

# Haiti Dangerous Crossroads

**Robert Fatton**

## **Haiti Dangerous Crossroads:**

Haiti, 1995      Haiti Deidre McFadyen, 1995 This book the first to analyze Haiti after the U S occupation gathers together the most reliable information and most comprehensive analysis of Haiti that the U S Left has to offer The Haitian crisis has its roots in colonial times came of age in the era of gun boat diplomacy and exemplified Cold War policy Its denouement today is paradigmatic of the New World Order It is essential reading not only for those wanting to gain a deeper understanding of Haiti but also for anyone trying to grasp the complexities of post Cold War geopolitics      Haiti In The New World Order Alex Dupuy, 2019-04-18 This book a critical study of Haiti s place in the New World Order examines the limits of its democratic revolution and the prospects for social change Exploring why the successive military governments in power between 1986 and 1990 were unable to implement the neoliberal economic reforms sanctioned by the World Bank and USAID Dupuy also an      Haiti's Predatory Republic Robert Fatton, 2002 With the collapse of the Duvalier dictatorship in 1986 came optimistic hopes for a transition toward a sound democracy accompanied by economic development and social peace a vision which has failed to materialize in the past 15 years A native of Haiti Fatton government U of Virginia analyzes Haitian politics from 1986 to 2001 revealing the complications and conflicts which have slowed the country s progress toward an effective democracy The author also explores alternatives which could lead the country toward success Annotation copyrighted by Book News Inc Portland OR      *Paramilitarism and the Assault on Democracy in Haiti* Jeb Sprague, 2012-08 In this path breaking book Jeb Sprague investigates the dangerous world of right wing paramilitarism in Haiti and its role in undermining the democratic aspirations of the Haitian people Sprague focuses on the period beginning in 1990 with the rise of Haiti s first democratically elected president Jean Bertrand Aristide and the right wing movements that succeeded in driving him from power Over the ensuing two decades paramilitary violence was largely directed against the poor and supporters of Aristide s Lavalas movement taking the lives of thousands of Haitians Sprague seeks to understand how this occurred and traces connections between paramilitaries and their elite financial and political backers in Haiti but also in the United States and the Dominican Republic The product of years of original research this book draws on over fifty interviews some of which placed the author in severe danger and more than 11 000 documents secured through Freedom of Information Act FOIA requests It makes a substantial contribution to our understanding of Haiti today and is a vivid reminder of how democratic struggles in poor countries are often met with extreme violence organized at the behest of capital      **Haitian Refugees Forced to Return** Götz-Dietrich Opitz, 2004 On September 30 1991 Haiti s first democratically elected President Jean Bertrand Aristide was overthrown by a coup d etat The Haitian political crisis which was marked by intense international pressure for political negotiation triggered a stream of refugees bound foremost for the United States The US Coast Guard began detaining interdicted Haitians at the US naval base at Guantanamo Bay Cuba as well as forcibly returning a certain number to the Haitian capital What was the role played by the Haitian diaspora in the US as the Haitian crisis

unfolded until Aristide's reinstatement in October 1994. This study investigates how this process of intervention was shaped by socially constructed categories such as nation, race, ethnicity and class. **Pathologies of Power** Paul Farmer, 2005

**Pathologies of Power** uses harrowing stories of life and death to argue that the promotion of social and economic rights of the poor is the most important human rights struggle of our times. *Reading Humanitarian Intervention* Anne Orford, 2003-06-26

During the 1990s humanitarian intervention seemed to promise a world in which democracy, self-determination and human rights would be privileged over national interests or imperial ambitions. Orford provides critical readings of the narratives that accompanied such interventions and shaped legal justifications for the use of force by the international community. Through a close reading of legal texts and institutional practice, she argues that a far more circumscribed, exploitative and conservative interpretation of the ends of intervention was adopted during this period. The book draws on a wide range of sources including critical legal theory, feminist and postcolonial theory, psychoanalytic theory and critical geography to develop ways of reading directed at thinking through the cultural and economic effects of militarized humanitarianism. The book concludes by asking what, if anything, has been lost in the move from the era of humanitarian intervention to an international relations dominated by wars on terror. **Security Blurs** Tessa Diphooorn, Erella Grassiani, 2018-12-07

