The Great Revelation M S ALAOUI, 2025-05-25 What if everything we've been told about the soul creation and divine law was just the beginning of a more profound truth hidden in plain sight For over a thousand years the Quran has been interpreted through inherited traditions and external filters often leading to contradictions divisions and spiritual stagnation The Great Revelation challenges that legacy with a bold yet reverent proposition what if the Quran when read with precision and sincerity reveals a unified self-decoding system that answers our deepest existential questions on its own terms In this groundbreaking work Mohamed Alaoui Soulimani offers a transformative journey through the Quranic text unlocking its original logic cosmic laws and revolutionary vision of the human soul With meticulous linguistic and philosophical analysis the book redefines key concepts that have long been misunderstood Creation not as a one-time event but as a divine fusion of evolution and soul Al Haqq as the universal law of cause and effect God's justice embedded in reality Al Islam not as a religion but as the personal reasoned submission to divine truth Resurrection and reincarnation as parts of a soul's cyclical journey toward purity Women's rights inheritance and justice re-examined through uncorrupted Quranic syntax Heaven and Hell as metaphysical states not static destinations Satan Iblis revealed as the egoic self our inner idol and greatest test This is not another interpretation It is an invitation An invitation to read again To think again To remember who we truly are beings entrusted not merely with faith but with consciousness justice and the power to ascend Whether you're a seeker a skeptic a reformer or a believer The Great Revelation will confront and uplift you It dares to bring together reason and revelation science and spirit East and West And in doing so it offers what many have long yearned for a Quranic worldview that makes complete sense Join the awakening Reclaim the Revelation Transform your soul

Arnold,2021-06-30 God s Grand Design By William R Arnold Edited by Ms Aurora Payad Arnold God s Grand Design is to restore mankind to its original state of sacred perfection after Adam and Eve fell and created the original sin of disobedience hiding and lying to the Lord When God cursed the serpent for tempting Adam and Eve to be like God he promised to send his only begotten Son to save humanity He did via the incarnate word in the womb of the immaculately conceived Virgin Mary God wants to be man and receive a new body to defeat death through Jesus Christ Man wants to become God to receive eternal life Man s journey to become God starts from being an ignorant baby gaining knowledge to a cowardly teenager obtaining courage to an adult converting greed to generosity to a wise man changing selfishness to unselfishness and at last to a free man able to think for himself in eternal service to God in his kingdom The journey requires him to know right from wrong good from evil and God s will from man s will and thus defeat evil worldly temptations and demonic possession Through Christ God and man are destined to become one through three advents making the God Man Christ into the new human spirit blessings Then the Man God Jesus becomes the new human flesh to make all things perfect in the sight of God Jesus Christ came as a priest on a donkey to decode the Torah bring knowledge and remove blindness to defeat sin By his death and resurrection he granted free redemption to man s flesh to give him a new body The second coming of Jesus Christ as thief in the night will bring awakening to remove deafness by teaching God s truths to defeat evil As a just judge on a cloud on his third advent the Lord will remove mankind s dumbness to defeat death And then man can become worthy of receiving God s rewards of paradise in heaven or heaven on earth **The Longing for a Form** Peter J. Schakel,2008-06-02 C S Lewis s extremely popular works

of fiction have been widely discussed in terms of the ideas and religious themes they express and defend but less often in terms of their purely literary qualities Ironically Lewis himself a noted literary critic would have objected to any such one sided analysis of his works To concentrate exclusively or even primarily on the content of a work without a consideration of its form and style was in his view a seriously unbalanced method of criticism The Longing for a Form corrects this critical imbalance by supplying a theoretical background and detailed close readings for a better understanding and appreciation of Lewis s fiction as works of art Following three general studies a section of the book is devoted to each to Lewis s major efforts in fiction the Ransom trilogy the Chronicles of Narnia and Till We Have Faces considering the distinctive literary features of each group and individual books within the group Running through the book is an emphasis on form as literary kind and as structure and a recurrent attention to three themes of particular importance in Lewis as a writer of fiction objectivism longing and the literary artist as creator Individually the essays supply fresh insights into the style and meaning of specific works by Lewis as a group they illustrate a depth technical skill and unity of thought and theme which have not previously been accorded Lewis as an artist in fiction

The Manual for Life Bonaventure C. Okoro, 2010-08-26 Every inventor writes the manual for the use of his invention A car has an owner s manual written by the manufacturer God the creator inventor of the universe has written a Manual for His creation the earth The irrefutable fact remains that people are either not reading or yielding to the Manual since as statistics indicate 80% 85% of the US population profess to be Christians Despite the large number of believers we have a huge disconnect between the practices of people and the ethos of the dictates of the Bible The Manual Disagreements on subjects like prayer in schools debate on the death penalty abortion homosexuality and divorce exist when the manual is clear on these subjects This work makes the case that the reader obeys and uses the Word of God as the manual it ought to be It is an authentic document proven by historical prophetic miracles and the life changing spiritual facts It also looks at the major world religions discussing how to use the manual and what not to do with it and invites people to come to life by the shed blood of Jesus
