Judith Hanson Lasater

Half Half Dog:

The Half & Half Dog, 1988 Scorned and ridiculed for his unusual appearance a dog half of which looks like a golden retriever and half a Scottie begins a search for acceptance and a sense of self worth **Pudd'nhead Wilson** Mark Twain, 1894 **Tutira** H. Guthrie-Smith, 2011-11-24 This pioneering 1921 book focuses on the environmental impact of introduced species on New Zealand's native flora and fauna **The Koryak** Waldemar Jochelson, 2016-04-26 Since the 18th century researchers and scientists have traveled the peninsula of Kamchatka in the Russian Far East Many of them were of German origin and had been commissioned by the Russian government to perform specific tasks Their exhaustive descriptions and detailed reports are still considered some of the most valuable documents on the ethnography of the indigenous peoples of that part of the world These works inform us about living conditions and particular ways of natural resource use at various times and provide us with valuable background information for current assessment As the first profound anthropological descriptions of that region the publications of the Jesup North Pacific Expedition undertaken in the first years of the 20th century marked the beginning of a new era of research in Russia They represented a shift of the already existing transnational research networks toward North America Jochelson's work **The Koryak** was an important milestone for Russian and North American anthropology that provides to this day a unique contribution to thoroughly understanding the cultures of the North Pacific rim **On Potato Mountain** Bruce Fraser, 2010-06 The people of the Chilcotin their history legends and pride inspire this closely woven and captivating mystery and lead to its surprising conclusion **The Obsession** Nora Roberts, 2016-04-12 Years after discovering her father's predatory double life Naomi Bowes struggles to hide her past from her neighbors in a new community a situation that introduces her to a new relationship and forces her to confront her demons **Materials of the Mind** James Poskett, 2022-02-19 Phrenology was the most popular mental science of the Victorian age From American senators to Indian social reformers this new mental science found supporters stretching around the globe **Materials of the Mind** tells the story of how phrenology changed the world and how the world changed phrenology This is a story of skulls from the Arctic plaster casts from Haiti books from Bengal and letters from the Pacific Drawing on far flung museum and archival collections and addressing sources in six different languages **Materials of the Mind** is the first substantial account of science in the nineteenth century as part of global history It shows how the circulation of material culture underpinned the emergence of a new materialist philosophy of the mind while also demonstrating how a global approach to history could help us reassess issues such as race technology and politics today *Defending Your Faith, revised and expanded edition* Dan Story, 2019-03-26 Real answers for the tough questions today's Christians face Whether you want to grow in your own understanding of Christianity or need trustworthy responses to the questions of friends Dan Story has the answers **Defending Your Faith** helps Christians see that their faith is reasonably and intelligently grounded on objective verifiable evidence And it equips readers to share these answers with

family friends and coworkers who have questions about Christianity Story's book has filled a valuable niche in apologetics for the past twenty years. He has helped countless readers answer confrontational questions such as: How do I know that God exists? Can I trust the Bible? Why is there evil and suffering in the world? Is God an environmentalist? Are the Bible and science in conflict? In this revised and expanded edition, Dan Story goes even further. With the latest apologetic evidence and tactics, he not only answers those age-old questions but also deals with new challenges to Christianity that have emerged over the last two decades, including the ubiquitous presence of social media. He also responds head-on to the new breed of vocal aggressive man on the street atheists. With culturally relevant strategies and a firm foundation of truth, *Defending Your Faith* will challenge you to share your faith with others while knowing that you are not alone as you witness for Christ.

Northwestern Christian Advocate, 1907 Lady Melvin Burgess, 2002-05-01 If you gotta be a dog be a bitch. My tail was going bananas as I rounded the corner and headed into Platt Fields park. The pavement was alive, my nose was an eye that sees into the past. I speeded up. Oh, I was in love with Terry but to run and sniff and feel my ears catching sounds out of the air. But what do you know? Only a dog could understand what I mean. Sandra Francy is seventeen and having way too much fun. Everyone wants to stop her but the problem is she likes it. When she accidentally gets turned into a dog, she's horrified at first but soon she starts to wonder if being human is worth the effort. Her attempts to hang on to her humanity are bizarre and often hilarious but her life as a dog leads her to pleasures she hardly knew existed. Award-winning author Melvin Burgess brilliantly captures the realities of teenage life and hormone imbalance.

Character in the Short Prose of Ivan Sergeevič Turgenev Sander Brouwer, 1996 Hansen Love that the meaning of a work of literature is generated by the interaction of paradigmatic and syntagmatic mechanisms. The image of character in Turgenev's stories is the result of devices characteristic of narrative as well as of verbal art. It is partly created with the help of leitmotifs that form sequences of equivalences and of intertextual references. Thus social representation is supplemented by lyrical and philosophical overtones. Comparable observations have been made by V. M. Markovic, 1982, on Turgenev's novels as well as on those by Pushkin, Gogol, and Lermontov.

Isle of Dogs Wes Anderson, 2018-03-30 Wes Anderson startled audiences with his stop-motion animated film of Roald Dahl's *Fantastic Mr. Fox*. He now displays his unique wit and playful visual sense in an action-filled saga of Samurai dogs.

Movin' Back! Jerry S. Hutter, 2022-12-14 Ferral's shelter is busy rescuing stray cats and dogs.
