(?-1704 — 1759-?)

Gvozdev The Russian Discovery Of Alaska In 1732

James Leslie Smith

Gvozdev The Russian Discovery Of Alaska In 1732:

Gvozdev Leonid Arkad'evich Gol'denberg,1990 Mikhail Spiridonovich Gvozdev a land surveyor commanded the Russian ship Saint Gabriel the first European ship to approach the North American seacoast from the Pacific Ocean This was the beginning of all the subsequent discoveries in this region which led to the charting of Alaska and the Aleutian Islands

Gvozdev Leonid Arkad'evich Gol'denberg,2001 Russians in Alaska, 1732-1867 Lydia Black,2004 This definitive work the crown jewel in the distinguished career of Russian America scholar Lydia T Black presents a comprehensive overview of the Russian presence in Alaska Drawing on extensive archival research and employing documents only recently made available to scholars Black shows how Russian expansion was the culmination of centuries of social and economic change Black s work challenges the standard perspective on the Russian period in Alaska as a time of unbridled exploitation of Native inhabitants and natural resources Without glossing over the harsher aspects of the period Black acknowledges the complexity of relations between Russians and Native peoples She chronicles the lives of ordinary men and women the merchants and naval officers laborers and clergy who established Russian outposts in Alaska These early colonists carried with them the Orthodox faith and the Russian language their legacy endures in architecture and place names from Baranof Island to the Pribilofs This deluxe volume features fold out maps and color illustrations of rare paintings and sketches from Russian American Japanese and European sources many have never before been published An invaluable source for historians and anthropologists this accessible volume brings to life a dynamic period in Russian and Alaskan history A tribute to Black s life as a scholar and educator Russians in Alaska will become a classic in the field History of Alaska , Volume I Jonathan M. Nielson, Ph.D.,2018-02-01 As a unique distant geographical region of the United States Alaska has evolved from military insignificance to high strategic priority in the 142 years since its purchase from Russia in 1867 The reasons for this dramatic shift derive from a correlation of geography foreign policy domestic politics and military technology Historically the role of the armed forces in Alaska has been large and diverse Alaska was one of the two principal territorial purchases made by the United States between 1803 and 1867 adding nearly 1 5 million square miles to America s national domain Smaller by the size of Texas than Jefferson s Louisiana Purchase Alaska unlike all of the territories and states carved out of the former languished in obscurity and isolation and was administered as a colonial dependency by the military and other branches of the federal government its official territorial status and government notwithstanding While sharing many common aspects of frontier settlement and Western history with territories such as Montana the Dakotas Wyoming and Colorado Alaska presented special challenges peculiar to a non contiguous arctic and sub Arctic environment separated from the United States by a foreign power Indeed only the defeated South under Reconstruction experienced the same degree of military occupation and martial law Alaska also has the unique distinction in the American experience of belonging to Imperial Russia before it became of interest to American expansionists Still others found Alaska tempting and pursued their own designs

North of 53 The Spanish British Canadians and even the French plied Alaska's waters and made their claims to Alyeska the Great Land And it is with these clashing imperial ambitions that this three volume history begins Russian Exploration, from Siberia to Space Brian Bonhomme, 2014-01-10 In the history of geographical discovery and exploration a well known cast of European characters and events takes center stage While the importance of achievements by Columbus Cortes Magellan Cook Lewis and Clark and Neil Armstrong remains unassailable the participation of Russia in the European era of exploration conquest expansion and colonization deserves equal attention This study provides a narrative survey and critical analysis of a rich but overlooked tradition of geographical exploration by Russians and others in Russian service since 1580 Following Russian pioneers across Siberia Alaska Brazil Hawaii and the Pacific Central Asia Australasia the Arctic and Antarctic and into space this work establishes Russia in the history of world exploration and connects the Russian experience of exploration to Russian national identity past and present Pioneering Conservation in Alaska Ken Ross, 2017-10-01 A companion volume to Environmental Conflict in Alaska Pioneering Conservation in Alaska chronicles the central land and wildlife issues and the growth of environmental conservation in Alaska during its Russian and territorial eras The Alaskan frontier tempted fur traders whalers salmon fishers gold miners hunters and oilmen to take what they could without regard for long term consequences Wildlife species ecosystems and Native cultures suffered sometimes irreparably Damage to wildlife and lands drew the attention of environmentalists including John Muir who applied their influence to enact wildlife protection laws and set aside lands for conservation Alaska served as a testing ground for emergent national resource policy in the United States as environmental values of species and ecosystem sustainability replaced the unrestrained exploitation of Alaska's early frontier days Efforts of conservation leaders and the territory's isolation small human population and late development prevented widespread destruction and gave Americans a unique opportunity to protect some of the world's most pristine wilderness Enhanced by more than 100 photographs Pioneering Conservation in Alaska illustrates the historical precedents for current natural resource disputes in Alaska and will fascinate readers interested in wildlife and conservation

