## **Hagars Daughter:**

Hagar's Daughter Diana L. Hayes, 1995 Hagar's Daughters is an eloquent plea directed at Christian Black women to use the strengths of their African heritage as a force to heal the divisiveness and sterile domination present in Western society

**Hagar's Daughter** Pauline E. Hopkins, 2021-03-24 Hagar's Daughter A Story of Southern Caste Prejudice 1901 1902 is a novel by African American author Pauline Elizabeth Hopkins Originally published in The Colored American Magazine America's first monthly periodical covering African American arts and culture Hagar's Daughter A Story of Southern Caste Prejudice is a groundbreaking novel Addressing themes of race and slavery through the lens of romance Hopkins novel is thought to be the first detective novel written by an African American author Set just before the outbreak of the American Civil War Hagar's Daughter A Story of Southern Caste Prejudice takes place on the outskirts of Baltimore where on neighboring estates a man and woman fall in love When Hagar Sargeant returns home after four years of study at a seminary in the North she meets Ellis Enson an older gentleman and self made man who resides at the stately Enson Hall After a brief courtship the pair are engaged to be married As the wedding approaches Hagar's mother who has controlled the family estate since her husband's death dies unexpectedly leaving Hagar the home and its accompanying grounds Despite this tragic loss Ellis and Hagar look forward to starting a family together but when a man from the deep south arrives claiming the young woman was born a slave their lives are changed forever Hagar's Daughter A Story of Southern Caste Prejudice is a thrilling work of romance and detective fiction from a true pioneer of American literature a woman whose talent and principles afforded her the vision necessary for illuminating the injustices of life in a nation founded on slavery and genocide With a beautifully designed cover and professionally typeset manuscript this edition of Pauline Elizabeth Hopkins Hagar's Daughter A Story of Southern Caste Prejudice is a classic work of African American literature reimagined for modern readers

**Hagar's Daughter** Pauline Elizabeth Hopkins, 2020-12-15 Hagar's Daughter is Pauline Elizabeth Hopkins's first serial novel published in the Boston based Colored American Magazine 1901 02 The novel features concealed and mistaken identities dramatic revelations and extraordinary plot twists including a high profile murder trial an abduction plot and a steady succession of surprises as the young black maid Venus Johnson assumes male clothing to solve a series of mysteries Because Hagar's Daughter demonstrates Hopkins's keen sense of history use of multiple literary genres emphasis on gender roles and political engagement it provides the perfect introduction to the author and her era In the appendices to this Broadview Edition advertising other writing by Hopkins and her contemporaries and reviews situate the work within the popular literature and political culture of its time

not frequent within the entire history of her interpretation such interpretations are part of strategies to emphasize elements of Hagar's story in order to associate or disassociate her from particular groups. It considers how interpreters engage markers of difference including gender, ethnicity, status and their intersections in their portrayals of Hagar. Nyasha Junior offers a reception history that examines interpretations of Hagar with a focus on interpretations of Hagar as a Black woman. Reception history within biblical studies considers the use, impact and influence of biblical texts and looks at a necessarily small number of points within the long history of the transmission of biblical texts. This volume covers a limited selection of interpretations over time that is not intended to be a representative sample of interpretations of Hagar. It is beyond the scope of this book to offer a comprehensive collection of interpretations of Hagar throughout the history of biblical interpretation or in popular culture. Junior argues for the African presence in biblical texts, identifies and responds to White supremacist interpretations, offers cultural historical interpretation that attends to the history of biblical interpretation within Black communities and provides ideological criticism that uses the African American context as a reading strategy. *Reimagining Hagar* offers a history of interpretation but also expands beyond interpretation among Black communities to consider how various interpreters have identified Hagar as Black.

**Reconstructing Womanhood** Hazel V. Carby, 1987 *Reconstructing Womanhood: The Emergence of the Afro-American Woman Novelist* published in 1987 is a book by Hazel Carby which centers on slave narratives by women. Carby received her Ph.D. in 1984 from Birmingham University. Her doctoral dissertation later became the foundation for the book. Wikipedia viewed Jan 7 2022

**Reconstructing Womanhood : The Emergence of the Afro-American Woman Novelist** Hazel V. Carby Professor of English and Afro-American Studies Yale University, 1987-12-31 Covering the period between the 1850s and the turn of the century this study of 19th century narratives depicts an era of intense cultural and political activity when Afro-American women first began to emerge as novelists.

