## **John Biggers My America:**

**John Biggers** John Thomas Biggers, 2004      John Biggers: My America Michael Rosenfeld Whitfield Lovell, 2004

**John Biggers** Michael Rosenfeld Gallery (New York (N.Y.)), 2004      **A Life on Paper** Ollie Jensen Theisen, John Thomas Biggers, 2006 John Thomas Biggers 1924 2001 was a major African American artist who inspired countless others through his teaching murals paintings and drawings Based on interviews during the last thirteen years of his life this title features selected representative works of John      *Rooted in the Earth* Dianne D. Glave, 2010-08 With a basis in environmental history this groundbreaking study challenges the idea that a meaningful attachment to nature and the outdoors is contrary to the black experience The discussion shows that contemporary African American culture is usually seen as an urban culture one that arose out of the Great Migration and has contributed to international trends in fashion music and the arts ever since However because of this urban focus many African Americans are not at peace with their rich but tangled agrarian legacy On one hand the book shows nature and violence are connected in black memory especially in disturbing images such as slave ships on the ocean exhaustion in the fields dogs in the woods and dead bodies hanging from trees In contrast though there is also a competing tradition of African American stewardship of the land that should be better known Emphasizing the tradition of black environmentalism and using storytelling techniques to dramatize the work of black naturalists this account corrects the record and urges interested urban dwellers to get back to the land      Walls that Speak Ollie Jensen Theisen, 2010 A beautiful tribute to a man and his art Review of Texas Books      My America Thompson Ron, 2014-12-09 The exhibit is influenced by the early 20th Century work of John Biggers which birthed the My America title As an African American artist in America Ron felt compelled to expose cultural ignorance Since the election of President Barack Obama many now claim that we are living in a post racial America or a significantly more colorblind society On the contrary this is not true for Blacks who are still fighting for their humanity and civil rights By combining pop culture imagery satire and the idea of Double Consciousness coined by W E B Dubois Ron is challenging today's so called post racial America The distortions expressed within Ron's work convey the friction anger and confusion that a dark body endures The exhibit exclaims that there is a dire societal need for a resurgence of emphasis on the positive works and imagery of the black community      **Walls of Heritage, Walls of Pride** James Prigoff, Robin J. Dunitz, 2000 THIRTEEN COLONIES THE LOST COLONY™ Take a step back and discover the thirteen colonies of Colonial America From European exploration through the American Revolution witness the unique history and character of each colony Trace the role of each colony in the American Revolution and that colony's impact on the formation of our Constitution Georgia Using primary source documents that include the Charter of Georgia a map of the colony circa 1725 period portraits and newspaper articles this fascinating book traces the history of the colony from its founding to its being the fourth state to ratify the U S Constitution in 1788 Good organization well written text which reads like a story numerous quotes and historic incidents attractive format and well
