Dombrowski,1992-01-01 Saint John of the Cross is one of the greatest figures in the history of Western mysticism and one of the greatest poets of the Spanish language This book examines his thought and then applies it to contemporary issues and culture No other book engages John of the Cross with contemporary philosophy and theology John of the Cross Sam Hole,2020-11-19 Through the dark night of the soul to the depiction of the erotically charged union of the soul and God the poetry and prose works of the Spanish friar John of the Cross 1542 1591 offer a striking account of the transformation of the individual in the course of the Christian life John of the Cross Desire

Transformation and Selfhood argues that these writings are animated by John's own creative and subtly conceptualized notion of erotic desire. John's understanding of desire has the potential to enrich recent theological discussion of the subject but it has been curiously neglected in past scholarship. To correct this lacuna, this study undertakes a detailed historical analysis in three parts. Firstly, it attends to the patristic, medieval, and sixteenth-century Spanish influences on John's writings, showing how John reworks a long tradition of biblical, Christian, and Platonic reflection on the concept. Secondly, it traces the importance of desire through John's writings, demonstrating how he develops the theme through his poetry, his anthropology of the soul, and his account of the spiritual ascent. Thirdly, it explores the reception of his writings in the twentieth century, demonstrating how particular modern philosophical and theological commitments have prevented scholars from recognising the rich and distinctive shape of John's theological vision. John's account of the transformation of the self, with its hopeful vision of the graced transformation of the soul's desires, has significance beyond the constrained modern categories of systematic theology, Christian spirituality, pastoral theology, and mysticism; it is a vision that is worthy of recovery today.

St. John of the Cross Colin P. Thompson, 2003. Looking for connections between his verse and prose, Colin Thompson argues for a theological understanding of the intensely beautiful and moving poems. He seeks to explain the principles that guide St. John in his exploration of the self and its encounter with the divine and provides an analysis of the poet's most famous symbol, the dark night of the soul. BOOK JACKET *Psychotherapy and the Spiritual Dimension* Alfred E.

Marlowe, 2014-10-25. *PSYCHOTHERAPY AND THE SPIRITUAL DIMENSION* presents a comprehensive view of the history and practices of the major spiritual traditions and their relationship with the modern psychotherapeutic schools. The book is designed to provide a solid grounding in both the spiritual and the psychotherapeutic traditions for the benefit of mental health professionals and lay persons alike. The author maintains that modern-day therapists may need to expand their notions of cure, arguing that conventional ideas of adjustment therapy may well be inadequate to meet the demands of twenty-first-century consciousness evolution. *Cognition and Communication in John of the Cross* Elizabeth Wilhelmsen, 1985.

The works of Juan de la Cruz contain numerous passages dealing with human cognition, both ordinary and mystical. Beginning with his analysis of acts of knowledge common to all men through the peculiar transformation of the rational powers undergone in the dark night, this study traces San Juan's examination of the mystic's knowledge in and through God. The sixteenth-century Spanish thinker stresses that conditionality is a fundamental character of all human knowledge and brings to light a complex movement of contiguity between one and another mode of cognitive activity. Also discussed is the communication through the instruments of prose and poetry of the mystic's supereminent and therefore ineffable experience of knowledge and love. Relying upon Juan de la Cruz's own texts, it is shown how a relative communication can be effected despite the barriers separating mystical from ordinary cognition. The exploration highlights how San Juan turns for poetic symbols to the *analogia entis* while at once basing his symbolism upon mysterious correlations between mystical, immediate