**Security Blurs** makes an important contribution to anthropological work on security. It introduces the notion of security blurs to analyse manifestations of security that are visible and identifiable yet constructed and made up of a myriad and overlapping set of actors, roles, motivations, values, practices, ideas, materialities and power dynamics in their inception and performance. The chapters address the entanglements and overlaps between a variety of state and non-state security providers, from the police and the military to vigilantes, community organisations and private security companies. The contributors offer rich ethnographic studies of everyday security practices across a range of cultural contexts and reveal the impact on the lives of ordinary citizens. This book presents a new anthropological approach to security by explicitly addressing the overlap and entanglement of the practices and discourses of state and non-state security providers and the associated forms of cooperation and conflict that permit an analysis of these actors' activities as increasingly blurred. *Peacekeeping and Public Information* Ingrid Lehmann, 2018-12-07

Ms Lehmann has provided a timely and challenging prescription for just how the goals of placing communication functions at the heart of the strategic management of the UN might be achieved and a dramatic warning of the consequences of failing to do so. **Profit Over People** Noam Chomsky, 2011-09-06

Why is the Atlantic slowly filling with crude petroleum, threatening a millions of years old ecological balance? Why did traders at prominent banks take high risk gambles with the money entrusted to them by hundreds of thousands of clients around the world, expanding and leveraging their investments to the point that failure led to a global financial crisis that left millions of people jobless and hundreds of cities economically devastated? Why would the world's most powerful military spend ten years fighting an enemy that presents no direct threat to secure resources for

corporations The culprit in all cases is neoliberal ideology the belief in the supremacy of free markets to drive and govern human affairs And in the years since the initial publication of Noam Chomsky s *Profit Over People Neoliberalism and Global Order* the bitter vines of neoliberalism have only twisted themselves further into the world economy obliterating the public s voice in public affairs and substituting the bottom line in place of people s basic obligation to care for one another as ends in themselves In *Profit Over People* Chomsky reveals the roots of the present crisis tracing the history of neoliberalism through an incisive analysis of free trade agreements of the 1990s the World Trade Organization and the International Monetary Fund and describes the movements of resistance to the increasing interference by the private sector in global affairs In the years since the initial publication of *Profit Over People* the stakes have only risen Now more than ever *Profit Over People* is one of the key texts explaining how the crisis facing us operates and how through Chomsky s analysis of resistance we may find an escape from the closing net

**Encyclopedia of Conflicts Since World War II** James Ciment,2015-03-27 Thoroughly revised to include 25 conflicts not covered in the previous edition as well as expanded and updated information on previous coverage this illustrated reference presents descriptions and analyses of more than 170 significant post World War II conflicts around the globe Organized by region for ease of access *Encyclopedia of Conflicts Since World War II* Second Edition provides clear in depth explanations of events not covered in such detail in any other reference source Including more than 180 detailed maps and 150 photos the set highlights the conflicts that dominate today s headlines and the events that changed the course of late twentieth century history

**Being Ethical: Classic and New Voices on Contemporary Issues** Shari Collins,Bertha Alvarez Manninen,Jacqueline M. Gately,Eric Comerford,2016-12-19 This anthology takes a broad approach to ethics incorporating traditional topics and texts while bringing in voices and themes that are too often excluded A substantial section on ethical theory is provided as are readings on topics such as oppression sex identity the environment life and death war and terror and caring for others Accessible introductions and discussion questions are included throughout to contextualize material for the student reader without playing favorites among the positions at issue

**The Frederick Douglass Papers** Frederick Douglass,2018-01-01 A second volume of the collected correspondence of the great African American reformer and abolitionist features correspondence written during the Civil War years The second collection of meticulously edited correspondence with abolitionist author statesman and former slave Frederick Douglass covers the years leading up to the Civil War through the close of the conflict offering readers an illuminating portrait of an extraordinary American and the turbulent times in which he lived An important contribution to historical scholarship the documents offer fascinating insights into the abolitionist movement during wartime and the author s relationship to Abraham Lincoln and other prominent figures of the era

