JEFFERSONIAN
LEGACIES

A classical oil painting of Thomas Jefferson, showing him from the chest up. He has light-colored, wavy hair and is wearing a dark coat with a fur collar over a white shirt and a red cravat. The background is a soft, warm tone.

JEFFERSONIAN LEGACIES

EDITED BY PETER S. ONUF

VIRGINIA

Jeffersonian Legacies

John Ferling

Jeffersonian Legacies:

Jeffersonian Legacies Peter S. Onuf, 1993 *Jeffersonian Legacies* provides the next generation of students scholars and citizens a better understanding not only of Jefferson in his own world but his influence in the shaping of ours America's Environmental Legacies Franklin Kalinowski, 2016-09-16 This powerful book focuses on the capacity of the American political system to respond to ecological challenges through policy perspectives the constraints of our written Constitution and the determination we must address these tests of national character Put simply this is a book about politics policy and political will Kalinowski brilliantly shows that America's collective will is found in the cultural values enunciated by the Founding Fathers and passed down through history with modifications It comprises the essential missing ingredient in determining how we currently respond to crises Thomas Jefferson Alexander Hamilton and James Madison had distinct ideas concerning the role that Nature might play in the future Recognizing the origins and impacts of their environmental legacies is the key to interpreting where American environmental politics is today how we got here and where we might be headed

A Companion to Thomas Jefferson Francis D. Cogliano, 2011-09-15 *A Companion to Thomas Jefferson* presents a state of the art assessment and overview of the life and legacy of Thomas Jefferson through a collection of essays grounded in the latest scholarship Features essays by the leading scholars in the field including Pulitzer Prize winners Annette Gordon Reed and Jack Rakove Includes a section that considers Jefferson's legacy Explores Jefferson's wide range of interests and expertise and covers his public career private life his views on democracy and his writings Written to be accessible for the non specialist as well as Jefferson scholars *The Mind of Thomas Jefferson* Peter S. Onuf, 2012-10-05 In *The Mind of Thomas Jefferson* one of the foremost historians of Jefferson and his time Peter S. Onuf offers a collection of essays that seeks to historicize one of our nation's founding fathers Challenging current attempts to appropriate Jefferson to serve all manner of contemporary political agendas Onuf argues that historians must look at Jefferson's language and life within the context of his own place and time In this effort to restore Jefferson to his own world Onuf reconnects that world to ours providing a fresh look at the distinction between private and public aspects of his character that Jefferson himself took such pains to cultivate Breaking through Jefferson's alleged opacity as a person by collapsing the contemporary interpretive frameworks often used to diagnose his psychological and moral states Onuf raises new questions about what was on Jefferson's mind as he looked toward an uncertain future Particularly striking is his argument that Jefferson's character as a moralist is nowhere more evident ironically than in his engagement with the institution of slavery At once reinvigorating the tension between past and present and offering a new way to view our connection to one of our nation's founders *The Mind of Thomas Jefferson* helps redefine both Jefferson and his time and American nationhood *Thomas Jefferson and Sally Hemings* Annette Gordon-Reed, 1998-03-29 When Annette Gordon-Reed's groundbreaking study was first published rumors of Thomas Jefferson's sexual involvement with his slave Sally Hemings had circulated for two centuries Among all aspects of Jefferson's renowned

life it was perhaps the most hotly contested topic The publication of Thomas Jefferson and Sally Hemings intensified this debate by identifying glaring inconsistencies in many noted scholars evaluations of the existing evidence In this study Gordon Reed assembles a fascinating and convincing argument not that the alleged thirty eight year liaison necessarily took place but rather that the evidence for its taking place has been denied a fair hearing Friends of Jefferson sought to debunk the Hemings story as early as 1800 and most subsequent historians and biographers followed suit finding the affair unthinkable based upon their view of Jefferson s life character and beliefs Gordon Reed responds to these critics by pointing out numerous errors and prejudices in their writings ranging from inaccurate citations to impossible time lines to virtual exclusions of evidence especially evidence concerning the Hemings family She demonstrates how these scholars may have been misguided by their own biases and may even have tailored evidence to serve and preserve their opinions of Jefferson This updated edition of the book also includes an afterword in which the author comments on the DNA study that provided further evidence of a Jefferson and Hemings liaison Possessing both a layperson s unfettered curiosity and a lawyer s logical mind Annette Gordon Reed writes with a style and compassion that are irresistible Each chapter revolves around a key figure in the Hemings drama and the resulting portraits are engrossing and very personal Gordon Reed also brings a keen intuitive sense of the psychological complexities of human relationships relationships that in the real world often develop regardless of status or race The most compelling element of all however is her extensive and careful research which often allows the evidence to speak for itself Thomas Jefferson and Sally Hemings An American Controversy is the definitive look at a centuries old question that should fascinate general readers and historians alike Constructing Presidential Legacy Cullinane

