

Progressive Hall of Fame Essay Example

"The Georgia Progressive Hall of Fame" There are many reasons why Woodrow Wilson, Oliver Wendell Holmes, Jr. , and Henry Grady should become nominated to be charter members of the Progressive Hall of Fame. A Progressive is a person who favors a wide range of reforms including economic, social, political and moral. All of these gentleman have incorporated honor and Justice into the tasks they have completed throughout there lives, each resembling the advancement and reorganization of the United States. Woodrow Wilson believed in and established a plan of progressive reform for the United

States. Democrats persuaded him to run for governor of New Jersey in 1910, which he accomplished due to his extremely effective progressive platform. After his election as governor, Wilson soon decided to run for President of the United States. For this election, his campaign applied emphasis on individualism and states' rights. He won the election of 1912, and was re-elected for another term in 1916. During his Presidency, soon after the Germans signed the Armistice (treaty) in November of 1918, Wilson went to Paris to try to construct an "enduring peace".

President Wilson, against his doctors' warnings, even made a national tour to persuade the public to support the Versailles Treaty. He was very religious and believed that he was guided by God's will. Wilson also wanted to personally determine the United States' foreign policy. He sought after freeing the United States of trusts and restoring the old economy of shops and small businesses. By doing so, he reclaimed the "Anti-Trust Act". Wilson personally said, "Americans... re meant to carry liberty and Justice and the principles of humanity wherever [they] go, [they] go ut and sell goods that will make the world more comfortable and more happy, and convert them to the principles of America". Wilson desired an "orderly change" for not only the United States, but for humanity. That is why he should be nominated to become a member of the Progressive Hall of Fame. Oliver Wendell Holmes, Jr. , or as his friends called him Just Wendell, attended Harvard College during the beginning of the Civil War.

He left Harvard to Join the "Twentieth Massachusetts Regiment" during the war, because he felt that it was his obligation toward his country. Holmes was well-known as a devoted Christian and an abolitionist (a person who is strongly against slav

Klaus, Ned Stuckey-French, 2012-03-15 The first historically and internationally comprehensive collection of its kind *Essayists on the Essay* is a path breaking work that is nothing less than a richly varied sourcebook for anyone interested in the theory practice and art of the essay This unique work includes a selection of fifty distinctive pieces by American Canadian English European and South American essayists from Montaigne to the present many of which have not previously been anthologized or translated as well as a detailed bibliographical and thematic guide to hundreds of additional works about the essay From a buoyant introduction that provides a sweeping historical and analytic overview of essayists thinking about their genre a collective poetics of the essay to the detailed headnotes offering pointed information about both the essayists themselves and the anthologized selections to the richly detailed bibliographic sections *Essayists on the Essay* is essential to anyone who cares about the form This collection provides teachers scholars essayists and readers with the materials they need to take a fresh look at this important but often overlooked form that has for too long been relegated to the role of service genre used primarily to write about other more literary genres or to teach young people how to write Here in a single celebratory volume are four centuries of commentary and theory reminding us of the essay's storied history its international appeal and its relationship not just with poetry and fiction but also with radio film video and new media The Making of the American Essay John D'Agata, 2016-03-15 For two decades essayist John D Agata has been exploring the contours of the essay through a series of innovative informative and expansive anthologies that have become foundational texts in the study of the genre The breakthrough first volume *The Next American Essay* highlighted major work from 1974 to 2003 while the second *The Lost Origins of the Essay* showcased the essay's ancient and international forebears Now with *The Making of the American Essay* D Agata concludes his monumental tour of this inexhaustible form with selections ranging from Anne Bradstreet's secular prayers to Washington Irving's satires Emily Dickinson's love letters to Kenneth Goldsmith's catalogues Gertrude Stein's portraits to James Baldwin's and Norman Mailer's meditations on boxing Across the anthologies D Agata's introductions to each selection intimate and brilliantly provocative throughout serve as an extended treatise collectively forming the backbone of the trilogy He uncovers new stories in the American essay's past and shows us that some of the most fiercely daring writers in the American literary canon have turned to the essay in order to produce our culture's most exhilarating art *The Making of the American Essay*

