Jechac Do Lwowa To Go To Lvov:

Wanderers Across Language Kinga Olszewska, 2017-12-02 Exile has become a potent symbol of Polish and Irish cultures. Historical political and cultural predicaments of both countries have branded them as diasporic nations but in Adorno's dictum for an exile writing becomes home. Olszewska offers a multifaceted picture of the figure of exile in postwar Poland and Ireland juxtaposing politics and culture whereas Irish exile appears more in an economic and cultural context. The essence of Polish exile is political. This comparative study of works by Polish and Irish authors Stanisław Barańczak, Adam Zagajewski, Marek Hłasko, Kazimierz Brandys, Brian Moore, Desmond Hogan and Paul Muldoon shows a literature which not only depicts the experience of exile but which uses exile as a literary device.

Polish Poetry of the Last Two Decades of Communist Rule Stanisław Barańczak, Clare Cavanagh, 1991 The past thirty years have witnessed some of the most traumatic and inspiring moments in Polish history. This turbulent period has also been a time of unprecedented achievement in all forms of Polish poetry: lyric, religious, political, meditative. This comprehensive volume includes work from virtually every major Polish poet active during these critical decades, drawing from both official and underground migr sources.

In Translation Esther Allen, Susan Bernofsky, 2013-06-04 Celebrated practitioners speak on the creative, critical, political and historical aspects of their work.

Knowing One's Place in Contemporary Irish and Polish Poetry Magdalena Kay, 2012-02-23 Are we allowed to choose where we belong? What pressures make us feel that we should belong somewhere? This book brings together four major poets: Heaney, Mahon, Zagajewski and Hartwig who ask themselves these questions throughout their lives. They start by assuming that we can choose not to belong but know this is easier said than done. Something in them is awry leading them to travel, emigrate and return dissatisfied with all forms of belonging. Writer after writer has suggested that Polish and Irish literature bear some uncanny similarities, particularly in the 20th century, but few have explored these similarities in depth. Ireland and Poland, with their tangled histories of colonization, place a large premium upon knowing one's place. What happens though when a poet makes a career out of refusing to know her place in the way her culture expects? This book explores the consequences of this refusal, allowing these poets to answer such questions through their own poems, leading to surprising conclusions about the connection of knowledge and belonging, roots and identity.

A History of Polish Literature Anna Nasilowska, 2024-06-11 Anna Nasilowska's *A History of Polish Literature* is a one-volume guide that immerses readers in the rich tapestry of Polish literature and reveals its enduring impact on European identity from the Middle Ages to the late twentieth century. By exploring key themes, writers and works and grounding her discussion in crucial biographical context, she weaves together the lives of a carefully curated list of Polish writers to paint a vivid literary portrait, elucidating the epochs that these writers shaped. Offering indispensable insights for readers who may be unfamiliar with the world of Polish literature, it is an excellent jumping off point for further study and learning.

Memory, the City and the Legacy of World War II in East Central Europe Uilleam Blacker, 2019-06-27 After the Second World War millions of people across Eastern Europe displaced as a result of wartime destruction deportations and redrawing of state boundaries found themselves living in cities that were filled with the traces of the foreign cultures of the former inhabitants In the immediate post war period these traces were not acknowledged the new inhabitants going along with official policies of oblivion the national narratives of new post war regimes and the memorializing of the victors In time however and increasingly over recent decades the former other pasts have been embraced and taken on board as part of local cultural memory This book explores this interesting and increasingly important phenomenon It examines official ideologies popular memory literature film memorialization and tourism to show how other pasts are being incorporated into local cultural memory It relates these developments to cultural theory and argues that the relationship between urban space cultural memory and identity in Eastern Europe is increasingly becoming a question not only of cultural politics but also of consumption and choice alongside a tendency towards the cosmopolitanization of memory *The Idea of Galicia* Larry Wolff, 2012-01-09 Galicia was created at the first partition of Poland in 1772 and disappeared in 1918 Yet in slightly over a century the idea of Galicia came to have meaning for both the peoples who lived there and the Habsburg government that ruled it Indeed its memory continues to exercise a powerful fascination for those who live in its former territories and for the descendants of those who emigrated out of Galicia The idea of Galicia was largely produced by the cultures of two cities Lviv and Cracow Making use of travelers accounts newspaper reports and literary works Wolff engages such figures as Emperor Joseph II Metternich Leopold von Sacher Masoch Ivan Franko Stanisław Wyspiański Tadeusz Boyelewski Isaac Babel Martin Buber and Bruno Schulz He shows the exceptional importance of provincial space as a site for the evolution of cultural meanings and identities and analyzes the province as the framework for non national and multi national understandings of empire in European history International Who's Who in Poetry 2004 Europa Publications, 2003 Provides up to date profiles on the careers of leading and emerging poets **Galizien in Bewegung** Magdalena Baran-Szołtys, Olena Dvoretzka, Nino Gude, Elisabeth Janik-Freis, 2017-11-13 Der Band behandelt den wechselseitigen Austausch des Kronlands

