secrets

Art & Auction, 2004 **Sensemaking** Christian Madsbjerg, 2017-03-21 Based on his work at some of the world's largest companies including Ford Adidas and Chanel Christian Madsbjerg's *Sensemaking* is a provocative stand against the tyranny of big data and scientism and an urgent overdue defense of human intelligence Humans have become subservient to algorithms Every day brings a new Moneyball fix a math whiz who will crack open an industry with clean fact based analysis rather than human intuition and experience As a result we have stopped thinking Machines do it for us Christian Madsbjerg argues that our fixation with data often masks stunning deficiencies and the risks for humankind are enormous Blind devotion to number crunching imperils our businesses

our educations our governments and our life savings Too many companies have lost touch with the humanity of their customers while marginalizing workers with liberal arts based skills Contrary to popular thinking Madsbjerg shows how many of today s biggest success stories stem not from quant thinking but from deep nuanced engagement with culture language and history He calls his method sensemaking In this landmark book Madsbjerg lays out five principles for how business leaders entrepreneurs and individuals can use it to solve their thorniest problems He profiles companies using sensemaking to connect with new customers and takes readers inside the work process of sensemaking connoisseurs like investor George Soros architect Bjarke Ingels and others Both practical and philosophical Sensemaking is a powerful rejoinder to corporate groupthink and an indispensable resource for leaders and innovators who want to stand out from the pack

Luxury Watch Market Gideon Fairchild, AI, 2025-02-27 The Luxury Watch Market explores the fascinating intersection of economics and finance within the world of high end timepieces It investigates the factors influencing watch values moving beyond simple aesthetics to analyze the complex economic forces at play Interestingly the book highlights how globalization and emerging markets have transformed luxury watches from niche interests into mainstream investment opportunities It also reveals that appreciation isn t solely based on brand prestige but on a mix of supply demand brand strategies and broad economic conditions The book s approach is analytical providing a framework for understanding watch valuation supported by data from auction houses surveys and financial reports It examines the supply side including rarity and limited editions and the demand side influenced by celebrity endorsements and collector communities The book then progresses to discuss investment strategies and risk management By combining quantitative research with expert insights Luxury Watch Market offers readers a balanced perspective on this unique asset class