**Governing Disorder** Laura Zanotti,2011-02-02 The end of the Cold War created an opportunity for the United Nations to reconceptualize the rationale and extent of its peacebuilding efforts and in the 1990s democracy and good governance became legitimizing concepts for an expansion of UN activities The United

Nations sought not only to democratize disorderly states but also to take responsibility for protecting people around the world from a range of dangers including poverty disease natural disasters and gross violations of human rights National sovereignty came to be considered less an entitlement enforced by international law than a privilege based on states satisfactory performance of their perceived obligations In *Governing Disorder* Laura Zanotti combines her firsthand experience of UN peacebuilding operations with the insights of Michel Foucault to examine the genealogy of post Cold War discourses promoting international security Zanotti also maps the changes in legitimizing principles for intervention explores the specific techniques of governance deployed in UN operations and identifies the forms of resistance these operations encounter from local populations and the often unintended political consequences they produce Case studies of UN interventions in Haiti and Croatia allow her to highlight the dynamics at play in the interactions between local societies and international peacekeepers

*Duvalier's Ghosts* Jana Evans Braziel, 2017-05-24 Urgently pursues those nameless ghosts of Haitians lost in the liminal space of the Black Atlantic New West Indian Guide Foregrounds the experiences of refugees particularly those refused asylum and detained in camps the political mobilization of the diaspora in the United States the ramifications of the policies and adjustment programmes imposed on Haiti by the World Bank the International Monetary Fund and USAID Bulletin of Latin American Research Theoretically sound and well researched Braziel has written a compelling book on the literatures of post Duvalier Haiti Millery Polyne New York University A very original study a tour de force that crisscrosses the disciplinary boundaries typically separating the social sciences and the humanities It is richly researched beautifully written and will surely attract much critical attention and praise Valerie Kaussen University of Missouri From a position of urgent political engagement this provocative book offers novel and compelling interpretations of several well known Haitian born authors particularly regarding U S intervention in their homeland Drawing on the diasporic cultural texts of several authors such as Edwidge Danticat and Dany Laferrière Jana Evans Braziel examines how writers participate in transnational movements for global social justice In their fictional works they discuss the United States many interventionist methods in Haiti including surveillance foreign aid and military assistance Through their work they reveal that the majority of Haitians do not welcome these intrusions and actively criticize U S treatment of Haitians in both countries Braziel encourages us to analyze the instability and violence of small nations like Haiti within the larger frame of international financial and military institutions and forms of imperialism She forcefully argues that by reading these works as anti imperialist much can be learned about why Haitians and Haitian exiles often have negative perceptions of the U S

**Encyclopedia of Human Rights Issues Since 1945** Winston Langley, 2013-04-03 This comprehensive and up to date encyclopedia on human rights issues from 1945 to the present includes more than 400 entries on incidents and violations instruments and initiatives countries and human rights activities Its scope is global and its purpose is both to sum up the accomplishments in human rights in our time and also to point out and describe the violations that continue to be

perpetrated around the world Entries cover major issues incidents and violations concepts and terms activists organizations and human rights instruments Entries cover more than 50 countries from Afghanistan to Yugoslavia Entries conclude with suggestions for further readings and a timeline of significant dates since 1945 and the text of the Universal Declaration of Human Rights are also included

