The Lamentations of Jeremiah** Johann Peter Lange, 1891 **Reading with the Faithful** Seth B. Tarrer, 2013-01-10 If therefore someone is a prophet he no doubt prophesies but if someone prophesies he is not necessarily a prophet Origen Origen writing sometime in the mid third century on the Gospel of John has charted a course for the subsequent history of interpretation of true and false prophecy Although Tarrer s study is concerned primarily with various readings of Jeremiah s construal of the problem the ambiguity inherent in Origen s statement is glaring nonetheless This monograph is a study of the history of interpretation It therefore does not fit neatly into the category of Wirkungsgeschichte Moving through successive periods of the Christian church s history Tarrer selects representative interpretations of Jeremiah and Ezekiel in later theological works dealing explicitly with the question of true and false prophecy in an effort to present a sampling of material from the span of the church s existence As evidenced by the list of false prophets uncovered at Qumran along with the indelible interpretive debt owed by Christian interpreters such as Jerome and Calvin to Jewish exegetical methods Jewish interpretation s vast legacy quickly exceeds the scope of this project From the sixteenth century onward the focus on the Protestant church is again due to economy In the end Tarrer concludes that the early church and pre modern tradition evidenced a recurring appeal to some form of association between Jeremiah 28 and the deuteronomic prophetic warnings in Deuteronomy 13 and 18 *Jeremiah's New Covenant* Joshua N. Moon, 2011-06-30 The struggle to read Jeremiah 31 31 34 as Christian Scripture has a long and divided history cutting across nearly every major locus of Christian theology Yet little has been done either to examine closely the varieties of interpretation in the Christian tradition from the post Nicene period to the modern era or to make use of such interpretations as helpful interlocutors This work begins with Augustine s interpretation of Jer 31 31 34 as an absolute contrast between unbelief and faith rather than the now standard reading found in Jerome of a contrast between two successive religio historical eras one that governed Israel the old covenant and a new era and its covenant inaugurated in the coming of Christ Augustine s absolute contrast loosened the strict temporal concern so that the faithful of any era were members of the new covenant The study traces Augustine s reading of an absolute contrast in a few key moments of Christian interpretation Thomas Aquinas and high medieval theology then the 16th and 17th century Reformed tradition The thesis aims at a constructive reading of Jer 31 31 34 and so the struggle identified in these moments in the Christian tradition is brought into dialogue with modern critical discussions from Bernhard Duhm to the present Finally the author turns to an

exegetical argument for an Augustinian reading of the contrast of the covenants **The Publishers' Trade List Annual**