offers the essay at its most varied unique and imaginative best proving that the impulse to make essays in America is as old and as original as the nation itself *On Essays* Thomas Karshan, Kathryn Murphy, 2020 Sets out in a new and authoritative way the history of the essay explains how the essay has come to mean what it does surveys the widely various incarnations of the form offers new accounts of major essayists in English and traces a wide range of significant themes *The Weight of Shadows* José Orduña, 2016-04-12 Tracing his story of becoming a US citizen Jos Ordu a s memoir explores the complex issues of immigration and assimilation Jos Ordu a chronicles the process of becoming a North American citizen in a post 9 11 United States Intractable realities rooted in the continuity of US imperialism to globalism form the landscape of Ordu a s daily experience where the geopolitical meets the quotidian In one anecdote he recalls how the only apartment his parents could rent was one that didn t require signing a lease or running a credit check where the floors were so crooked he once dropped an orange and watched it roll in six directions before settling in a corner Ordu a describes the absurd feeling of being handed a piece of paper his naturalization certificate that guarantees something he has always known he has every right to be here A trenchant exploration of race class and identity *The Weight of Shadows* is a searing meditation on the nature of political linguistic and cultural borders and the meaning of America **The Land's Wild Music** Mark Tredinnick, 2011-04-14 *The Land s Wild Music* explores the home terrains and the writing of four great American writers of place Barry Lopez Peter Matthiessen Terry Tempest Williams and James Galvin In their work and its relationship with their home places Tredinnick an Australian writer searches for answers to such questions such as whether it s possible for a writer to make an authentic witness of a place how one captures the landscape as it truly is and how one joins the place in witness so that its lyric becomes one s own and enters into one s own work He asks what it might mean to enact an ecological imagination of the world and whether it might be possible to see the work and the writer as part of the place itself The work is a meditation on the nature of landscape and its power to shape the lives and syntax of men and women It is animated by the author s encounters with Lopez Matthiessen Williams and Galvin by critical readings of their work and by the author s engagement with the landscapes that have shaped these writers and their writing the Cascades Long Island the Colorado Plateau and the high prairies of the Rocky Mountains Tredinnick seeks the spring of nature writing deep in the nature of a place itself carried in a writer s wild self inside and resonated over and over again at the desk until it is a work in which the place itself sings **To Make the Hands Impure** Adam Zachary Newton, 2016-01-01 How can cradling handling or rubbing a text be said ethically to have made something happen What as readers or interpreters may come off in our hands in as we maculate or mark the books we read For Adam Zachary Newton reading is an embodied practice wherein ethics becomes a matter of tact in the doubled sense of touch and regard With the image of the book lying in the hands of its readers as insistent refrain *To Make the Hands Impure* cuts a provocative cross disciplinary swath through classical Jewish texts modern Jewish philosophy film and performance literature translation and the material text Newton explores the ethics of

