Eelman, 2010-01-25 In [Entrepreneurs in the Southern Upcountry](#) Bruce W. Eelman follows the evolution of an entrepreneurial culture in a nineteenth century southern community outside the plantation belt Counter to the view that the Civil War and Reconstruction alone brought social and economic revolution to the South Eelman finds that antebellum Spartanburg businessmen advocated a comprehensive vision for modernizing their region Although their plans were forward looking they still supported slavery and racial segregation By the 1840s Spartanburg merchants manufacturers lawyers and other professionals were looking to capitalize on the area's natural resources by promoting iron and textile mills and a network of rail lines Recognizing that cultural change had to accompany material change these businessmen also worked to reshape legal and educational institutions Their prewar success was limited largely due to lowcountry planters political power However their modernizing spirit would serve as an important foundation for postwar development Although the Civil War brought unprecedented trauma to the Spartanburg community the modernizing merchants industrialists and lawyers strengthened their political and social clout in the aftermath As a result much of the modernizing blueprint of the 1850s was realized in the 1870s Eelman finds that Spartanburg's modernizers slowed legal and educational reform only when its implementation seemed likely to empower African Americans **The Christian Entrepreneur** Brock Shinen, 2020-02-04 The road to launching a successful business can be long and confusing Where do you start Should you rent office space or work out of your garage Should you register as a for profit or a nonprofit business How should you handle legal issues that come up What does it mean to be a Christian entrepreneur anyway Drawing from his work as a legal expert and business coach Brock Shinen combines practical wisdom and a biblical worldview to help Christians turn their dreams and passions into viable businesses This easy to use guide includes self assessment tools that will walk you through four stages of starting and running a business Assess and clarify your dreams Turn those dreams into an actionable plan Implement and execute your vision Grow your business while keeping your faith and character at the center Be inspired and encouraged as [The Christian Entrepreneur](#) helps you through every stage of your journey [Entrepreneur? development from agricultural hinterland to one of early modern Ireland's wealthiest regions and a symbol of a new commercial order. Reconstructing the framework of a pre-modern regional society in a way never before attempted for Ireland. Old World Colony integrates social, economic, and political history across the heartlands of the Hidden Ireland from the seventeenth century's civil wars to Catholic emancipation in the 1820s. Dickson shows that colonization and commerce transformed the region but at a price: even in South Munster's formative years, the problems of pre-Famine Ireland—gross income inequality and land scarcity—were already evident. Co-published with Cork University Press, Ireland, Wisconsin edition, for sale only in the U.S. territories and possessions, and Canada. A masterful account, so finely nuanced and meticulously researched that it effectively raises the historiographical bar for Irish regional history. James G. Patterson, H. Atlantic, H.
