John Grimes Survey Captain:

John Grimes, Survey Captain Arthur Bertram Chandler, 2002 The Broken Cycle The Big Black Mark The Far Traveler Star Courier Star Loot A. Bertram Chandler, 2015-12-17 In luck and out of luck John Grimes was a living legend of the spaceways He had been an officer of the service he had been the victim of a mutiny he had discovered lost worlds he had served under strange masters and on strange ships but he had never turned space pirate Until this adventure How it happened was a complex story to begin with but typical Grimes luck How he became the terror of the star lanes developed as usual from his own efforts to make an honest living and other s efforts to use him for devious diversions This is a story of the loot of the stars of how Grimes graduated from operator of a space courier ship to master of a fleet of dreaded carriers of the skull and crossbones Of Sex and Faerie: further essays on Genre Fiction John Lennard, 2010 Taking up where Of Modern Dragons 2007 left off these essays continue Lennard s investigation of the praxis of serial reading and the best genre fiction of recent decades including work by Bill James Walter Mosley Lois McMaster Bujold and Ursula K Le Guin There are groundbreaking studies of contemporary paranormal romance and of Hornblower s transition to space while the final essay deals with the phenomenon and explosive growth of fanfiction and with the increasingly empowered status of the reader in a digital world There is an extensive bibliography of genre and critical work with eight illustrations John Lennard is Director of Studies at Hughes Hall Cambridge and has also taught for the Universities of London Notre Dame and for the Open University and was Professor of British American Literature at the University of the West Indies Mona 2004 09 Of Modern Dragons and other essays on genre fiction 2007 is also available from Lulu The Hard Way Up A. Bertram Chandler, 2015-12-17 A selection of John Grimes short stories including With Good Intentions The Subtractor The Tin Messiah The Sleeping Beauty The Wandering Buoy The Mountain Movers What You Know **The Scientifiction Novels of C.S. Lewis** Jared Lobdell, 2014-09-17 Used by C S Lewis himself the term scientifiction is revived here as it once encompassed not only what we call science fiction but also that indeterminate field of the 1940s and 1950s sometimes referred to as science fantasy leading up to Ray Bradbury along with a portion of that great realm that has come since the advent of The Lord of the Rings to be called fantasy Rather as an eighteenth century novel may pre date the divide between novel and romance so C S Lewis s interplanetary novels may be considered to pre date the modern divide between fantasy and science fiction and thus be thought of as scientifictional in nature The stories dealt with are those in which Elwin Ransom is a character the three usually called the space trilogy Out of the Silent Planet Perelandra and That Hideous Strength and the time fragment entitled The Dark Tower Lengthy chapters are devoted to each of the four Ransom stories The book presents a study of Lewis the nature of science fiction the nature of Lewis s Arcadian science fiction and his and its place in English literary history **The Wild Ones** A. Bertram Chandler, 2015-12-31 Back on earth with Shirl and Darleen from New Alice John Grimes is off on a new mission Giant golden creatures and accusations of witchcraft are all part of A Bertram Chandler s last completed

novel *American Privateers of the Revolutionary War* Angus Konstam, 2020-02-20 During the American War of Independence 1775 83 Congress issued almost 800 letters of marque as a way of combating Britain's overwhelming naval and mercantile superiority At first it was only fishermen and the skippers of small merchant ships who turned to privateering with mixed results Eventually though American shipyards began to turn out specially converted ships while later still the first purpose built privateers entered the fray These American privateers seized more than 600 British merchant ships over the course of the war capturing thousands of British seamen Indeed Jeremiah O'Brien's privateer *Unity* fought the first sea engagement of the Revolutionary War in the Battle of Machias of 1775 managing to capture a British armed schooner with just 40 men their guns axes and pitchforks and the words *Surrender to America* By the end of the war some of the largest American privateers could venture as far as the British Isles and were more powerful than most contemporary warships in the fledgling US Navy A small number of Loyalist privateers also put to sea during the war and preyed on the shipping of their rebel countrymen Packed with fascinating insights into the age of privateers this book traces the development of these remarkable ships and explains how they made such a significant contribution to the American Revolutionary War *The Big Black Mark* A. Bertram Chandler, 2015-12-17 A pivotal time in the career of John Grimes A fateful journey in the vessel *Discovery* bearing an uncanny kinship to the legendary vessel the *Bounty* The big black mark on his service record *The Road to the Rim* A. Bertram Chandler, 2015-12-17 Meet John Grimes at the very beginning of a career that will lead him to fame and glory out at the edge of the galaxy out where the laws of men are nonexistent and those of nature itself are sometimes tenuous Someday Grimes will be a Commodore in the secessionist Rim Worlds Navy but for now he is merely a very junior lieutenant in another space navy entirely that of the Federation If he keeps his nose clean one day he can be an admiral in that Service all he has to do is follow regulations regardless of the consequences and obey orders regardless of whether they are right or wrong and he is determined to do just that But being John Grimes he will find it a more difficult task than he expects especially when he must turn a blind eye to the piratical acts of the Waldegrenese Navy or ignore the plight of a beautiful damsel in distress That's why although he doesn't know it yet he is already on the Road To The Rim

The Far Traveler A. Bertram Chandler, 2015-12-17 The Far Traveler was hardly the sort of starship to use in the study of lost space colonies Lost colonies were likely to be desperate eccentric and otherwise unappreciative And The Far Traveler was a rich woman's toy constructed of gold and directed by an omniscient dictatorial and feminine computer known as Big Sister John Grimes had become that golden vessel's captain A captain in name only because nobody could talk back to Big Sister or the haughty beauty who owned everything aboard But Grimes was a man of many resources and lost space colonies were placed that did not observe the civilized rules You could be sure therefore that the man known as the Commodore Hornblower of Outer Space would be likely to come through okay even if the ladies mechanical and physical never expected him to *Spartan Planet* A. Bertram Chandler, 2015-12-17 John Grimes arrives on the forgotten planet Sparta where a birth

machine produces only men generation after generation The strangely shaped men on his ship have a catastrophic effect

Star Courier A. Bertram Chandler,2015-12-17 In his long and fabulous career as the Captain Hornblower of space John Grimes was to experience many strange things rising through the ranks of the Interstellar Federation from triumph to disaster and ultimately becoming the most famous of the Rim Runners far out along the edge of the Milky Way But there was a period when Grimes fell between one cosmic empire and another on his own commander of a single deep space pinnacle and looking for work And that was when he became a god He thought he was just doing a mailman s job bu the price of the postage turned out to be divinity with a lovely nude postmistress certified for a goddess **Surveying and Mapping** ,1977

Matilda's Stepchildren A. Bertram Chandler,2016-01-28 John Grimes owner of the deep space pinnacle Little Sister could not be too fussy about who he carried Fenalla Pruin the muckraking reporter was always going to be trouble They need the boomerang throwing abilities of two sexy dancers from New Alice to get them out of trouble **The Inheritors** A. Bertram