reading through a range of texts from the Talmud and Midrash to Conrad's *Nostromo* and Pascal's *Le Mémorial* from works by Henry Darger and Martin Scorsese to the National September 11 Memorial and a synagogue in Havana, Cuba. In separate chapters he conducts masterly treatments of Emmanuel Levinas, Mikhail Bakhtin and Stanley Cavell by emphasizing their performances as readers a trebled orientation to Talmud, novel and theater film. *To Make the Hands Impure* stages the encounter of literary experience and scriptural traditions the difficult and the holy through an ambitious singular and innovative approach marked in equal measure by erudition and imaginative daring. **Vital Signs** Gregg Levoy, 2015-12-29 Explores what inspires passion and what defeats it. How we lose it and how we get it back. And ultimately examines the endless yet endlessly fruitful tug of war between freedom and domestication, the wild in us and the tame, our natural selves and our conditioned selves. *Interpreting Sports at Museums and Historic Sites* Kathryn Leann Harris, 2023-03-28 Sports are intertwined with American society. Since the earliest forms of native games to today's extreme competitions, sports have left an indelible mark on the fabric of American culture. Today sports are a multibillion dollar industry. Social media provides a never-ceasing outlet for community interaction surrounding sporting events and discussions. At their core, sports are an opportunity for self-exploration through the lens of competition, social structures and community building. *Interpreting Sports at Museums and Historic Sites* encourages museums, historical sites and cultural institutions to consider the history of sport as integral to American culture and society. Sports provide a vehicle to understanding the growth and development of America from colonization to globalization. Central to this work is a call to bring a balanced view of humanity to the sports commemoration conversation. Museums can and should be places of advocacy and inclusion for all athletes and sports figures, young, guiding sports and non-sports, museum professionals alike. A robust series of essays illuminate the innovative, forward-thinking nature of sport exhibition and programming that is an active part of the American museum experience. Thirty-two national and international authors take an honest look at the ways sports impacts culture and culture impacts sports. Six thematic essays uncover the particularities of navigating the sports historical landscape alongside an actively engaged present-day audience. Then a wide selection of case studies explore successful and unsuccessful attempts at attracting the public and engaging in educational discussion around both uplifting and difficult sports topics. Opportunities for including sports in exhibition planning and programmatic development are a key benefit of this practical guide. You'll discover an astounding variety of viewpoints and methods for offering popular sports programming into your institutional programming and outreach efforts. From a fun mix of museum professionals, historians and sports personnel comes this complete guide to developing and implementing a more cohesive story of sport history within your institution. **The Works of Alexander Pope: Moral essays** Alexander Pope, 1751 **Moral essays** Alexander Pope, 1757 **Verse**, 2002 **A Collection of Essays, Epistles and Odes,...** By **Alexander Pope, Esq** Alexander Pope, 1777 *An essay on man ... Blomefield,1739 **The Made-Up Self** Carl H. Klaus,2010-04-15 The human presence that animates the personal essay is surely one of the most beguiling of literary phenomena for it comes across in so familiar a voice that it is easy to believe we are listening to the author rather than a textual stand in. But the person in a personal essay is always a written construct a fabricated character its confessions and reminiscences as rehearsed as those of any novelist. In this first book length study of the personal essay Carl Klaus unpacks this made up self and the manifold ways in which a wide range of essayists and essays have brought it to life. By reconceiving the most fundamental aspect of the personal essay the I of the essayist Klaus demonstrates that this seemingly uncontrived form of writing is inherently problematic not willfully devious but bordering upon the world of fiction. He develops this key idea by explaining how structure style and voice determine the nature of a persona and our perception of it in the works of such essayists as Michel de Montaigne Charles Lamb E B White and Virginia Woolf. Realizing that this persona is shaped by the force of culture and the impress of personal experience he explores the effects of both upon the point of view content and voice of such essayists as George Orwell Nancy Mairs Richard Rodriguez and Alice Walker. Throughout in full command of the history of the essay he calls up numerous passages in which essayists themselves acknowledge the element of impersonation in their work drawing upon the perspectives of Joan Didion Edward Hoagland Joyce Carol Oates Leslie Marmon Silko Scott Russell Sanders Annie Dillard Vivian Gornick Loren Eiseley James Baldwin and a host of other literary guides. Finally adding yet another layer to the made up self Klaus succumbs to his addiction to the personal essay by placing some of the different selves that various essayists have called forth in him within the essays that he has crafted so carefully for this book. Making his way from one essay to the next with a persona variously learned whimsical and poignant he enacts the palimpsest of ways in which the made up self comes to life in the work of a single essayist. Thus over the course of this highly original beautifully structured study the personal essay is revealed to be more complex than many readers have supposed. With its lively analyses and illuminating examples *The Made Up Self* will speak to anyone who wishes to understand or to write personal essays. *An Essay on the Manufactures of Ireland* Thomas

Wallace,1798 *The Poetical Works of Alexander Pope: An essay on criticism. An essay on man. Universal prayer. Moral essays. [Miscellaneous poems] Imitations of English poets* Alexander Pope,1835 **An Essay on Man; Moral Essays and Satires** Alexander Pope,2019-11-19 Alexander Pope's *An Essay on Man Moral Essays and Satires* is a masterful exploration of human nature morality and the philosophical underpinnings of society during the Enlightenment. Written in heroic couplets and characterized by its wit and precision Pope addresses the complexities of existence outlining the relationship between humanity and the divine. The poem's structure and its blend of philosophy with satirical commentary reflect the neoclassical ideals of reason and order while also critiquing the imperfections of mankind in a rapidly changing world. Born in 1688 and enduring a life marked by physical challenges and societal upheaval Pope emerged as a leading figure in 18th century literature. His experiences in a volatile England allowed him to cultivate a keen sense of irony and moral insight influencing

his perception of human folly and virtue Pope's deep engagement with philosophical thought particularly that of Locke and Shaftesbury resonates throughout this work as he grapples with the balance between fate and free will ultimately advocating for an understanding of humanity within the context of a higher order This work is essential reading for anyone interested in the interplay between morality and poetry offering profound insights into the human condition Pope's eloquent language and sharp satire invite readers to reflect on their own lives and moral choices making it a timeless invitation to explore the depths of philosophical thought in an accessible manner