**Riding with Death** Jana Evans Braziel, 2017-06-22 On the southern end of the Grand Rue a major thoroughfare that runs through the center of Port au Prince waits the Haitian capital's automobile repair district This veritable junkyard of steel and rubber recycled parts old tires and scrap metal might seem an unlikely foundry for art Yet on the street's opposite end thrives the Grand Rue Galerie a working studio of assembled art and sculptures wrought from the refuse Established by artists Andr Eug ne and Jean H rard Celeur in the late 1990s the Grand Rue's urban environmental aesthetics defined by motifs of machinic urbanism Vodou bricolage the postprimitivist altermodern and performative politics radically challenge ideas about consumption waste and environmental hazards as well as consider innovative solutions to these problems in the midst of poverty insufficient social welfare lack of access to arts education and basic needs In *Riding with Death* Jana Evans Braziel explores the urban environmental aesthetics of the Grand Rue sculptors and the beautifully constructed sculptures they have designed from salvaged automobile parts rubber tires carved wood and other recycled materials Through first person accounts and fieldwork Braziel constructs an urban ecological framework for understanding these sculptures amid environmental degradation and grinding poverty Above all Braziel presents Haitian artists who live on the most challenged Caribbean island yet who thrive as creators reinventing refuse as art and resisting the abjection of their circumstances

Communication and Peace Julia Hoffmann, Virgil Hawkins, 2015-02-11 This book analyses the use of communication in resolving conflicts with a focus on de escalation and processes of peacebuilding and peace formation From the employment of hate radio in the Rwanda genocide to the current conflict between Russia and the Ukraine following events in the Crimea communication and the media are widely recognized as powerful tools in conflicts and war Although there has been significant academic attention on the relationship between the media conflict and war academic efforts to understand this relationship have tended to focus primarily on the links between communication and conflict rather than on communication and peace In order to make sense of peace it is essential to look at communication in its many facets mediated or not This is true within many of the diverse strands that make up the field of communication and peace but it is also true in the sense that a holistic and interdisciplinary approach is missing from the literature This book addresses this widely acknowledged lacuna by providing an interdisciplinary perspective on the field bringing together relevant but so far largely isolated streams of research In doing so it aims to provide a platform for further reflection of the meaning of and requirements for peace in our contemporary world with a focus on de escalation conflict transformation reconciliation and processes of peacebuilding as opposed to conflict escalation or crisis intervention This volume will be of much interest to students of peace and conflict studies peacebuilding media and communication studies security studies and

IR in general

The book delves into Haiti Dangerous Crossroads. Haiti Dangerous Crossroads is a crucial topic that needs to be grasped by everyone, ranging from students and scholars to the general public. This book will furnish comprehensive and in-depth insights into Haiti Dangerous Crossroads, encompassing both the fundamentals and more intricate discussions.

1. This book is structured into several chapters, namely:
    - Chapter 1: Introduction to Haiti Dangerous Crossroads
    - Chapter 2: Essential Elements of Haiti Dangerous Crossroads
    - Chapter 3: Haiti Dangerous Crossroads in Everyday Life
    - Chapter 4: Haiti Dangerous Crossroads in Specific Contexts
    - Chapter 5: Conclusion
  2. In chapter 1, the author will provide an overview of Haiti Dangerous Crossroads. This chapter will explore what Haiti Dangerous Crossroads is, why Haiti Dangerous Crossroads is vital, and how to effectively learn about Haiti Dangerous Crossroads.
  3. In chapter 2, the author will delve into the foundational concepts of Haiti Dangerous Crossroads. The second chapter will elucidate the essential principles that need to be understood to grasp Haiti Dangerous Crossroads in its entirety.
  4. In chapter 3, this book will examine the practical applications of Haiti Dangerous Crossroads in daily life. The third chapter will showcase real-world examples of how Haiti Dangerous Crossroads can be effectively utilized in everyday scenarios.
  5. In chapter 4, this book will scrutinize the relevance of Haiti Dangerous Crossroads in specific contexts. This chapter will explore how Haiti Dangerous Crossroads is applied in specialized fields, such as education, business, and technology.
  6. In chapter 5, this book will draw a conclusion about Haiti Dangerous Crossroads. This chapter will summarize the key points that have been discussed throughout the book.
- The book is crafted in an easy-to-understand language and is complemented by engaging illustrations. This book is highly recommended for anyone seeking to gain a comprehensive understanding of Haiti Dangerous Crossroads.
