Jesus A Historians Review:

Jesus Michael Grant, 1977 The author looks at the gospels with an historian's eye in search of the authentic Jesus. He seeks to separate those portions of the gospels that refer to the true career and teachings of Jesus from the subsequent additions or inventions by the evangelists. The gospels are studied in the same way as other ancient historical sources, endeavouring to reconstruct what really happened and to uncover the truth of the historical Jesus. The picture of Jesus that emerges is in some respects unfamiliar. Amazon.com product description *Studying the Historical Jesus* Bruce D. Chilton, Craig A. Evans, 2019-11-26 This volume offers critical assessments of Life of Jesus research in the last generation with special emphasis on work that is quite recent. It will introduce graduate students to the field and will provide the veteran scholar with current bibliography and discussion of the issues. Topics treated include Jesus and Palestinian politics, Jesus tradition in Paul, Jesus in extracanonical Gospels, and Jesus parables, miracles, death, and resurrection. The contributors are among the most widely recognized and respected Life of Jesus scholars. They include Marcus J. Borg, James H. Charlesworth, James D. G. Dunn, Sean Freyne, Richard Horsley, and Helmut Koester. **Jesus: an Historians Review of the Gospels** Michael Grant, 1977 **On the Resurrection, Volume 1** Gary Habermas, 2024-01-15 The first volume of Gary Habermas's magnum opus *On the Resurrection*. Evidence represents the culmination of fifty years of research on the probability of Jesus's resurrection. Using his minimal facts argument, Habermas demonstrates why we ought to trust the biblical and historical testimony of Scripture regarding the resurrection. This book is a must-read for pastors, students, and scholars interested in the historical evidence for the resurrection of Jesus Christ. **The Metaphysics of Historical Jesus Research** Jonathan Rowlands, 2015-10-15 In this book, Rowlands interrogates the theological and philosophical foundations of the Quest for the historical Jesus from Reimarus to the present day, culminating in a call for greater metaphysical transparency and diversity in the discipline. This multidisciplinary approach to historical Jesus research, drawing on historiography, sociology, philosophy, and theology, makes a significant and original contribution to the field. Part I outlines the implicit role of metaphysical presuppositions in historical methodology by examining the concept of an historiographical worldview. Part II provides an overview of the Quest for the historical Jesus, demonstrating that the disparate historiographical worldviews operative in the Quest evidence a particular shared characteristic in that they might accurately be described as secular. Rowlands' study concludes with a call for a greater plurality and openness regarding the philosophical and theological presuppositions at work in historical Jesus research. *The Metaphysics of Historical Jesus Research* is of interest to students and scholars working on New Testament studies and historical Jesus research. **Atheism Is a Delusion** Michael P. Barro, 2023-08-11 Deep down everyone, with very few exceptions, badly wants and needs clarity and assurance, especially when it comes to the deepest, most profound existential questions of life: where did we come from? origin. Why are we here? purpose. What are we meant to do? morality. And where are we going? destiny. Much more: do heaven and hell exist? Is death the end of everything, or is there life in

the hereafter Thousands of Christians at some point in their lives admit being in doubt of their faith especially when confronted with pressing questions on the Bible God Jesus evil death suffering science evolution etc This book was painstakingly written to hopefully help provide philosophical and theological clarity and for them to be academically informed and be better assured of their Christian faith As for the religious skeptics and downright anti theists they similarly at some point may have been confronted with the same nagging question from the believers What if you re wrong This book is also written to enjoin them to assess the bases of their objections and justifications of their disbelief inspire them to reconsider their positions and keep an open minded attitude to the gospel of Christ *The Historical Christ* Bruce W.