**Family Money** Jeffery Clymer, 2013 Encompassing a wide range of topics, periods and genres this series presents an expansive forward looking approach to American literary and cultural history emphasizing venturesome scholarship, critical sophistication and engaging research. Book jacket

**Early African American Print Culture** Lara Langer Cohen, Jordan Alexander Stein, 2012-09-06 The eighteenth and nineteenth centuries saw both the consolidation of American print culture and the establishment of an African American literary tradition yet the two are too rarely considered in tandem. In this landmark volume a stellar group of established and emerging scholars ranges over periods, locations and media to explore African Americans' diverse contributions to early American print culture both on the page and off. The book's chapters consider domestic novels and gallows narratives, Francophone poetry and engravings of Liberia, transatlantic lyrics and San Francisco newspapers. Together they consider how close attention to the archive can expand the study of African American literature well beyond matters of authorship to include issues of editing, illustration, circulation and reading and how this expansion can enrich and transform the study of print culture more generally.

[A History of the African American Novel](#)

Valerie Babb, 2017-07-31 *A History of the African American Novel* offers an in depth overview of the development of the novel and its major genres In the first part of this book Valerie Babb examines the evolution of the novel from the 1850s to the present showing how the concept of black identity has transformed along with the art form The second part of this History explores the prominent genres of African American novels such as neoslave narratives detective fiction and speculative fiction and considers how each one reflects changing understandings of blackness This book builds on other literary histories by including early black print culture African American graphic novels pulp fiction and the history of adaptation of black novels to film By placing novels in conversation with other documents early black newspapers and magazines film and authorial correspondence *A History of the African American Novel* brings many voices to the table to broaden interpretations of the novel's development

*American Blood* Holly Jackson, 2014 The conventional view of the family in the nineteenth century novel holds that it venerated the traditional domestic unit as a model of national belonging Contesting this interpretation *American Blood* argues that many authors of the period challenged preconceptions of the family and portrayed it as a detriment to true democracy and by extension the political enterprise of the United States Relying on works by Harriet Beecher Stowe Nathaniel Hawthorne William Wells Brown Pauline Hopkins and others Holly Jackson reveals family portraits that are claustrophobic antidemocratic and even unnatural The novels examined here welcome in Jackson's reading the decline of the family and the exclusionary white privileging American social order that it supported Embracing and imagining this decline the novels examined here incorporate and celebrate the very practices that mainstream Americans felt were the most dangerous to the family as an institution interracial sex doomed marriages homosexuality and the willful rejection of reproduction In addition to historicized readings the monograph also highlights how formal narrative characteristics served to heighten their anti familial message according to Jackson the false starts interpolated plots and narrative dead ends prominent in novels like *The House of the Seven Gables* and *Dred* are formal iterations of the book's interest in disrupting the family as a privileged ideological site In sum *American Blood* offers a much needed corrective that will generate fresh insights into nineteenth century literature and culture

*The Motherless Child in the Novels of Pauline Hopkins* Jill Bergman, 2012-12-17 Well known in her day as a singer playwright author and editor of the *Colored American Magazine* Pauline Hopkins 1859-1930 has been the subject of considerable scholarly attention over the last twenty years Academic review of her many accomplishments however largely overlooks Hopkins's contributions as novelist *The Motherless Child in the Novels of Pauline Hopkins* the first book length study of Hopkins's major fiction fills this gap offering a sustained analysis of motherlessness in *Contending Forces* *Hagar's Daughter* *Winona* and *Of One Blood* Motherlessness appears in all of Hopkins's novels The motif Jill Bergman asserts resonated profoundly for African Americans living with the legacy of abduction from a motherland and familial fragmentation under slavery In her novels motherlessness serves as a trope for the national alienation of post Reconstruction African Americans The longing and search for a maternal figure then represents an

effort to reconnect with the absent mother a missing parent and a lost African history and heritage In Hopkins s oeuvre the image of the mother of African heritage a source of both identity and persecution becomes a source of power and possibility Bergman shows how historical events such as Bleeding Kansas the execution of John Brown and the Middle Passage gave rise to a sense of motherlessness and how Hopkins s work engages with that of other contemporaneous race activists This illuminating study opens new terrain not only in Hopkins scholarship but also in the complex interchanges between literary African American psychoanalytic feminist and postcolonial studies

