**Charles C. Brown**

## **H Richard Niebuhr Makers Of The Modern Theological Mind:**

**H. Richard Niebuhr** Lonnie D. Kliever,1977      **Descending Mount Sinai** Ken Kinton,2017-07-28 The book looks at the contemporary issues surrounding politics society and church and offers suggested solutions and outcomes using a biblical lens The books purpose is to balance our daily mountaintop experiences of God with a secular world that tries to dissuade Christians from becoming more spiritual The events in our world today can lead to disillusionment This book tries to give a perspective that each of us can have a positive impact in shaping a better world      **The Corruption of Theological Institutions by Plagiarism in Dissertations** Alkuin Schachenmayr,2022-12-12 Getting a doctorate in Europe is supremely attractive for young Catholic priests from the Global South They attain prestige career advancement and in many cases the opportunity to move permanently from impoverished countries to some of the world s wealthiest But do they submit rigorous original doctoral research in keeping with universal academic standards This study examines theological dissertations by international students accepted by major Austrian universities and shows that academic incompetence plagiarism and negligent supervision are seriously damaging theological institutions in Europe and abroad By looking the other way advisors and administrators do their students and the church a disservice      **The Neo-Orthodox Theology of W.W. Bryden** John A Vissers,2011-11-24 Walter W Bryden was Principal of Knox College Toronto after the Second World War and one of the leading Presbyterian theologians of the period from the 1920s to the 1950s In The Neo Orthodox Theology of W W Bryden John Vissers makes an important contribution by analysing Bryden s thought placing it in the context of contemporary European and American theology Vissers emphasises in particular Bryden s role in introducing and popularising the ideas of Karl Barth in North America prior to the translation of Barth s Commentary on Romans into English and his Neo Orthodox theology owed much to Barthian ideas In his most important work The Christian s Knowledge of God Bryden challenged the modernist emphasis on the rational arguing for a Christocentric doctrine of Revelation Vissers brings a wealth of scholarship and research to his subject revealing Bryden s pivotal role in the development of neo orthodoxy within the Protestant tradition in North America a role that previous studies have often failed to explore      **Essays in Public Theology** Dirkie Smit,2007-04-01 What is the role of the church in society What role did the church play in South Africa during apartheid in the struggle against apartheid and during the period of transformation The essays collected and published in this volume deal with questions such as these They are all occasional pieces They were written over two decades and reflect the times in which they originated always intended for specific audiences always addressing issues of the particular moment

*Reasoning Faith* Diane Marcia Yeager,1981      **Niebuhr and His Age** Charles C. Brown,2002-02-01 Now available in paperback Niebuhr and His Age provides an extensively researched account of Reinhold Niebuhr and includes a foreword by Arthur M Schlesinger Jr      *Kingdom Conspiracy* Scot McKnight,2014-10-14 An Award Winning Challenge to Popular Ideas of the Kingdom According to Scot McKnight kingdom is the biblical term most misused by Christians today It has taken on