The Russian Discovery of the Aleutian and Kodiak Islands James Leslie Smith, 2003 **From Northeast Passage to Northern Sea Route**, 2022-09-12 The notion of a waterway north of Eurasia conceived in the first half of the sixteenth century remained only a dream for centuries due to ice unmapped coastlines and a lack of geographical knowledge This volume is the first comprehensive scholarly account in English of the slow but steady exploration and commercial exploitation of the Siberian coastal waters and it proves that this was a truly international endeavour However in the end the Northern Sea Route as a through traverse route came to be used primarily by the Soviet Union for which it became a crucial vehicle for the geopolitical and economic integration of its vast territories As an international trade route the Northern Sea Route is only today about to win its way essentially as a result of global warming This being the case should we rejoice or despair **Alaska History** Marvin W. Falk, 2006-03-30 Marvin W Falk offers a systemic and select listing of just over 3 000

publications on the history of Alaska published from the 18th century to early 2004 Early explorations were conducted by nationals from several nations and the results were published in Russian German French Spanish and English Many of these foreign language accounts have been published in translation and are included in the bibliography This bibliography covers a wide span of Alaskan history including historical literature from Discovery in 1741 The Russian period ending in 1867 The U S territorial period ending with statehood in 1959 The oil boom **Journal of Northwest Anthropology** Darby C.

Stapp,2016-03-02 JONA Volume 50 Number 1 Spring 2016 Tales from the River Bank An In Situ Stone Bowl Found along the Shores of the Salish Sea on the Southern Northwest Coast of British Columbia Rudy Reimer Pierre Freile Kenneth Fath and John Clague Localized Rituals and Individual Spirit Powers Discerning Regional Autonomy through Religious Practices in the Coast Salish Past Bill Angelbeck Assessing the Nutritional Value of Freshwater Mussels on the Western Snake River Jeremy W Johnson and Mark G Plew Snoqualmie Falls The First Traditional Cultural Property in Washington State Listed in the National Register of Historic Places Jay Miller with Kenneth Tollefson The Archaeology of Obsidian Occurrence in Stone Tool Manufacture and Use along Two Reaches of the Northern Mid Columbia River Washington Sonja C Kassa and Patrick T McCutcheon The Right Tool for the Job Screen Size and Sample Size in Site Detection Bradley Bowden Alphonse Louis Pinart among the Natives of Alaska Richard L Bland Bering Orcutt William Frost,Orcutt Frost,Professor Orcutt Frost,2003-01-01 Om den danske opdagelsesrejsende Vitus Bering 1681 1741 og om hans rejser fra Sibirien til Nordamerika og Alaska The First Kamchatka Expedition of Vitus Bering, 1725-1730 James Leslie Smith,2002 History of Vitus Bering s search for America 1725 1730 Exploring and Mapping Alaska Alexey Postnikov,Marvin Falk,2015-06-15 Russia first encountered Alaska in 1741 as part of the most ambitious and expensive expedition of the entire eighteenth century For centuries since cartographers have struggled to define and develop the enormous region comprising northeastern Asia the North Pacific and Alaska The forces of nature and the follies of human error conspired to make the area incredibly difficult to map Exploring and Mapping Alaska focuses on this foundational period in Arctic cartography Russia spurred a golden era of cartographic exploration while shrouding their efforts in a veil of secrecy They drew both on old systems developed by early fur traders and new methodologies created in Europe With Great Britain France and Spain following close behind their expeditions led to an astounding increase in the world s knowledge of North America Through engrossing descriptions of the explorations and expert navigators aided by informative illustrations readers can clearly trace the evolution of the maps of the era watching as a once mysterious region came into sharper focus The result of years of cross continental research Exploring and Mapping Alaska is a fascinating study of the trials and triumphs of one of the last great eras of historic mapmaking

Russian Colonization of Alaska Andrei Val'terovich Grin'ev,2018-11-01 In Russian Colonization of Alaska Andrei Val terovich Grin v examines the sociohistorical origins of the former Russian colonies in Alaska or Russian America between 1741 and 1799 Beginning with the Second Kamchatka Expedition of Vitus Ivanovich Bering and Aleksei Ilyich Chirikov s

discovery of Alaska and the Aleutian Islands and ending with the formation of the Russian American Company's monopoly of the Russian colonial endeavor in the Americas Russian Colonization of Alaska offers a definitive revisionist examination of Tsarist Russia's foray into the imperial contest in North America Russian Colonization of Alaska is the first comprehensive study to analyze the origin and evolution of Russian colonization based on research into political economy history and ethnography Grin v's study elaborates the social political spiritual ideological personal and psychological aspects of Russian America He also accounts for the idiosyncrasies of the natural environment competition from other North American empires Alaska Natives and individual colonial diplomats The colonization of Alaska rather than being simply a continuation of the colonization of Siberia by Russians was instead part of overarching Russian and global history