Galizien und Lodomerien mit den Nachbarregionen und zeigt seine Bewohner als aktive Akteure soziokultureller und multiethnischer Interaktionen. Zudem beleuchtet er die verschiedenartigen Aneignungen Galiziens. Die Neuordnung Europas nach 1918 sowie die seit dem 19. Jahrhundert bestehende Emigration führten zu seinem Nachleben in unterschiedlichen nationalen Narrativen und machten es zu einem transnationalen Phänomen. Dabei wird die Instrumentalisierung der Provinz sowie die von Anfang an implizite Künstlichkeit und Wandelbarkeit dieses Konstrukts sichtbar. Diese unterscheidet sich je nach nationalem Narrativ und Zeitraum. This volume deals with the reciprocal exchange between the Crown land of Galicia and Lodomeria and its neighbouring regions presenting its inhabitants as active players in sociocultural and multi ethnic interactions. It also sheds light upon the various annexations of Galicia, the reformation of Europe after 1918 and the emigration in existence since the 19th Century, both led to its afterlife in various national narratives and made Galicia a transnational phenomenon. The instrumentalisation of the province as well as the implicit artificiality and changeability present from the outset of this construct thereby become apparent; this differs according to national narrative and time period.

Masterplots II. Philip K. Jason, Tracy Irons-Georges, 2002. Comprehensive coverage of the most commonly studied poems written in or translated into English.

Slavic Review, 2000. American quarterly of Soviet and East European studies varies.

Shifting Borders. Walter M. Cummins, 1993. Although their subjects, styles and techniques often differ, in total these poems make clear the distinctions between the nature of poetry in Eastern Europe and that in the West. While several of the languages represented here are limited to a small number of speakers, each has a commitment to the central role of poetry in the history of its people and as a source of their unity.

The Shtetl. Antony Polonsky, 2004. The majority of Polish Jews always lived in the villages and small towns known as shtetls. Much of what we know of life in the shtetls comes from literary accounts rather than from historical research. This volume redresses that imbalance with leading experts investigating the social and economic history of the shtetl as well as the way in which shtetl life has been reflected in Hebrew, Polish and Yiddish literature.

Literature in Exile of East and Central Europe. Agnieszka Gutthy, 2009. Literature in Exile of East and Central Europe is a collection of articles discussing authors whose homelands range from the former Soviet Union to the former Yugoslavia. For the purposes of this book, East and Central Europe comprise Russia, Poland, Germany, Czech Republic, Romania and former Yugoslavia. These writers were exiled as a result of unbearable political climates, be it nations of the Communist block including former Yugoslavia torn by its civil wars or in the case of Poland its partitioning by neighboring powers in the nineteenth century. No other book has collected such a variety of discussions from this geopolitical region featuring authors who chose exile over the extinguishment of their individuality. Organized by theme and geography, this book will be of interest to a wide group of readers from the topic of exile to research in Slavic, Czech, Polish, Russian and post Yugoslav, Romanian, German and comparative literature. Literature in Exile of East and Central Europe is a valuable supplement to courses in Eastern and Central European history as well as a primary text for courses in East and Central