Michael Patrick Cullinane,2018-11-14 What do we remember about US Presidents and how do we come to commemorate their legacies Few personalities loom larger than the President of the United States Their accomplishments and failures are forensically documented and their personal lives are under constant scrutiny from the media But how does a president s legacy emerge and how do we come to commemorate it In Constructing Presidential Legacy world leading experts take a multi disciplinary approach to explore how presidents are remembered They look at multiple presidents including Washington Jefferson Lincoln the Roosevelts Kennedy Lyndon Johnson Eisenhower Reagan Obama and Trump Discover how presidential legacies are constructed during and after a President s time in the Whitehouse and how they are portrayed in media such as film museums public art political invocations pop culture literature and evolving technological advancements

Jefferson and Hamilton John Ferling,2013-10-01 One of America s foremost historians brilliantly brings to life the fierce struggle both public and ultimately bitterly personal between Thomas Jefferson and Alexander Hamilton two rivals whose opposing visions of what the United States should be continue to shape our country to this day Jefferson's Call for Nationhood Stephen Howard Browne,2003-05-20 Widely celebrated in its own time Thomas Jefferson s first inaugural address commands the regard of Americans from across the political spectrum Delivered as the young nation found itself

embroiled in bitter partisan struggles the speech has been hailed as the Sermon on the Mount of good government Curiously this masterpiece the full text of which is reproduced in this volume has never received sustained analysis Here Stephen Howard Browne describes its origins composition meaning and delivery His wellcrafted argument and accessible prose offer a model of analysis for rhetorical scholars and students and an added dimension to the history of the early republic and the understanding of American political thought *Thomas Jefferson's Ethics and the Politics of Human Progress* Ari Helo,2014 This extensive study suggests that despite being one of the largest slaveholders in Virginia Jefferson was consistent in his advocacy of human rights **Thomas Jefferson's Lives** Robert M. S. McDonald,2019-08-27 Who was the real Thomas Jefferson If this question has an answer it will probably not be revealed reading the many accounts of his life For two centuries biographers have provided divergent perspectives on him as a man and conflicting appraisals of his accomplishments Jefferson was controversial in his own time and his propensity to polarize continued in the years after his death as biographers battled to control the commanding heights of history To judge from their depictions there existed many different Thomas Jeffersons The essays in this book explore how individual biographers have shaped history as well as how the interests and preoccupations of the times in which they wrote helped to shape their portrayals of Jefferson In different eras biographers presented the third president variously as a proponent of individual rights or of majority rule as a unifier or a fierce partisan and as a champion of either American nationalism or cosmopolitanism Conscripted to serve Whigs and Democrats abolitionists and slaveholders unionists and secessionists Populists and Progressives and seemingly every side of almost every subsequent struggle the only constant was that Jefferson's image remained a mirror of Americans self-conscious conceptions of their nation's virtues values and vices *Thomas Jefferson's Lives* brings together leading scholars of Jefferson and his era all of whom embrace the challenge to assess some of the most important and enduring accounts of Jefferson's life Contributors Jon Meacham presidential historian Barbara Oberg Princeton University J Jefferson Looney Thomas Jefferson Foundation at Monticello Christine Coalwell McDonald Westchester Community College Robert M S McDonald United States Military Academy Andrew Burstein Louisiana State University Jan Ellen Lewis Rutgers University Richard Samuelson California State University San Bernardino Nancy Isenberg Louisiana State University Joanne B Freeman Yale University Brian Steele University of Alabama at Birmingham Herbert Sloan Barnard College R B Bernstein City College of New York Francis D Cogliano University of Edinburgh Annette Gordon Reed Harvard University Gordon S Wood Brown University

Thomas Jefferson and American Nationhood Brian Steele,2012-07-30 This book identifies Jefferson as an American nationalist and describes his assessment of American character and democratic promise *Thomas Jefferson and Philosophy* M. Andrew Holowchak,2013-12-11 *Thomas Jefferson and Philosophy* Essays on the Philosophical Cast of Jefferson's Writings is a collection of essays on topics that relate to philosophical aspects of Jefferson's thinking over the years Much historical insight is given to ground the various philosophical strands in Jefferson's thought and writing on topics such as