Behrman,2023-02-16 This book uses the recent findings of cognitive and clinical psychology to draw a picture of the historical Jesus The author uses recent research on conversational memory and clinical psychology in order to shine a light on the way Jesus was This book argues that Jesus suffered from manic depressive illness He identified with God He suffered from extreme mood changes and felt great compassion towards people All of these are mental states which may be triggered by manic depression Manic depression is not a dementing illness This author is not saying that Jesus suffered from a backward type of psychosis But manic depression when manifested in talented persons acts as a catalyst to trigger artistic creativity Many great artists and poets have suffered from manic depression Byron Schumann Tennyson van Gogh Fitzgerald and Lowell to name a few It is among great poets and artists such as these that the author place the historical Jesus This book therefore argues that the writers of the Gospels when they record Jesus as asserting his divinity were conveying an accurate picture of him His assertions of divinity were not fabrications of the early church *Authenticating Criteria in*

Jesus Research and Beyond Kevin B. Burr,2023-10-16 Are the criteria of authenticity of Jesus research idiosyncratic to New Testament studies vehicles of subjectivity and fundamentally flawed vestiges of form criticism as some claim today If so why do opponents of the criteria approach still use them Or are the criteria the tools of general historiography as others assert If true none have adequately demonstrated where and how principles such as multiple attestation general and historical coherence dissimilarity and embarrassment feature in general historiographic method until now This study analyzes the methods of general historians and Jesus researchers who favor or oppose the criteria and demonstrates that regardless of sub discipline authenticating criteria are inherent to the practice of historiography **The Quest for the Plausible Jesus**

Gerd Theissen,Dagmar Winter,2002-01-01 Should the dissimilarity between Jesus and early Christianity or between Jesus and Judaism be the central criteria for the historical Jesus Gerd Theissen and Dagmar Winter argue that the criterion of dissimilarity does not do justice to the single most important result of more than two hundred years of Jesus research that the historical Jesus belongs to both Judaism and Christianity The two authors propose a criterion of historical plausibility so that historical phenomenon under question can be considered authentic so long as it can be plausibly understood in its Jewish context and also facilitates a plausible explanation for its later effects in Christian history This book is a cooperative project

between Dagmar Winter and Gerd Theissen and represents the fruit of many years of their research on the historical Jesus

The Jewish Review, 1910 **101 Good Reasons to Believe** James D. Sideras, 2018-01-04 This book presents a strong case for the Christian faith by using scientific evidence and philosophical reasoning Although an abundance of Christian apologetic textbooks exist most are not easily accessible because they offer long and scholarly treatments of subject matter that may not appeal to lay readers This book differs in two ways First it presents the case for Christianity in a friendly scholarly prose which enables readers to plainly understand each reason to believe Second these reasons are concisely structured so that within minutes readers can quickly examine each argument in light of the evidence presented 101 Good Reasons to Believe is essential reading for theists who wish to strengthen their faith in God and for nontheists who desire to critically investigate the truth claims of the Bible This book includes topics such as astronomical evidence for the existence of God evidence for creation and intelligent design refutation of Darwinian evolution the historicity of Jesus why there is human suffering if God exists the accuracy of the Bible and evidence for heaven and hell The 101 reasons presented make thought provoking and compelling reading for scholars and non scholars alike **Stand Your Ground** Dean Hardy, 2007-04-01 My

freshman year of college was a battle writes Katie a college student and a strong Christian The transition from high school to college is one of the most pivotal times in a young person's life After departing from under the protective wings of their parents young adults often have trouble holding firm to the Christian faith Stand Your Ground is an introduction to apologetics for young adults in high school or college The book includes thirteen chapters that confront the overwhelming intellectual attacks Christian college students face on university campuses Dean Hardy takes readers on a spiritual and intellectual journey addressing such issues as the nature of truth and reality the investigation of other worldviews the evidence for Christianity critics arguments against Christianity and the relationship between apologetics and evangelism

On the Resurrection, Volume 3 Gary Habermas, 2025-05-15 In the third volume of his magnum opus Gary R Habermas identifies collects and summarizes hundreds of scholarly treatments related to the resurrection On the Resurrection Volume 3 Scholarly Perspectives offers a thorough lay of the land for anyone wanting to pursue an in depth study of Jesus of Nazareth's resurrection *Exploring the Gospel of John* Dwight Moody Smith, R. Alan Culpepper, Carl Clifton