cognition and ordinary acts of intellection mediated through sensation Knowledge and Symbolization in Saint John of the Cross Elizabeth Wilhelmsen,1993 The works of Juan de la Cruz contains numerous passages dealing with human cognition both ordinary and mystical This study traces San Juan s examination of the mystic s knowledge in and through God The sixteenth century Spanish thinker stresses that conditionality is a fundamental character of all human knowledge and brings to light a complex movement of contiguity between one and another mode of cognitive activity Also discussed is the expression through the instruments of prose and poetry of the mystic s supereminent and therefore ineffable experience of knowledge and love Relying upon Juan de la Cruz s own texts it is shown how a relative communication can be effected despite the barriers separating mystical from ordinary cognition **Pro Ecclesia Vol 16-N4** Pro Ecclesia,2007-10-28 Pro Ecclesia is a quarterly journal of theology published by the Center for Catholic and Evangelical Theology It seeks to give contemporary expression to the one apostolic faith and its classic traditions working for and manifesting the church s unity by research theological construction and free exchange of opinion Members of its advisory council represent communities committed to the authority of Holy Scripture ecumenical dogmatic teaching and the structural continuity of the church and are themselves dedicated to maintaining and invigorating these commitments The journal publishes biblical liturgical historical and doctrinal articles that promote or illumine its purposes Ways to subscribe Call toll free 800 273 2223 Email journals rowman com For back issues please contact journals rowman com Editorial inquiries Joseph Mangina joseph mangina utoronto ca Submissions should be sent by email attachment in Microsoft Word double spaced with identifying marks removed for the purposes of blind peer review Book review inquiries Chad Pecknold pecknold cua edu Advertising inquiries Charles Roth Jr charlie spireads com Subscription inquiries journals rowman com ISSN 1063 8512 **The Writer and the Cross** Darren J.N. Proclaiming a Cross-Centered Theology (Contributors: Thabiti M. Anyabwile, John MacArthur, John Piper, R.C. Sproul) Mark Dever, Ligon Duncan, R. Albert Mohler Jr., C.J. Mahaney, 2009-10-09 Some of the leading voices in evangelical Christianity reaffirm the importance of preaching biblical theology for the health of our churches Loving teaching and rightly dividing the Word of God is every pastor's privilege and responsibility If a pastor understands what the Word says about God man and the curse about Christ and his substitutionary atonement and about the call to repentance and sacrifice he will develop and preach a sound theology And sound theology is in the words of J Ligon Duncan essential to faithful pastoral ministry Proclaiming a theology that is centered on Christ's atonement is especially critical for by this atonement Christians have been brought from death to life and by it a church lives or dies In this penetrating sequel to *Preaching the Cross* John Piper R C Sproul John MacArthur and Thabiti Anyabwile join authors Mark Dever Ligon Duncan C J Mahaney and Albert Mohler in exploring the church's need for faithful proclamation and calling pastors and churches to cross centered scripturally saturated thinking

The Cross of Christ John Stott, 2006-08-31 Why should the cross an object of Roman distaste and Jewish disgust be the emblem of our worship and the axiom of our faith And what does it mean for us today In this thoughtful comprehensive study of Scripture tradition and the

modern world John R W Stott brings you face to face with the centrality of the cross in God's plan of redemption *The Seven Christian Initiations in the Gospel of St John* , **The Thinking Christian** Gene Wesley Marshall,2020-04-13 The practice of Christianity is going through a transition that is deeper than the Reformation The Thinking Christian explores two main questions 1 What is religion as a general social process that can link humans to Profound Reality and 2 what is a meaningful and appropriate mode of Christian theologizing communal life and mission to this planet for a viable and vital next Christian practice These are profound probes and they are communal and activist guidelines for general readers Such union of the profound and the practical pertains to the needs of scholars as well The Non-Christian Cross John Denham Parsons,2020-01-02 The history of the symbol of the cross has had an attraction for the author ever since as an enquiring youth he found himself unable to obtain satisfactory answers to four questions concerning the same which presented themselves to his mind Pursuing these matters for himself the author eventually found that even before our era the cross was venerated by many as the symbol of Life though our works of reference seldom mention this fact and never do it justice He moreover discovered that no one has ever written a complete history of the symbol showing the possibility that the stauros or post to which Jesus was affixed was not cross shaped and the certainty that in any case what eventually became the symbol of our faith owed some of its prestige as a Christian symbol of Victory and Life to the position it occupied in pre Christian days The author has therefore in the hope of drawing attention to the subject incorporated the results of his researches in the present book
