Jean Santeuil:

The Cambridge Introduction to Marcel Proust Adam Watt, 2011-04-07 Proust's *A la recherche du temps perdu* In Search of Lost Time 1913 27 changed the course of modern narrative fiction This Introduction provides an account of Proust's life the socio historical and cultural contexts of his work and an assessment of his early works At its core is a volume by volume study of In Search of Lost Time which attends to its remarkable superstructure as well as to individual images and the intricacies of Proust's finely stitched prose The book reaches beyond stale commonplaces of madeleines and memory alerting readers to Proust's verbal virtuosity his preoccupations with the fleeting and the unforeseeable with desire jealousy and the nature of reality Lively informative chapters on Proust criticism and the work's afterlives in contemporary culture provide a multitude of paths to follow The book charges readers with the energy and confidence to move beyond anecdote and hearsay and to read Proust's novel for themselves

Proust's Gods Margaret Topping, 2000 Proust's Gods explores two interweaving networks of imagery which are vital to key thematic areas of Proust's fictional construct These are Christian and biblical and classical and mythological figures of speech Proust's metaphorical vision plucks legends and figures drawn from these sources out of their original settings and thrusts them with all their persistent resonances into new and often unlikely contexts Yet these deliberately incongruous juxtapositions and the sliding scale of tones they produce are also strangely apt and amongst the richest sources of humorous effects in the novel The study also analyses the increasing sophistication of Proust's imagery from his earliest writings onwards and re-evaluates the role of the largely ignored Correspondance in his development as a writer Considered as texts rather than biographical documents the letters are identified as a flexible stylistic stamping ground and an arena for experimentation for later works *The Promise of Memory* Lorna Martens, 2011-10-10 We once believed in the power of Proust's madeleine and Wordsworth's boyhood memories before literary culture began to defer to Freud's questioning of adult memories of childhood In this first sustained look at childhood memories as depicted in literature Lorna Martens reveals how much we may have lost by turning our attention the other way

The Modern Movement John Gross, 1992 Twelve authors from W B Yeats to Franz Kafka and how the TLS reacted to their work on its first appearance and something of how it has come to be viewed in retrospect Marcel Proust Harold Bloom, 2004 A collection of essays written by various scholars critically analyzing the life and works of French author Marcel Proust Includes analyses of characters themes and symbolism in Proust's major works Also contains an annotated bibliography that can be used for finding further information

Jean Santeuil: the Visible Vocation Annabelle Marjorie Rea, 1971 *Mimesis and Theory* René Girard, Robert Doran, 2008 Mimesis and Theory brings together twenty previously uncollected essays on literature and literary theory by one of the most important thinkers of the past thirty years *Proust among the Nations* Jacqueline Rose, 2024-05-31 Known for her far reaching examinations of psychoanalysis literature and politics Jacqueline Rose has in recent years turned her attention to the Israel Palestine conflict one of the most enduring and

apparently intractable conflicts of our time In Proust among the Nations she takes the development of her thought on this crisis a stage further revealing it as a distinctly Western problem In a radical rereading of the Dreyfus affair through the lens of Marcel Proust in dialogue with Freud Rose offers a fresh and nuanced account of the rise of Jewish nationalism and the subsequent creation of Israel Following Proust s heirs Beckett and Genet and a host of Middle Eastern writers artists and filmmakers Rose traces the shifting dynamic of memory and identity across the crucial and ongoing cultural links between Europe and Palestine A powerful and elegant analysis of the responsibility of writing Proust among the Nations makes the case for literature as a unique resource for understanding political struggle and gives us new ways to think creatively about the violence in the Middle East Marcel Proust William C. Carter,2013-04-16 Reissued with a new preface to commemorate the publication of *A la recherche du temps perdu* one hundred years ago this title portrays in abundant detail the life and times of literary voices of the twentieth century **The Proustian Mind** Anna Elsner,Thomas Stern,2022-12-30 When Marcel Proust started to work on *In Search of Lost Time* in 1908 he wrote this question in his notebook Should I make it a novel a philosophical study am I a novelist Throughout his famous multi volume work Proust directly engages several philosophers and few novels are as thoroughly saturated with philosophical themes and concepts as *In Search of Lost Time* **The Proustian Mind** is an outstanding reference source to the rich philosophical range of Proust s work and the first major volume of its kind Including 31 chapters by an international team of contributors the volume is divided into seven clear parts Proust s life and works metaphysics and epistemology mind and language aesthetics ethics gender and sexuality predecessors contemporaries and successors Within these sections key Proustian themes are explored from a philosophical standpoint including time the self memory imagination jealousy beauty love subjectivity and desire The final section considers Proust in relation to important philosophers such as Schopenhauer Nietzsche Bergson Merleau Ponty Sartre de Beauvoir and Deleuze **The Proustian Mind** is essential reading for those studying aesthetics philosophy of literature phenomenology and ethics and will also be of interest to those in literature studying modernism French literature and the relationship between literature and philosophy **Proust in Perspective** Armine Kotin Mortimer,Katherine Kolb,2002-08-07 Marcel Proust speaks to us today as a contemporary and a classic His great novel resonates across languages and time summing up the past interpreting the present and envisioning the future For Proust in Perspective scholars from France Italy Belgium Germany Sweden Japan Canada and the United States have drawn on rich new editions of Proust s novel and correspondence to bring us fresh views of his work In nineteen original essays a foreword by Jean Yves Tadi and an introduction by editors Armine Kotin Mortimer and Katherine Kolb this volume guides readers through the dense weave of Proust s fiction and correspondence The essays take us into the realm of Proustian language as quotation metaphor and memory and into art history and musical ideology connecting the art of words with the words of art They explore the interface of history and fiction the mysteries of the text s evolution and the dilemmas of its publication They present the

