L. Austin M. W. Rowe, 2023-04-15 The first biography of the philosopher who became a mastermind of Allied intelligence in World War Two Austere witty and formidable J L Austin 1911 1960 was the leader of Oxford Ordinary Language Philosophy and the founder of speech act theory This book the first full length biography of Austin enhances our understanding of his dominance in 1950s Oxford examining the significance of his famous Saturday morning seminars and his sometimes tense relationships with Gilbert Ryle Isaiah Berlin A J Ayer and Elizabeth Anscombe Throwing new light on Austin s own intellectual development it probes the strengths and weaknesses of his mature philosophy and reconstructs his late unpublished work on sound symbolism Austin s philosophical work remains highly influential but much less well known is his outstanding contribution to British Intelligence in World War Two The twelve central chapters thus investigate Austin s part in the North African campaign the search for the V weapons the preparations for D Day the Battle of Arnhem and the Ardennes Offensive and show that in the case of D Day he played a major role in the ultimate Allied victory While exploring Austin s dramatic and romantic personal history Rowe pays close attention to his harsh schooling and pre war affair with a married Frenchwoman his wartime marriage bomb injury and response to a colleague s murder and his post war family life the growing influence of America and his tragically premature death Adding considerably to our knowledge of World War Two and Austin s diverse and enduring influence this biography reveals the true complexity of his character and the full range and significance of his achievements *Jesting Pilate* Sir Owen Dixon, 2013 *Aldous Huxley* Donald Watt, 2013-09-05 This set comprises forty volumes covering nineteenth and twentieth century European and American authors These volumes will be available as a complete set mini boxed sets by theme or as individual volumes This second set compliments the first sixty eight volume set of Critical Heritage published by Routledge in October 1995 The Works of Thomas De Quincey, Part III vol 21 Grevel Lindop, Barry Symonds, 2020-03-23 Thomas De Quincey 1785 1859 is considered one of the most important English prose

writers of the early 19th century This is the final part of a 21 volume set presenting De Quincey's work also including previously unpublished material      **Sermons Preached at Brighton** Frederick William Robertson, 1873      **Modernism in the Metrocolony** Caitlin Vandertop, 2020-11-26 While literary modernism is often associated with Euro American metropolises such as London Paris or New York this book considers the place of the colonial city in modernist fiction From the streets of Dublin to the shop houses of Singapore and from the botanical gardens of Bombay to the suburbs of Suva the monumental landscapes of British colonial cities aimed to reinforce empire's universalising claims yet these spaces also contradicted and resisted the impositions of an idealised English culture Inspired by the uneven landscapes of the urban British empire a group of twentieth century writers transformed the visual incongruities and anachronisms on display in the city streets into sources of critique and formal innovation Showing how these writers responded to empire's metrocolonial complexities and built legacies *Modernism in the Metrocolony* traces an alternative peripheral history of the modernist city

**Bibliographies of the First Editions of Books by Aldous Huxley and by T F Powys**, 1927      *The Bookman*, 1927      **Aldous Huxley** Alessandro

Maurini, 2017-01-30 Aldous Huxley The Political Thought of a Man of Letters argues that Huxley is not a man of letters engaged in politics but a political thinker who chooses literature to spread his ideas His preference for the dystopian genre is due to his belief in the tremendous impact of dystopia on twentieth century political thought His political thinking is not systematic but this does not stop his analysis from supplying elements that are original and up to date and that represent fascinating contributions of political theory in all the spheres that he examines from anti Marxism to anti positivism from political realism to elitism from criticism of mass society to criticism of totalitarianism from criticism of ideologies to the future of liberal democracy from pacifism to ecological communitarianism Huxley clearly grasped the unsolved issues of contemporary liberalism and the importance of his influence on many twentieth century and present day political thinkers ensures that his ideas remain indispensable in the current liberal democratic debate Brave New World is without doubt Huxley's most successful political manifesto While examining the impassioned struggle for the development of all human potentialities it yet manages not to close the doors definitively on the rebirth of utopia in the age of dystopia      Aldous Huxley Harold Bloom, 2009 A collection of critical essays on Aldous Huxley and his work      **Lord Sumption and the Limits of the Law** Richard Ekins, Paul Yowell, NW Barber, 2016-02-25 In Lord Sumption and the Limits of the Law leading public law

scholars reflect on the nature and limits of the judicial role and its implications for human rights protection and democracy The starting point for this reflection is Lord Sumption's lecture *The Limits of the Law* which grounds a wide ranging discussion of questions including the scope and legitimacy of judicial law making the interpretation of the European Convention on Human Rights and the continuing significance and legitimacy or otherwise of the European Court of Human Rights Lord Sumption ends the volume with a substantial commentary on the responses to his lecture *Wandering into Brave New World* David Leon Higdon, 2013-10-01 *Wandering into Brave New World* explores the historical contexts and contemporary sources of Aldous Huxley's 1932 novel which seventy years after its initial publication remains the best known and most discussed dystopian work of the twentieth century This new study addresses a number of questions which still remain open Did his round the world trip in 1925-1926 provide material for the novel Did India's caste system contribute to the novel's human levels Is there an overarching pattern to the names of the novel's characters Has the role of Hollywood in the novel been underestimated Is Lenina Crowne a representative 1920s flapper Did Huxley have knowledge of and sources for his Indian reservation characters and scenes quite independent of and more accurate than those of D H Lawrence's writings Did Huxley's visit to Borneo contribute anything to the novel New research allows substantive answers and even explains why Huxley linked such figures as Henry Ford and Sigmund Freud It also shows how the novel overcomes its intense grounding in 1920s political turmoil to escape into the timelessness of dystopian fiction **Aldous Huxley Annual.**

**Volume 12/13 (2012/2013)** Bernfried Nugel, Jerome Meckier, 2014-11-20 Volume 12-13 of the Aldous Huxley Annual begins with a discussion of a lecture Huxley gave in Italian an appraisal of his never completed project of a novel on Catherine of Siena and his recently re-discovered drawings for *Leda* Further critical articles on particular aspects of Huxley's work follow together with the second Peter Edgerly Firchow Memorial Prize Essay by Hisashi Ozawa of King's College London A painting by Carolyn Mary Kleefeld ushers in the second part of the book which contains a selection of papers from the Oxford Symposium held in 2013 Series Aldous Huxley Annual Vol 12-13 Subject Literary Criticism Art *Aldous Huxley and Indian Thought* Sumita Roy, Annie Pothen, K. S. Sunita, 2003 Contributed papers presented at a national seminar **The New Criterion**, 1927 **"Broadcast." (Short essays.)