political philosophy moral philosophy slavery republicanism wall of separation liberty educational philosophy and architecture **Reason and Republicanism** Gary L. McDowell, L. Sharon Noble, Sharon L. Noble, 1997 An international collection of the world's most distinguished historians and political philosophers takes a fresh look at the political, legal, and philosophical contributions of Thomas Jefferson. The insightful essays analyze and illuminate the sophisticated layers of the political and legal thought of America's most influential and intellectually complex Founder. With contributors that include Elizabeth Fox-Genovese, Morton Frisch, Paul Rahe, James Stoner, Robert K. Faulkner, John Zvesper, Howard Temperly, Robert A. Rutland, Raoul Berger, Colin Bonwick, Peter Parish, Jeffrey Sedgwick, J. R. Pole, Richard King, and Jean M. Yarbrough, this is essential reading for historians and political philosophers **Thomas Jefferson and the Science of Republican Government** Dustin Gish, Daniel Klinghard, 2017-04-07 This analysis of Thomas Jefferson's only published work demonstrates the political aspirations behind its composition, publication, and dissemination **Setting the World Ablaze** John E. Ferling, 2002 Setting the World Ablaze tells the story of the American Revolution and of three Founders who played crucial roles in winning the War of Independence and creating a new nation: George Washington, John Adams, and Thomas Jefferson. A leading historian of the Revolutionary era, Ferling draws upon an unsurpassed command of the primary sources and a talent for swiftly moving narrative to give us intimate views of each of these men. He provides both an overarching historical picture of the era and a gripping sense of how these conservative men, successful members of the colonial elite, were transformed into radical revolutionaries **The Abolitions of Slavery** Marcel Dorigny, 2003 The anti-slavery movement which followed in the wake of the European slave trade has attracted much less attention than the latter. This is particularly true for the abolition movement in the French colonies **"Most Blessed of the Patriarchs": Thomas Jefferson and the Empire of the Imagination** Annette Gordon-Reed, Peter S. Onuf, 2016-04-13 New York Times Bestseller Named one of the Best Books of the Year by the San Francisco Chronicle Finalist for the George Washington Prize Finalist for the Library of Virginia Literary Award A New York Times Book Review Editors' Choice Selection An important book richly rewarding. It is full of fascinating insights about Jefferson. Gordon S. Wood, New York Review of Books Hailed by critics and embraced by readers, Most Blessed of the Patriarchs is one of the richest and most insightful accounts of Thomas Jefferson in a generation. Following her Pulitzer Prize-winning *The Hemingses of Monticello*, Annette Gordon-Reed has teamed with Peter S. Onuf to present a provocative and absorbing character study, a fresh and layered analysis. New York Times Book Review that reveals our third president as a dynamic, complex, and oftentimes contradictory human being. Chicago Tribune Gordon-Reed and Onuf fundamentally challenge much of what we thought we knew, and through their painstaking research and vivid prose, create a portrait of Jefferson as he might have painted himself: one comprised of equal parts sun and shadow. Jane Kamensky **A Companion to the American South** John B. Boles, 2004-03-12 A Companion to the American South surveys and evaluates the most important and innovative writing on the entire sweep of the history of the southern United States. Contains 29 original essays.

by leading experts in American Southern history Covers the entire sweep of Southern history including slavery politics the Civil War race relations religion and women s history Surveys and evaluates the best scholarship on every important era and topic Summarizes current debates and anticipates future concerns *Thomas Jefferson* R. B. Bernstein,2003-09-04 Thomas Jefferson designed his own tombstone describing himself simply as Author of the Declaration of Independence and of the Virginia Statute for Religious Freedom and Father of the University of Virginia It is in this simple epitaph that R B Bernstein finds the key to this enigmatic Founder not as a great political figure but as leader of a revolution of ideas that would make the world over again In *Thomas Jefferson* Bernstein offers the definitive short biography of this revered American the first concise life in six decades Bernstein deftly synthesizes the massive scholarship on his subject into a swift insightful evenhanded account Here are all of Jefferson s triumphs contradictions and failings from his luxurious and debt burdened life as a Virginia gentleman to his passionate belief in democracy from his tortured defense of slavery to his relationship with Sally Hemings Jefferson was indeed multifaceted an architect inventor writer diplomat propagandist planter party leader and Bernstein explores all these roles even as he illuminates Jefferson s central place in the American enlightenment that revolution of ideas that did so much to create the nation we know today Together with the less well remembered points in Jefferson s thinking the nature of the Union his vision of who was entitled to citizenship his dread of debt both personal and national they form the heart of this lively biography In this marvel of compression and comprehension we see Jefferson more clearly than in the massive studies of earlier generations More important we see in Jefferson s visionary ideas the birth of the nation s grand sense of purpose **Thomas Jefferson and the Rhetoric of Virtue** James L. Golden,Alan L. Golden,2002 Jefferson s commitment to virtue the authors argue helps explain his interest in rhetoric just as a study of his rhetorical philosophy leads to a deeper understanding of his commitment to virtue BOOK JACKET

This is likewise one of the factors by obtaining the soft documents of this **Jeffersonian Legacies** by online. You might not require more grow old to spend to go to the ebook commencement as with ease as search for them. In some cases, you likewise attain not discover the statement Jeffersonian Legacies that you are looking for. It will completely squander the time.