meanings that are completely at odds with what the Bible says and has become a buzzword for both social justice and redemption In Kingdom Conspiracy McKnight offers a sizzling biblical corrective and a fiercely radical vision for the role of the local church in the kingdom of God Now in paper Praise for Kingdom Conspiracy 2015 Outreach Resources of the Year Award Winner One of Leadership Journal s Best Books for Church Leaders in 2014 This is a must read for church leaders today Publishers Weekly A timely resource for the missional church to reexamine some basic assumptions that impact church practice in the everyday Outreach     Pulpit Friction Ken Kinton,2018-10-17 We live in an increasingly hostile political climate and even within the church we can find the signs of political division Yet the truth of the matter is that political dialogue has been around for millennia even in the epic tales of Abraham Joseph and Moses and the social and political issues during the time of Jesus s public ministry are not that different from those we are encountering presently Pulpit Friction looks at the challenges facing the church today as it seeks to strike a balance between its prophetic call and the political and social issues causing so much turmoil in our world Author Ken Kinton offers both biblical and historical insights in an attempt to help Christians and the secular world live more harmoniously In order for the church to have a meaningful impact on our nation s political process it needs to contribute to the political integrity of the process By learning more about the church s role in shaping political discourse we as Christians can together become agents of positive change     Moving Beyond Individualism in Pastoral Care and Counseling Barbara J McClure,2011-10-27 Despite astute critiques and available resources for alternative modes of thinking and practicing individualism continues to be a dominating and constraining ideology in the field of pastoral psychotherapy and counseling Philip Rieff was one of the first to highlight the negative implications of individualism in psychotherapeutic theories and practices As heirs and often enthusiasts of the Freudian tradition of which Rieff and others are critical pastoral theologians have felt the sting of his charge and yet the empirical research that McClure presents shows that pastoral counseling practitioners resist change Their attempts to overcome an individualistic perspective have been limited and ineffective because individualism is embedded in the field s dominant theological and theoretical resources practices and organizational arrangements Only a radical reappraisal of these will make possible pastoral counseling practices in a post individualistic mode McClure proposes several critical transformations broadening and deepening the operative theologies used to guide the healing practice expanding the role of the pastoral counselor reimagining the operative anthropology reclaiming sin and judgment nuancing the particular against the individual rethinking the ideal outcome of the practices and reimagining the organizational structures that support the practices Only this level of revisioning will enable this ministry of the church to move beyond its individualistic limitations and offer healing in more complex effective and socially adequate ways     *The Dark Side of Church/State Separation* Stephen Strehle,2017-09-08 The Dark Side of Church State Separation analyzes the Enlightenment s attack upon the Judeo Christian tradition and its impact upon the development of secular regimes in France Germany and Russia Such regimes followed the

anti Semitic anti Christian agenda of the French Enlightenment in blaming the Judeo Christian tradition for all the ills of European society and believing that human beings can develop their own set of values and purposes through rational means apart from any revelation from God or Scripture Stephen Strehle s analysis extends our understanding of church state relations and its history He confirms the spiritual roots of modern anti-Semitism within the ideology of the Enlightenment and recognizes the intimate relationship between anti-Semitism and anti Christianity Strehle questions the absolute doctrine of church state separation given its background in the bigotries of the philosophes He notes the nefarious motives of subsequent regimes which used the French doctrine to replace the religious community with the state and its secular ideology This detailed historical analysis of original sources and secondary literature is woven together with special appreciation for the philosophical and theological ideas that contributed to the emergence of political institutions Readers will gain an understanding of the most influential ideas shaping the modern world and present day culture Christians in Active Politics Yokoniah Mvula,2022-09-16 Some Christians may be uncomfortable to think of Jesus as being political since the word politics or political has evolved to have negative overtones and connotations in our world today particularly in Africa where this monograph from the Department of Theology and Religious Studies of the University of Malawi has originated Christians often argue that their commission or job description does not include the political process which is the way a society conducts its public affairs However Jesus beginning with his temptation as in the gospels of Matthew and Luke showed the people who would follow him what it means to do God s will The third temptation conceived of in this study as a political temptation for power is the rationale behind the arguments made in this study which begins by positing that the message of Jesus was not politically neutral and therefore Christianity as a super culture must be active in all sectors affecting social concerns if it is to truly be the change agent who Christ believes it to be It goes on to define and describe what it means to say that the message of Jesus was political and lays out the biblical theological ethical and experiential rationale for Christians active participation in the secular political arena H. Richard Niebuhr Jon Diefenthaler,1986 *God the Center of Value* C. David Grant,1984 *H. Richard Niebuhr* Donald W. Shriver,2009 Summarizes Niebuhr s faith journey as seen through the lens of his major works Subject Catalog, 1978 Library of Congress,1978 **Subject Catalog** Library of Congress,1978 **Wrestling with Doubt** Frank D. Rees,2001 Rees provides a theological analysis of doubts as a constructive element within the Christian experience of faith He considers three theological frameworks each of which offers an interpretation of doubt and two life story theologies that deal with faith and doubt *Monographic Series* Library of Congress,1978 **The British Library General Catalogue of Printed Books 1976 to 1982** British Library,1983

## **H Richard Niebuhr Makers Of The Modern Theological Mind** Book Review: Unveiling the Magic of Language
