Employability via Higher Education:

Sustainability as Scholarship Alice Diver,2019-09-23 This book discusses the topic of graduate employability from the premise that in this era of massification economic austerity and political uncertainties higher education HE no longer guarantees a clear work place advantage Divided into three sections the book offers theoretical and philosophical discourses on the HE quandary whilst taking into account and critiquing political temporal and national contexts It culminates in an investigation into specific discipline areas It offers insights into the way that institutions decision makers academics and professional support staff can work together towards ensuring that our graduates are able to cope with the varied demands and challenges of modern job markets It harnesses arguments and reflections on the breadth and depth of the functions of HE such as social transformation promoting principles of social justice and providing opportunities It grounds these in a triadic model for enhancing student engagement and holistic learning namely the emotional cognitive and behavioural aspects As an anthology it is forward gazing in terms of the sustainability debate whilst still offering evidence based research

grounded practical suggestions to readers looking for tips and tools of the trade

Privacy in the Information Society
Philip Leith, 2016-12-05 Information society projects promise wealth and better services to those countries which digitise and encourage the consumer and citizen to participate As paper recedes into the background and digital data becomes the primary resource in the information society what does this mean for privacy Can there be privacy when every communication made through ever developing ubiquitous devices is recorded Data protection legislation developed as a reply to large scale centralised databases which contained incorrect data and where data controllers denied access and refused to remedy information flaws Some decades later the technical world is very different one and whilst data protection remains important the cries for more privacy oriented regulation in commerce and eGov continue to rise What factors should underpin the creation of new means of regulation The papers in this collection have been drawn together to develop the positive and negative effects upon the information society which privacy regulation implies

Feeding the People in Wartime Britain Bryce Evans, 2022-04-07 While the history of food on the home front in wartime Britain has mostly focused on rationing this book reveals the importance and scale of nation wide communal dining schemes during this era Welcomed by some as a symbol of a progressive future in which wasteful home dining would disappear and derided by others for threatening the social order these sites of food and eating attracted great political and cultural debate Using extensive primary source material *Feeding the People in Wartime Britain* examines the cuisine served in these communal restaurants and the people who used them It challenges the notion that communal eating played a marginal role in wartime food policy and reveals the impact they had in advancing nutritional understanding and new food technologies Comparing them to similar ventures in mainland Europe and understanding the role of propaganda from the Ministry of Food in their success Evans unearths this neglected history of emergency public feeding and relates it to contemporary debates around food policy in times of crisis
