Russian Writers on Translation Brian James Baer, Natalia Olshanskaya, 2014-07-16 Since the early eighteenth century following Peter the Great's policy of forced westernization, translation in Russia has been a very visible and much discussed practice. Generally perceived as an important service to the state and the nation, translation was also viewed as a high art, leading many Russian poets and writers to engage in literary translation in a serious and sustained manner. As a result, translations were generally regarded as an integral part of an author's oeuvre and of Russian literature as a whole. This volume brings together Russian writings on translation from the mid 18th century until today and presents them in chronological order, providing valuable insights into the theory and practice of translation in Russia. Authored by some of Russia's leading writers such as Aleksandr Pushkin, Fedor Dostoevskii, Lev Tolstoi, Maksim Gorkii, and Anna Akhmatova, many of these texts are translated into English for the first time. They are accompanied by extensive annotation and biographical sketches of the authors and reveal Russian translation discourse to be a sophisticated and often politicized exploration of Russian national identity as well as the nature of the modern subject. *Russian Writers on Translation* fills a persistent gap in the literature on alternative translation traditions, highlighting the vibrant and intense culture of translation on Europe's periphery. Viewed in a broad cultural context, the selected texts reflect a nuanced understanding of the Russian response to world literature and highlight the attempts of Russian writers to promote Russia as an all-inclusive cultural model.

Finding Love in an Upside-Down World Patricia E. Flinn, 2024-07-17 *Finding Love in an Upside Down World* is a memoir about the wacky, spontaneous, and humorous adventures of a bright, sassy, spirited girl living with her unconventional, loving family in a small, gritty tenement in Hoboken, New Jersey, during the 1950s and 60s. A motley cast of zany characters, including family members, teachers, neighbors, and friends, appear and disappear along the way as she travels through grammar high school and college, where she eventually meets, falls in love with, her brilliant literature professor and begins a whirlwind, unforgettable romance. They marry a year later, in 1971, and buy an old farmhouse a short distance away from a theater owned by a colorful community of eccentric actors. The marriage lasts for forty-seven amazing, magical years until death separates them in 2016. Drawing parallels between the unpredictable nature of human existence and the subatomic

world of Quantum Mechanics the memoir ends by satirizing how the best intentions of life often go awry Or as John Lennon once said Life is what happens to you when you re busy making other plans Finding Love in an Upside Down Universe may make you think as well as laugh