revelations of genetic criticism and the surprises of gender analysis Taken together these essays conjure a multifaceted profile of Proust his work life character and influence and of new directions in Proust scholarship today With compelling rigor and infectious enthusiasm Proust in Perspective conveys the magnitude of Proust s continuing appeal **Proust, Class, and Nation** Edward J. Hughes,2011-09-08 Writing in 1927 Julien Benda described France as being afflicted by the twin scourges of narrow class based politics and rabid nationalism He nevertheless identified Marcel Proust who had died in 1922 as a writer who had refused to embrace the ideological narrowness of his age Edward J Hughes seeks to assess how Proust and his novel A la recherche du temps perdu might be understood in relation to issues of class and nation A la recherche was produced in momentous times As an extended textual construction first conceived of in 1908 and the last tranche of which appeared posthumously almost two decades later it was assembled against a backdrop of major historical events pre war tensions in the wake of the Dreyfus Affair and the Separation of Church and State issues on which Proust had campaigned publicly the First World War and the atmosphere of narrow nationalism and Germanophobia which the conflict generated and the continuing polarization in class politics in the years after the First World War These all find echoes in A la recherche and Hughes establishes how the exposure given to questions of class and nation needs to be understood historically He demonstrates that the frequently entrenched positions of Proust s contemporaries at times square with the language and images of social conservatism to be found in A la recherche Yet alongside that Hughes unearths evidence that points to Proust as a free floating often playful iconoclast and radical commentator who as Theodor Adorno observed resisted bourgeois compartmentalization Marcel Proust Edward J. Hughes,2010-11-25 This 1983 book attempted to address the dearth of analysis of the crisis of hypersensitivity in many of Proust s characters **A Company of Readers** Wystan Hugh Auden,Lionel Trilling,2001 A collection of 45 columns and essays by the three eminent writers originally written for the bulletin of the Readers Subscription Book Club Modern Manuscripts and the Pre-History of Digital Humanities Alex Christie,2024-06-01 While text processing is often associated with the digital humanities it is still seen as worlds apart from literary modernism and its aesthetic preoccupations This book upsets that narrative Examining literary manuscripts from some of the twentieth century s best known and lesser known novelists from Marcel Proust to Mina Loy Alex Christie reveals where authors experimented with proto digital writing methods by hand Instead of looking to computers as sources of inspiration the authors discussed turned to twentieth century media for their ability to reveal new layers of the material world From analog fantasies of contacting the dead to digital anxieties of invisible information the aesthetic ambitions of these novels can be traced back to their author s interest in emerging media devices and their technical operation To capture the magic of such devices through writing these authors devised radical methods for generating literary text anticipating today s digital humanities Understanding Marcel Proust Allen Thiher,2013-08-15 Understanding Marcel Proust includes an overview of Marcel Proust s development as a writer addressing both works published and unpublished in his lifetime and

