Je Suis Cadien:

Je suis Cadien Jean Arceneaux, 1994 **Je Suis Cadien , The Cajuns** Shane K. Bernard, 2009-09-28 The past sixty years have shaped and reshaped the group of French speaking Louisiana people known as the Cajuns During this period they have become much like other Americans and yet have remained strikingly distinct The Cajuns Americanization of a People explores these six decades and analyzes the forces that had an impact on Louisiana s Acadiana In the 1940s when America entered World War II so too did the isolated Cajuns Cajun soldiers fought alongside troops from Brooklyn and Berkeley and absorbed aspects of new cultures In the 1950s as rock n roll and television crackled across Louisiana airwaves Cajun music makers responded with their own distinct versions In the 1960s empowerment and liberation movements turned the South upside down During the 1980s as things Cajun became an absorbing national fad Cajun became a kind of brand identity used for selling everything from swamp tours to boxed rice dinners At the dawn of the twenty first century the advent of a new information age launched Cyber Cajuns onto a worldwide web All these forces have pushed and pulled at the fabric of Cajun life but have not destroyed it A Cajun himself the author of this book has an intense personal fascination in his people By linking seemingly local events in the Cajuns once isolated south Louisiana homeland to national and even global events Bernard demonstrates that by the middle of the twentieth century the Cajuns for the first time in their ethnic story were engulfed in the currents of mainstream American life and yet continued to make outstandingly distinct contributions

Cajun Literature and Cajun Collective Memory Mathilde Köstler, 2022-12-19 How does Cajun literature emerging in the 1980s represent the dynamic processes of remembering in Cajun culture Known for its hybrid constitution and deeply ingrained oral traditions Cajun culture provides an ideal testing ground for investigating the collective memory of a group In particular francophone and anglophone Cajun texts by such writers as Jean Arceneaux Tim Gautreaux Jeanne Castille Zachary Richard Ron Thibodeaux Darrell Bourque and Kirby Jambon reveal not only a shift from an oral to a written tradition They also show hybrid perspectives on the Cajun collective memory Based on recurring references to place the texts also reflect on the Acadian past and reveal the innate ability of the Cajuns to adapt through repeated intertextual references The Cajun collective memory is thus defined by a transnational outlook a transversality cutting across various ethnic heritages to establish and legitimize a collective identity both amid the linguistic and cultural diversity in Louisiana and in the face of American mainstream culture Cajun Literature and Cajun Collective Memory represents the first analysis of the mnemonic strategies Cajun writers use to explore and sustain the Cajun identity and collective memory *A Multicultural and Multifaceted Study of Ideologies and Conflicts related to the Complex Realities and Fictions of Nation and Identity represented in Contemporary Literature Written in English* José María Gutiérrez Arranz, 2009-03-26 This book contains a multicultural and multifaceted study of ideologies and conflicts related to the complex realities and fictions of Nation and Identity represented in contemporary literature written in English The history and present time of the United Kingdom the

Suresh Canagarajah,2005-01-15 This volume inserts the place of the local in theorizing about language policies and practices in applied linguistics While the effects of globalization around the world are being discussed in such diverse circles as corporations law firms and education and while the spread of English has come to largely benefit those in positions of power relatively little has been said about the impact of globalization at the local level directly or indirectly Reclaiming the Local in Language Policy and Practice is unique in focusing specifically on the outcomes of globalization in and among the communities affected by these changes The authors make a case for why it is important for local social practices communicative conventions linguistic realities and knowledge paradigms to actively inform language policies and practices for classrooms and communities in specific contexts and to critically inform those pertaining to other communities Engaging with the dominant paradigms in the discipline of applied linguistics the chapters include research relating to second language acquisition sociolinguistics literacy and language planning The majority of chapters are case studies of specific contexts and communities focused on situations of language teaching Beyond their local contexts these studies are important for initiating discussion of their relevance for other different communities and contexts Taken together the chapters in this book approach the task of reclaiming and making space for the local by means of negotiating with the present and the global They illuminate the paradox that the local contains complex values of diversity multilingualism and plurality that can help to reconceive the multilingual society and education for postmodern times **Louisiana Creole Literature** Catharine Savage Brosman,2013-10-17 Louisiana Creole Literature is a broad ranging critical reading of belles lettres in both French and English connected to and generally produced by the distinctive Louisiana Creole peoples chiefly in

