born in Domremy in France in 1412 began to hear voices when she was thirteen and believing they were directives from God followed them to the French court to battle to wrest France from the English in the Hundred Years War and to defeat and capture She was put on trial for heresy and on 30 May 1431 burned at the stake Even today many people are fascinated by this teenage woman who persuaded her king to believe that she could lead her nation to victory In the retrial of 1452 6 she was vindicated but it took almost five hundred years after an English soldier declared we have burnt a saint for the Catholic Church to conclude that she was indeed one Joan of Arc Maid Myth and Mystery is not merely an account of a life that was cut short its focus is also on Joan s history which in 1431 had just begun and which the author shows was influenced just as much by the transformation in Anglo French relations and by internal politics issues of freedom and republicanism and by changes in society regarding secularisation and belief as by our response to the central issue of Joan s voices themselves