then offers an in depth interpretation of Proust's major novel *In Search of Lost Time* relating it to the Western literary tradition while also demonstrating its radical newness as a narrative. In his introduction Allen Thiher outlines Proust's development in the context of the political and artistic life of the Third Republic arguing that everything Proust wrote before *In Search of Lost Time* was an experiment in sorting out whether he wanted to be a writer of critical theory or of fiction. Ultimately Thiher observes all these experiments had a role in the elaboration of the novel. Proust became both theorist and fiction writer by creating a bildungsroman narrating a writer's education. What is perhaps most original about Thiher's interpretation however is his demonstration that Proust removed his aged narrator from the novel's temporal flow to achieve a kind of fictional transcendence. Proust never situates his narrator in historical time which allows him to demonstrate concretely what he sees as the function of art: the truth of the absolute particular removed from time's determinations. The artist that the narrator hopes to become at the end of the novel must pursue his own individual truths those in fact that the novel has narrated for him and the reader up to the novel's conclusion. Written in a language accessible to upper level undergraduates as well as literate general readers *Understanding Marcel Proust* simultaneously addresses a scholarly public aware of the critical arguments that Proust's work has generated. Thiher's study should make Proust's *In Search of Lost Time* more widely accessible by explicating its structure and themes.

Dreyfus and the Literature of the Third Republic Evelyn Gould, 2012-10-06 Captain Alfred Dreyfus a French Jewish army officer spent twelve years from 1894 to 1906 in solitary confinement for a crime he did not commit. Amidst the dramatic and shifting revelations of what would come to be known throughout the world as the Dreyfus Affair four influential authors reassessed their moral convictions on the civic questions posed by this abuse. Emile Zola Maurice Barres Bernard Lazare and Marcel Proust offered fictive articulations of response to these questions. Among them national citizenship and the roles of secularism and public education as well as tolerance of Jews and other immigrants to France loom largest. The four authors considered dilemmas still unresolved in the modern democratic cultures of Europe today. Moreover as this critical study illuminates the writers in effect were teaching readers to negotiate individual desires and collective purpose and to assess their own values as the effects of Dreyfus continued to ripple through society.

Marcel Proust Edmund White, 1999-01-01 The celebrated novelist and influential cultural critic's classic biography of one of history's most important writers Marcel Proust. If there is anyone worthy of producing an intimate biography of the enigmatic genius behind *Remembrance of Things Past* it is Edmund White himself an award winning writer for whom Marcel Proust has long been an obsession. White introduces us not only to the recluse endlessly rewriting his one massive work through the night but also the darling of Parisian salons the grasper after honors and the closeted homosexual a subject this book is the first to explore openly. From the frothiest gossip to the deepest angst here is a moving portrait to be treasured by anyone looking for an introduction to this literary icon.

Novel Gazing Eve Kosofsky Sedgwick, 1997-12-15 *Novel Gazing* is the first collection of queer criticism on the history of the novel. The contributors to this volume navigate new

territory in literary theory with essays that implicitly challenge the hermeneutic of suspicion widespread in current critical theory In a stunning introductory essay Eve Kosofsky Sedgwick delineates the possibilities for a criticism that would be reparative rather than cynical or paranoid The startlingly imaginative essays in the volume explore new critical practices that can weave the pleasures and disorientations of reading into the fabric of queer analyses Through discussions of a diverse array of British French and American novels including major canonical novels best sellers children s fiction and science fiction these essays explore queer worlds of taste texture joy and ennui focusing on such subjects as flogging wizardry exorcism dance Zionist desire and Internet sexuality Interpreting the works of authors as diverse as Benjamin Constant Toni Morrison T H White and William Gibson along with canonical queer modernists such as James Proust Woolf and Cather contributors reveal the wealth of ways in which selves and communities succeed in extracting sustenance from the objects of a culture whose avowed desire has often been not to sustain them The dramatic reframing that these essays perform will make the significance of *Novel Gazing* extend beyond the scope of queer studies to literary criticism in general Contributors Stephen Barber Renu Bora Anne Chandler James Creech Tyler Curtain Jonathan Goldberg Joseph Litvak Michael Lucey Jeff Nunokawa Cindy Patton Jacob Press Robert F Reid Pharr Eve Kosofsky Sedgwick Melissa Solomon Kathryn Bond Stockton John Vincent Maurice Wallace Barry Weller

Literature and Evil Georges Bataille, 2012-10-04 Literature is not innocent stated Georges Bataille in this extraordinary 1957 collection of essays arguing that only by acknowledging its complicity with the knowledge of evil can literature communicate fully and intensely These literary profiles of eight authors and their work including Emily Bront s *Wuthering Heights* Baudelaire s *Les Fleurs du Mal* and the writings of Sade Kafka and Sartre explore subjects such as violence eroticism childhood myth and transgression in a work of rich allusion and powerful argument
