**Swedish Jazz in the United States** Mischa van Kan, 2022-02-25 Swedish Jazz in the United States Swede and Cool traces and analyzes the dissemination and reception of jazz from Sweden in the United States during the period of 1947 1963 It maps the networks through which Swedish record companies exchanged recordings with their American counterparts establishing an American interest in Swedish jazz at a time long regarded as a predominantly American era Exploring these Swedish American exchanges rather than the canonized names in jazz shines a light on new perspectives in the genre clarifying the ways in which Swedish jazz was adapted to the American market and how it was understood in an American context The result is an opportunity to consider the challenges national borders present in a global jazz world while reflecting on the genre s expanding transnational reach during the 1950s

**Jammin' at the Margins** Krin Gabbard, 1996-05-15 American cinema has long been fascinated by jazz and jazz musicians Yet most jazz films aren t really about jazz Rather as Krin Gabbard shows they create images of racial and sexual identity many of which have become inseparable from popular notions of the music itself In *Jammin at the Margins* Gabbard scrutinizes these films exploring the fundamental obsessions that American culture has brought to jazz in the cinema Gabbard s close look at jazz film biographies from *The Jazz Singer* to *Bird* reveals Hollywood s reluctance to acknowledge black subjectivity Black and even white jazz artists have become vehicles for familiar Hollywood conceptions of race gender and sexuality Even Scorsese s *New York New York* and Spike Lee s *Mo Better Blues* have failed to disentangle themselves from entrenched stereotypes and conventions Gabbard also examines Hollywood s confrontation with jazz as an elite art form and the role of the jazz trumpet as a crucial signifier of masculinity Finally he considers the acting careers of Louis Armstrong Nat King Cole and Hoagy Carmichael Duke Ellington s extraordinary work in films from 1929 until the late 1960s and the forgotten career of Kay Kyser star of nine Hollywood films and leader of a popular swing band This insightful look at the marriage of jazz and film is a major contribution to film jazz and cultural studies

*Representing Jazz* Krin Gabbard, 1995 Traditional jazz studies have tended to see jazz in purely musical terms as a series of changes in rhythm tonality and harmony or as a parade of great players But jazz has also entered the cultural mix through its significant impact on novelists filmmakers dancers painters biographers and photographers *Representing Jazz* explores the other history of jazz created by these artists a history that tells us as much about the meaning of the music as do the many books that narrate the lives of musicians or describe their recordings Krin Gabbard has gathered essays by distinguished writers from a variety of fields They provide engaging analyses of films such as *Round Midnight* *Bird* *Mo Better Blues* *Cabin in the Sky* and *Jammin the Blues* the writings of Eudora Welty and Dorothy Baker the careers of the great lindy hoppers of the 1930s and 1940s Mura Dehn s extraordinary

documentary on jazz dance the jazz photography of William Claxton painters of the New York School the traditions of jazz autobiography and the art of vocalese The contributors to this volume assess the influence of extramusical sources on our knowledge of jazz and suggest that the living contexts of the music must be considered if a more sophisticated jazz scholarship is ever to evolve Transcending the familiar patterns of jazz history and criticism Representing Jazz looks at how the music actually has been heard and felt at different levels of American culture With its companion anthology Jazz Among the Discourses this volume will enrich and transform the literature of jazz studies Its provocative essays will interest both aficionados and potential jazz fans Contributors Karen Backstein Leland H Chambers Robert P Crease Krin Gabbard Frederick Garber Barry K Grant Mona Hadler Christopher Harlos Michael Jarrett Adam Knee Arthur Knight James Naremore

Jazz in Conversation Deborah Mawer, 2014-12-04 French concert music and jazz often enjoyed a special creative exchange across the period 1900-65. French modernist composers were particularly receptive to early African American jazz during the interwar years and American jazz musicians especially those concerned with modal jazz in the 1950s and early 1960s exhibited a distinct affinity with French musical impressionism. However, despite a general if contested interest in the cultural interplay of classical music and jazz, few writers have probed the specific French music jazz relationship in depth. In this book, Deborah Mawer sets such musical interplay within its historical, cultural, and critical analytical contexts, offering a detailed yet accessible account of both French and American perspectives. Blending intertextuality with more precise borrowing techniques, Mawer presents case studies on the musical interactions of a wide range of composers and performers including Debussy, Satie, Milhaud, Ravel, Jack Hylton, George Russell, Bill Evans, and Dave Brubeck. **Jazz on My Mind** Herb

Wong, Paul Simeon Fingerote, 2016-04-27 Dr Herb Wong 1926-2014 was an internationally recognized jazz industry leader and the author of more than 400 liner notes from the 1940s through the early 2000s. He reviewed not only the tracks on those albums but the artists and their eras as well. This book features the best of Wong's liner notes, articles, and album selections, his personal stories about the artists, and his illuminating one-on-one conversations with many jazz greats, providing an insightful jazz primer and invaluable discography. **NEA Jazz Masters**, 2008 CD contains over 40 Jazz Moments originally aired on XM Satellite Radio, which include interviews, musical samples, historical information, and first-person anecdotes.

*The Modern Moves West* Richard Cándida Smith, 2012-05-28 In 1921 Sam Rodia, an Italian laborer and tile setter, started work on an elaborate assemblage in the backyard of his home in Watts, California. The result was an iconic structure now known as the Watts Towers. Rodia created a work that was original even though the resources available to support his project were virtually nonexistent. Each of his limitations, whether of materials, real estate finances, or his own education, passed through his creative imagination to become a positive element in his work. In *The Modern Moves West*, accomplished cultural historian Richard Cándida Smith contends that the Watts Towers provided a model to succeeding California artists that was no longer defined through a subordinate relationship to the artistic capitals of New York and Paris. Tracing the development of abstract painting, assemblage art, and efforts to build new arts institutions, Cándida Smith lays bare the tensions between the democratic and professional sides of modern and contemporary art as California developed a distinct regional cultural life. Men and women from groups long alienated, if not forcibly excluded from the worlds of high culture, made their way in staking out their participation with images and objects that responded to particular circumstances as well as dilemmas of contemporary life in the process of changing the public for whom art was made. Beginning with the emergence of modern art in nineteenth-century France and its influence on young Westerners and continuing through to today's burgeoning border art movement along the U.S.-Mexican frontier, *The Modern Moves West* dramatically illustrates the paths that California artists took toward a more diverse and inclusive culture. **Resource for Vintage Black Movies & Videos** Fred W.