Black, 1996-01-01 Every aspect of the study of John is represented in this book including the historical origins of the Johannine community the religious traditions in the gospel within and beyond early Christianity the Fourth Gospel's literary dimensions and theological concerns and the distinctive challenges presented by the Gospel's interpretation *Handbook*

for the Study of the Historical Jesus (4 Vols) Tom Holmén, Stanley E. Porter, 2010-12 V 1 How to study the historical Jesus v 2 The study of Jesus v 3 The historical Jesus v 4 Individual studies *Fools, Martyrs, Traitors* Lacey Baldwin Smith, 2012-05-09

In this engrossing exploration of martyrdom Lacey Baldwin Smith takes us on a riveting journey through history as he examines one of the most baffling characteristics of the human species its willingness to die to sanctify a deity to defend a

cause or simply to prove a point In telling the stories of his chosen martyrs by delving into their psyches politics and remarkable personalities he illuminates the complex and elusive subject of martyrdom as it has evolved over two and a half millennia The story starts with Socrates the Western world's first recorded martyr and moves on to Judaic and early Christian martyrs the Maccabees and their heroic suffering Jesus of Nazareth and the impact of the crucifixion on his message and Saint Perpetua who died spectacularly in a Roman amphitheater The narrative then transports us to England to Archbishop Thomas Becket and his sensational murder at the altar of his own cathedral in Canterbury to Sir Thomas More who died Henry VIII's good servant but God's first to the Protestant martyrs under Catholic Mary Tudor and to Charles I the only English king to be tried and executed as a traitor The concluding chapters cover modern martyrdom as it has become increasingly secularized and entangled with treason They include John Brown whose body lies a mouldering in the grave but whose soul goes marching on Mahatma Gandhi and his school for martyrs the Holocaust and its impact on modern Jewish thought Dietrich Bonhoeffer and the unsuccessful attempts to assassinate Hitler and Julius and Ethel Rosenberg's execution for giving secret information about the atomic bomb to the USSR The book ends with the troubling figure of SS Lieutenant Kurt Gerstein and the ultimate question Is there such a person as a totally disinterested martyr Fools and traitors to some heroes to others all the men and women who appear here have helped shape our definition of martyrdom The questions Lacey Baldwin Smith raises and the way he brings the past to life make this a uniquely compelling book

The American Historical Review John Franklin Jameson, Henry Eldridge Bourne, Robert Livingston Schuyler, 1923

The Evolution of Love Sheldon W. Liebman, 2021-04-06 This book an examination of Judaism as it evolved over a period of approximately 1500 years is an analysis of the Hebrew Bible and other ancient Jewish writings with special emphasis on theology and morality By the middle of the first millennium with the writing of Deuteronomy the Psalms and the works of the prophets Judaism had embraced the idea that God is a compassionate father that His relationship with His people is based on love rather than fear and that His response to their commission of sins is based on the assumption that they are capable of repentance and worthy of forgiveness In the final stage of its development culminating in the first and second centuries AD Judaism was understood to require its adherents to enact the will of God specifically to establish a community based on political economic and social laws that enforce the principles of justice and mercy And that process came to be seen as inevitably dependent on human agency the need for human beings to fulfill God's commandments In Judaism loving neighbors and strangers came to be understood as the principal and for many Jews the only way of loving God

The Catholic Historical Review, 1923

The Resurrection Fact John J. Bombaro, Adam Francisco, 2016-10-31 In the first century the resurrection fact faced both Jewish and Greek audiences with a challenge the challenge of a new reality Christ the risen Lord Since facts are by definition something that happened and this happening was witnessed proclaimed and recorded the fact stands for all generations In answering critics a defense of the resurrection consists not only of a response

by way of negation e g Christianity is not this but also through positive affirmations this is Christianity In this book the reader will find both However it is our hope that the final word retained would be the one that stands for something rather than against something Together our words stand for something positive not negative namely the good news that the one true God has now taken charge of the world in and through Jesus and His death and resurrection
