Native Chiefs and Famous M^v@tis Holly Quan,2011-02-01 These inspiring true stories illuminate the courage and wisdom of five 19th century Native leaders and famous M^v@tis who fought against impossible odds to preserve the culture and rights of their people The visionary Cree leader Big Bear sought peace and a better life only to be hunted mercilessly and imprisoned unjustly Jerry Potts the legendary North West Mounted Police guide and interpreter helped smash the whisky trade and negotiate treaties Persevering through sorrow and defeat brave and steadfast men such as these left a lasting mark on Aboriginal culture and the history of western Canada **Jerry Potts** Philip S. Long,2010-12-07 The Blackfoot

Confederacy in the early 1800 s was one of the most feared tribes on the North American Continent It is proud Canadian history how a handful of scarlet coated men the North West Mounted Police were able to make peace with this tribe and other plains Indians with no major battles being fought All this however would not have been accomplished so swiftly had it not been for one mixed blood scout Jerry Potts There have been many historical novels written about numerous heroic figures of the old west such as Kit Carson Davey Crockett Daniel Boone Jim Bridger and many many others Now for the first time our Montana and Canadian hero of the famous old Whoop Up country gets full recognition for his heroic deeds After a hundred years we suddenly realize that another outstanding hero existed and lived an adventurous life equaled by very few What he did for our great West should now be known for the great accomplishment it was Potts was raised at a time when to gain any objective one had to be a fighting man and that he was His many battles and adventures with his Indian people as well as his white people on his father s side make his life a story that is almost on the verge of being incredible Yet overshadowing all this his loyalty to his employers the North West Mounted Police made him a diplomat and a keeper of the peace that few frontiersmen have equaled **Jerry Potts, Paladin of the Plains** Bernard D. McCarthy St Louis Post Dispatch **Honoured in Places** William Joseph Hulgaard, John Wesley White, 2002 Ever since the Canadian prairies were first settled and the Mounties marched west to establish and maintain law and order the names of individual officers have left their mark on the national landscape Their long tradition has been honoured in many of the place names of Canada especially in the West In this collection over 250 of the NWMP RNWMP and RCMP members who died while on duty or who enjoyed long or extraordinary careers are remembered Other place names are connected to a Mountie related event or were named by a pioneering Mountie in honour of some significant occurrence Authors William Bill Hulgaard and John Jack White both retired Mounties extended their research across Canada to compile the information for Honoured in Places Death Wins in the Arctic Kerry Karam, 2013-11-11 A harrowing tale of human intelligence pitted against the forces of nature With prospectors trappers and whalers pouring into northwestern Canada the North West Mounted Police were dispatched to the newest frontier to maintain patrols protect indigenous peoples and enforce laws in the North In carrying out their duties these intrepid men endured rigorous and dangerous conditions On December 21 1910 a four man patrol left Fort McPherson Northwest Territories heading for Dawson City Yukon a distance of 670 kilometres They never arrived The harrowing drama of their 52 day struggle to survive is an account of courageous failure one that will resonate strongly in its depiction of human intelligence pitted against the implacable forces of nature Based on Fitzgerald's daily journal records *Death Wins in the Arctic* tells of their tremendous courage their willingness to face unthinkable conditions and their dedication to fulfill the oath they took Throughout their ordeal issues of conservation law enforcement Aboriginal peoples and sovereignty emerge all of which are global concerns today **First Nations, Museums, Narrations** Alison K. Brown, 2014-04-15 When the Franklin Motor Expedition set out across the Canadian Prairies to collect First Nations artifacts brutal assimilation policies threatened to decimate these cultures and extensive programs of ethnographic salvage were in place Despite having only three members the expedition amassed the largest single collection of Prairie heritage items currently held in a British museum In this book Alison K Brown draws together the multiple narratives that make up this encounter consulting descendants of the collectors and members of the affected First Nations and reviewing both expedition images and the artifacts themselves In doing so she explores the context within which the collection was made as well as the complex relationships between museums anthropologists and First Nations Accessibly written and vigorously researched *First Nations Museums Narrations* raises timely questions about the role of collections in the twenty first century and considers the way forward for indigenous peoples and the museums that house their cultural treasures *Partners* David M McGowan, 2011-11-01 Thomas Brash is trying to escape but knows he never will Pursuing him is the memory of the family he lost to cholera Perhaps he believes that traveling alone in a wild dangerous land will end all his memories there is no doubt he wishes to be alone Whatever his intentions the appearance of Frank Clement and the circumstances of that meeting upset those plans Brash views Clement as an uneducated child who requires fatherly

protection and guidance Clement views Brash as a tenderfoot and can not understand how anyone who knows so little could live so long These two loners are joined by others and they all become partners Having achieved relative sanctuary and surrounded by civilization their wilderness past comes back to haunt them Edward S. Curtis Above the Medicine Line Rodger D. Touchie,2011-02-01 For almost three decades Edward Curtis photographed the First Peoples of the North American West and studied their cultures As part of his fieldwork he cruised the Pacific Northwest coast and ventured into the lands of the Blackfoot Confederacy both north and south of the Medicine Line Alarmed that the traditional Aboriginal ways of life seemed in danger of disappearing forever Curtis made an incredible effort to capture the daily routines character and dignity of First Peoples through photography and audio recordings Against seemingly insurmountable odds and at substantial personal and financial sacrifice he completed the 20 volume masterpiece The North American Indian deemed the most gigantic undertaking in the making of books since the King James edition of the Bible by the New York Herald With more than 150 photographs Edward S Curtis Above the Medicine Line is both a compelling narrative that sheds new light on the Curtis mystique and a fascinating overview of many of the First Peoples he studied a century ago **Blood on the Marias** Paul R. Wylie,2016-02-26 On the morning of January 23 1870 troops of the 2nd U S Cavalry attacked a Piegan Indian village on the Marias River in Montana Territory killing many more than the army s count of 173 most of them women children and old men The village was afflicted with smallpox Worse it was the wrong encampment Intended as a retaliation against Mountain Chief s renegade band the massacre sparked public outrage when news sources revealed that the battalion had attacked Heavy Runner s innocent village and that guides had told its inebriated commander Major Eugene Baker he was on the wrong trail but he struck anyway Remembered as one of the most heinous incidents of the Indian Wars the Baker Massacre has often been overshadowed by the better known Battle of the Little Bighorn and has never received full treatment until now Author Paul R Wylie plumbs the history of Euro American involvement with the Piegans who were members of the Blackfeet Confederacy His research shows the tribe was trading furs for whiskey with the Hudson s Bay Company before Meriwether Lewis encountered them in 1806 As American fur traders and trappers moved into the region the U S government soon followed making treaties it did not honor When the gold rush started in the 1860s and the U S Army arrived pressure from Montana citizens to control the Piegans and make the territory safe led Generals William Tecumseh Sherman and Philip H Sheridan to send Baker and the 2nd Cavalry with tragic consequences Although these generals sought to dictate press coverage thereafter news of the cruelty of the killings appeared in the New York Times which called the massacre a more shocking affair than the sacking of Black Kettle s camp on the Washita two years earlier While other scholars have written about the Baker Massacre in related contexts Blood on the Marias gives this infamous event the definitive treatment it deserves Baker s inept command lit the spark of violence but decades of tension between Piegans and whites set the stage for a brutal and too often forgotten incident *Canadians* William Irish,2014-12-02 A visual