Folklore Figures of French and Creole Louisiana Nathan Rabalais, 2021-03-10 In Folklore Figures of French and Creole Louisiana Nathan J Rabalais examines the impact of Louisiana's remarkably diverse cultural and ethnic groups on folklore characters and motifs during the eighteenth and nineteenth centuries Establishing connections between Louisiana and France West Africa Canada and the Antilles Rabalais explores how folk characters motifs and morals adapted to their new contexts in Louisiana By viewing the state's folklore in the light of its immigration history he demonstrates how folktales can serve as indicators of sociocultural adaptation as well as contact among cultural communities In particular he examines the ways in which collective traumas experienced by Louisiana's major ethnic groups slavery the grand dérangement linguistic discrimination resulted in fundamental changes in these folktales in relation to their European and African counterparts Rabalais points to the development of an altered moral economy in Cajun and Creole folktales Conventional heroic qualities such as physical strength are subverted in Louisiana folklore in favor of wit and cunning Analyses of Black Creole animal tales like those of Bouki et Lapin and Tortie demonstrate the trickster hero's ability to overcome both literal and symbolic entrapment through cleverness Some elements of Louisiana's folklore tradition such as the rougarou and cauchemar remain an integral presence in the state's cultural landscape apparent in humor popular culture regional branding and children's books Through its adaptive use of folklore French and Creole Louisiana will continue to retell old stories in innovative ways as well as create new stories for future generations The Berkeley Literary Women's Revolution Marsha Hudson, Bridget Connelly, Doris Earnshaw, 2005 Even during the late 1960s academia remained largely the province of men That began to change at the University of California at Berkeley in 1969 when Marsha Hudson posted notices across campus proposing a feminist literary salon The purpose was to discuss women's literature a few female writers received passing notice in the classroom but the multitude was either ignored or forgotten The informal gatherings continued for

years growing into an activist movement that established the first Women's Studies major at Berkeley helped produce the first major anthologies of women's poetry and fought for equality and recognition in every corner of the education system. They risked their academic futures in the process but the efforts of those women and others helped change the face and shape of higher learning forever. These 16 essays were written by members of Marsha's Salon and its successors the Comparative Literature Women's Caucus a group of female graduate students at UC Berkeley organized in 1969 by Marsha Hudson. The group met for years and helped lead the charge to bring sexual equality to all facets of education. These annotated essays recount the atmosphere of the time that made change necessary the upheaval brought about by the feminist revolution in education the direction that the movement took and the current state of feminist learning in academia. An appendix features period letters and documents from group members regarding the need for changes at Berkeley as well as statistical information about women's studies and related subjects.

Dictionary of Louisiana

French Albert Valdman, Kevin J. Rottet, Barry Jean Ancelet, Richard Guidry, Thomas A. Klingler, Amanda LaFleur, Tamara Lindner, Michael D. Picone, Dominique Ryon, 2010-09-30 The Dictionary of Louisiana French DLF provides the richest inventory of French vocabulary in Louisiana and reflects precisely the speech of the period from 1930 to the present. This dictionary describes the current usage of French speaking peoples in the five broad regions of South Louisiana the coastal marshes the banks of the Mississippi River the central area the north and the western prairie. Data were collected during interviews from at least five persons in each of twenty four areas in these regions. In addition to the data collected from fieldwork the dictionary contains material compiled from existing lexical inventories from texts published after 1930 and from archival recordings. The new authoritative resource the DLF not only contains the largest number of words and expressions but also provides the most complete information available for each entry. Entries include the word in the conventional French spelling the pronunciation including attested variants the part of speech classification the English equivalent and the word's use in common phrases. The DLF features a wealth of illustrative examples derived from fieldwork and textual sources and identification of the parish where the entry was collected or the source from which it was compiled. An English to Louisiana French index enables readers to find out how particular notions would be expressed in la Louisiane.