Alliance and Conflict
Ernest S. Burch, 2005-01-01 Alliance and Conflict combines a richly descriptive study of intersocietal relations in early nineteenth century Northwest Alaska with a bold theoretical treatise on the structure of the world system as it might have been in ancient times Ernest S Burch Jr illuminates one aspect of the traditional lives of the Iñupiaq Eskimos in unparalleled detail and depth Basing his account on observations made by early Western explorers interviews with Native historians and archeological research Burch describes the social boundaries and geographic borders formerly existing in Northwest Alaska and the various kinds of transactions that took place across them These ranged from violence of the most brutal sort at one extreme to relations of peace and friendship at the other Burch argues that the international system he describes approximated in many respects the type of system existing all over the world before the development of agriculture Based on that assumption he presents a series of hypotheses about what the world system may have been like when it consisted entirely of hunter gatherer societies and about how it became more centralized with the evolution of chiefdoms Accounts of specific people places and events add an immediate experiential dimension to the work complementing its theoretical apparatus and sweeping narrative scope Provocative and comprehensive Alliance and Conflict is a definitive look at the greater world of Native peoples of Northwest Alaska

Alaska History, 2002

The Circumpolar North Terence Armstrong, George Rogers, Graham Rowley, 2023-03-24 First Published in 1978 The Circumpolar North is designed for anyone with a more than superficial interest in the northern regions of our planet geographical economic social or political The primary importance of North today is as a source of raw materials as a world crossroads and as a touchstone of the way nations behave towards their minority groups Strategic considerations have led to the expenditure of vast sums of money but world population expansion has not yet affected the northlands and their preservation in a natural state is still a feasible objective The authors are experts in their own areas and have provided regional chapters on each of the land and ocean areas The book compares the different approaches of the countries involved and deals also in the context of the northern seas with another political dimension the relations between nations and their success in achieving international management of resources This is an interesting read for scholars of geography international relations and international economics

Historical Dictionary of Russian and Soviet Foreign Policy Norman E. Saul, 2014-12-16 The conduct of the foreign relations of the Russian state in its several contexts Kiev Rus Muscovy Russian Empire Provisional Government Union of Soviet Socialist Republics and Russian Federation were unique in its common currents from the beginning to the present Geography was certainly a key factor located in the center of the world's largest land mass and surrounded by often hostile forces All of the Russias had to confront the problems of open frontiers and the conduct of relations with a number of adjacent states of different ethnicity and with many that were more distant No other nation states had to face such complex and divergent circumstances over their histories Most other Great Powers were neighbors of similar states in culture and historical background whereas Russia had to deal with Asian as well as European countries The Historical Dictionary of Russian and Soviet Foreign Policy covers the history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 700 cross referenced entries on important individuals events and other aspects of the foreign policy of this important country This book is an excellent access point for students researchers and anyone wanting to know more about Russian foreign policy

Exploring Polar Frontiers William James Mills, 2003-12-11 Covers the entire history of Arctic and Antarctic exploration from the voyage of Pytheas ca 325 B C to the present in one convenient comprehensive reference resource Exploring Polar Frontiers A Historical Encyclopedia is the only reference work that provides a comprehensive history of polar exploration from the ancient period through the present day The author is a noted polar scholar and offers dramatic accounts of all major explorers and their expeditions together with separate exploration histories for specific islands regions and uncharted waters He presents a wealth of fascinating information under a variety of subject entries including methods of transport myths achievements and record breaking activities By approaching polar exploration biographically geographically and topically Mills reveals a number of intriguing connections between the various explorers their patrons and times and the process of discovery in all areas of the polar regions Furthermore he provides the reader with a clear understanding of the intellectual climate as well as the dominant social economic and political forces surrounding each expedition Readers will learn why the journeys were undertaken not just where when and how

Russians in the Bering Strait 1648-1791 Mikhail Ivanovich Belov, 2000 The main body of this book are the portions of M I Belov's book *Arkticheskoe moreplavanie s drevneishikh vremen do serediny XIX veka* Arctic voyages from ancient times to the middle of the nineteenth century that relate to the Russian discovery and exploration of this strait to 1800 Pref

The Top Books of the Year Gvozdev The Russian Discovery Of Alaska In 1732 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous engrossing novels enthralling the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the engaging narratives that have enthralled audiences this year. Gvozdev The Russian Discovery Of Alaska In 1732 : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Gvozdev The Russian Discovery Of Alaska In 1732 : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Gvozdev The Russian Discovery Of Alaska In 1732 : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and thrilling novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