**The Unruly Voice** John Cullen Gruesser,1996 A product of literary recovery at its very best These carefully researched essays help us to see how gender marginalized black intellectuals who happened to be women Claudia Tate George Washington University The Unruly Voice explores the literary and journalistic career of Pauline Elizabeth Hopkins a turn of the century African American writer who was editor in chief of the Colored American Magazine though it was not acknowledged on the masthead Hopkins wrote short fiction novels nonfiction articles and a play believed to be the first by an African American woman Versatile and politically committed she was fired when the magazine was bought by an ally of Booker T Washington s who disliked her editorial stands and unconciliatory politics Even though more than a thousand pages of Hopkins s works have been brought back into print The Unruly Voice is the first book devoted exclusively to her writings and the significance she holds for readers today Contributors explore the social political and historical conditions that informed her literary works

**Pauline Hopkins and Advocacy Journalism** Rhone Fraser,2019-02-22 In the 1905 letter to William Monroe Trotter Pauline Hopkins wrote that she lost the editorship of the Colored American Magazine because she refused partisan lines and pursued an independent course This book focuses on how her editorship promoted an advocacy journalism that sought to abolish Jim Crow The work of the magazine under her editorship pursued an independent course because it included in depth biographical sketches of those whose lives she before many deemed important to know such as Toussaint L Ouverture and Harriet Tubman Hopkins pursued an independent course also as a novelist particularly in her first novel Contending Forces a work unique for a narrator that tried to in Hopkins s words raise the stigma of degradation from my race Her following three novels were serialized in the Colored American Magazine Her 1901 novel Hagar s Daughter is about the attempt of two generations to assimilate within the Washingtonian elite her 1902 novel Winona exposes the effect of Washington s 1850 Fugitive Slave Law on enslaved children and her 1903 novel Of One Blood explores what it means for an individual socialized in the West to in Hopkins s words curse the bond of the white race In Dr Rhone Fraser s close reading of her fiction he looks at how her protagonists in each novel pursue an independent course and in his final chapter he compares her essential work to Black journalists of the twenty first century who like her refused partisan lines and pursued an independent course Pauline Hopkins s work was not just the work of a typical journalist but the work of an advocate

Redefining the Political Novel Sharon M. Harris,1995 While critical studies of the American political novel date from the 1920s such considerations of the genre have

failed whether wittingly or unwittingly to recognize works by women The exclusion is usually based on a distinction between social novels and political novels and the result is an understanding of the political as a largely male province In this thought provoking collection of essays the contributors seek not simply to add works by women to the canon of political novels but rather to demand a conceptual revolution one that questions the very precepts on which the canon is based This redefinition of the political novel takes many factors into account including gender race and class and their relation to our most basic conceptions of literary and aesthetic value

Pauline E. Hopkins Hanna Wallinger, 2012-06-01 Virtually unknown for the better part of the twentieth century Pauline E Hopkins 1859 1930 is one of the most interesting rediscoveries of recent African American literary history This is the first study devoted exclusively to Hopkins s life and her influential career as an editor political writer social critic pioneering playwright biographer and fiction writer Hanna Wallinger s discoveries break much new ground especially regarding Hopkins s relationship with such notable men and women as Booker T Washington and Anna Julia Cooper her position in Boston s black women s club movement her work with the Boston based Colored American Magazine and her concepts of race gender and class Drawing on recently discovered letters Wallinger sheds new light on the relationship between Hopkins and Booker T Washington particularly the acrimony surrounding Hopkins s departure from the Colored American Magazine She discusses Hopkins s pseudonymous writings in addition to those written under the known alias Sarah A Allen Wallinger interprets Hopkins s play Peculiar Sam her now famous novels Contending Forces Hagar s Daughter Winona and Of One Blood and the short stories which have so far received little critical attention This study also contains the little known but important text A Primer of Facts Republished here for the first time it establishes Hopkins as an early advocate of black nationalism and one of the few women writers who joined this discourse Hopkins writes Wallinger was on the scene when race consciousness was being defined This important new study reveals her role at the center of crucial debates about the cultural politics of magazine editing radical activism and the early feminist movement

*The Arresting Eye* Jinny Huh, 2015-05-04 In her reading of detective fiction and passing narratives from the end of the nineteenth century forward Jinny Huh investigates anxieties about race and detection Adopting an interdisciplinary and comparative approach she examines the racial formations of African Americans and Asian Americans not only in detective fiction from Sherlock Holmes and Charlie Chan to the works of Pauline Hopkins but also in narratives centered on detection itself such as Winnifred Eaton s rhetoric of undetection in her Japanese romances In explicating the literary depictions of race detection anxiety Huh demonstrates how cultural legal and scientific discourses across diverse racial groups were also struggling with demands for racial decipherability Anxieties of detection and undetection she concludes are not mutually exclusive but mutually dependent on each other s construction and formation in American history and culture
