Oliphant, 2018-05-23 Reproduction of the original *The Doctor's Family* by Mrs Oliphant **The Doctor's Family** Maprapet Олифант, 2017-05-16 **The Doctor's Family - Chronicles of Carlingford** Mrs. Oliphant, 2018-03-16 *The Doctor's Family* is the third of seven works set in the delightful country town of Carlingford known as Oliphant's *Chronicles of Carlingford* It was originally published in 1861 as part of a series which first appeared in *Blackwood's Magazine* Margaret Oliphant was a Scottish novelist and historical writer who usually wrote as Mrs Oliphant During her career she wrote more than 120 works including novels travelogues histories and volumes of literary criticism Two of her better known fictional works are *Miss Marjoribanks* 1866 and *Phoebe Junior* 1876 Many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce and increasingly expensive We are republishing these classic works in affordable high quality modern editions with a new introductory biography **The rector and the doctor's family. (Chronicles of Carlingford).**

Margaret Oliphant Oliphant, 1863 **The Rector and The Doctor's Family** Margaret Oliphant, 2023-10-19T21:26:13Z When the stories that became the *Chronicles of Carlingford* series first appeared anonymously speculation had it that they were the work of George Eliot The connection was a natural one Only a few years earlier Eliot's *Scenes of Clerical Life* had appeared in *Blackwood's Magazine* The *Carlingford* stories too were originally published in *Blackwood's* and they had much to do with ecclesiastical affairs in the town Eliot did not feel flattered by the attribution although her own work and that of Margaret Oliphant continued to have fascinating connections The two novellas joined in this ebook as they were in their signed publication of 1863 introduce readers to the sleepy town of Carlingford with its intricate and layered social life The

Rector tells the story of an Oxford scholar in holy orders embarking on parish ministry only in middle age The demands of the role expose his personal inadequacies and provoke his attempts to come to terms with them The central character of The Doctor's Family is Dr Rider an unexceptional young medical man His dissolute older brother Fred has once before ruined his nascent career and Fred's arrival in Carlingford from Australia threatens to do so again all the more so when his family until then unknown to Dr Rider shows up in town as well Particularly Fred's waif like but efficient sister in law really a little autocrat claims Dr Rider's attention in unexpected ways The hopes and conflicts of these ordinary men provide the details for the portraits which Oliphant paints on the canvas of Carlingford life She took some inspiration for these chronicles from the Barsetshire novels of Anthony Trollope which had by this time become great successes While the debt is obvious Oliphant's vision both socially and artistically differs significantly from Trollope's Not only does Oliphant attend to aspects of society in which Trollope had little interest but she also writes with a woman's insight and a flair arising out of her experience as the competent manager of her own troubled family This book is part of the Standard Ebooks project which produces free public domain ebooks

Ghosts of New Orleans Rosary Hartel O'Neill, 2008 Both anthologies are about New Orleans the past and the present This author has grown up in this city and there is a certain timelessness about it the past definitely influences the present All the plays are permeated with the sensuousness decadence and bewilderment of brave and driven people living in chaos confusion extreme pleasure and delight I hope you get a taste of this rich jambalaya of life as you experience these plays Volume Two contains historical plays mostly Victorian with characters driven by stratified society and tradition Knowledge of New Orleans history made me want to adapt Uncle Vanya I loved the play but felt its details were too Russian I took the bones of Vanya and put it on a plantation called Waverly the last sugarcane plantation in Louisiana and called my play Uncle Victor That play won a number of awards and hooked me on historical drama I also researched Edgar Degas' visit to New Orleans in 1872 and wrote a nine cast show so struck was I by all Degas' relatives who had lived with him in 1872 Degas had tried to save his Uncle's failing cotton business and create new roots in the city of his mother He fell prey to scandal and decadence I spent days visiting Kate Chopin's house in Cloutierville La and interviewed descendants of Chopin's lover Albert Sanpitié and town members about the scandals of her life I researched in French and English all the books on Degas I did similar research in New York and Paris for Beckett at Greystones Bay and John Singer Sargent and Madame X which are loosely tied to New Orleans We are glad Degas did go back to Paris and paint and didn't succumb to the temptations of New Orleans We are pleased Sargent refused to change his scorned portrait of Madame X and that Kate Chopin forged a way to raise her six children and still write

The Man with a Shadow George Manville Fenn, 2021-04-25 In *The Man with a Shadow* George Manville Fenn intricately weaves a tale that explores the themes of identity deception and societal norms during the Victorian era The narrative is characterized by Fenn's vivid descriptions and sharp characterizations reflecting the complexities of human nature amid the rigid constraints of 19th century society As the plot

unfolds the reader is drawn into a web of intrigue that probes the moral dilemmas faced by the protagonist ultimately leading to a profound realization of self and truth Fenn's stylistic flair combined with his adept handling of suspense propels the story forward and engages readers on both intellectual and emotional levels George Manville Fenn an esteemed British author and a prolific writer of adventure and children's literature often drew upon his own experiences including his work as a journalist and explorer Born in 1831 Fenn's diverse career and keen observations of societal dynamics fueled his passion for storytelling His affinity for elevating ordinary lives to epic proportions is particularly evident in this work which reflects a nuanced understanding of the human psyche and the unseen shadows that define our existence *The Man with a Shadow* is a captivating blend of mystery and moral inquiry making it an essential read for those interested in Victorian literature and character driven narratives Fenn's exploration of the dualities of human nature invites readers to reflect on their own identities and the facades they navigate rendering this novel both a thought provoking and enjoyable experience **Jet**
