Jerusalem And The Holy Land:

Pilgrimage to Jerusalem and the Holy Land, 1187-1291 Professor Denys Pringle, 2013-07-28 This book presents new translations of a selection of Latin and French pilgrimage texts and two in Greek relating to Jerusalem and the Holy Land between the fall of Jerusalem to Saladin in 1187 and the loss of Acre to the Mamluks in 1291 It therefore complements and extends existing studies which deal with the period from Late Antiquity to Saladin's conquest Such texts provide a wealth of information not only about the business of pilgrimage itself but also on church history topography architecture and the social and economic conditions prevailing in Palestine in this period Pilgrimage texts of the 13th century have not previously been studied as a group in this way and because the existing editions of them are scattered across a variety of rather obscure publications they tend to be under utilized by historians despite their considerable interest For instance they are often more original than the texts of the 12th century representing first hand accounts of travellers rather than simple reworkings of older texts Taken together they document the changes that occurred in the pattern of pilgrimage after the fall of Jerusalem in 1187 during its brief reoccupation by the Franks between 1229 and 1244 and during the period from 1260 onwards when the Mamluks gradually took military control of the whole country In the 1250s 60s for example because of the difficulties faced by pilgrims in reaching Jerusalem itself there developed an alternative set of holy sites offering indulgences in Acre The bringing of Transjordan southern Palestine and Sinai under Ayyubid and later Mamluk control also encouraged the development of the pilgrimage to St Catherine's monastery on Mount Sinai in this period The translations are accompanied by explanatory footnotes and preceded by an introduction which discusses the development of Holy Land pilgrimage in this period and the context dating and composition of the texts themselves The book concludes with a comprehensive list of sources and a detailed index

Revealing the Holy Land Kathleen Stewart Howe, Santa Barbara Museum of Art, St. Louis Art Museum, 1997 This is the catalog for an exhibition of ninety nineteenth century photographs drawn primarily from the world class collection of Michael G Wilson Included are the starkly beautiful photographs of Sergeant James McDonald s surveys of Palestine and Jerusalem recently discovered photographs by Ernest Benecke and the rare photographs by Maxime Du Camp taken in 1850 as he traveled with Flaubert With the invention of photography and the increasing popularity of travel in the mid nineteenth century the Holy Land became one of the most photographed places on earth Interest in Jerusalem and Palestine was particularly pronounced in England partly because of England s need to control its routes to the riches of India but also because of Britain s cultural identification with the people and lands of the Bible Imperial ambition and deeply ingrained cultural associations resulted in a surge of photographic activity in Palestine McDonald s photographs from surveys of Jerusalem and the Sinai epitomize the dual imperatives of Bible and Empire Photography provided a new standard for authenticity in pictorial representations Early photographs were considered the ultimate bearers of reality at a time when viewers had not yet lost their naive faith in the objective accuracy of photography Throughout the last half of the nineteenth century the Holy Land drew legions of photographers amateurs recording a stop on the Grand Tour academics pursuing archaeological theories military surveyors all trying to capture the truthfulness of a land that had enormous spiritual emotional and political connotations for most of the Western world What they saw and how they saw it are the themes of this beautifully recorded collection *The Invention of the Land of Israel* Shlomo Sand, 2012-11-20 What is a homeland and when does it become a national territory Why have so many people been willing to die for such places throughout the

twentieth century What is the essence of the Promised Land Following the acclaimed and controversial The Invention of the Jewish People Shlomo Sand examines the mysterious sacred land that has become the site of the longest running national struggle of the twentieth and twenty first centuries The Invention of the Land of Israel deconstructs the age old legends surrounding the Holy Land and the prejudices that continue to suffocate it Sand s account dissects the concept of historical right and tracks the creation of the modern concept of the Land of Israel by nineteenth century Evangelical Protestants and Jewish Zionists This invention he argues not only facilitated the colonization of the Middle East and the establishment of the State of Israel it is also threatening the existence of the Jewish state today
