John Coltrane's A Love Supreme:

John Coltrane - A Love Supreme (Songbook) John Coltrane, 2003-01-01 Artist Books The All Music Guide calls John Coltrane's *A Love Supreme* easily one of the most important records ever made and Coltrane has referred to it as his gift to God. This exceptional songbook presents exact note-for-note tenor saxophone transcriptions for every piece on this landmark album. Includes Acknowledgement Part I Resolution Part II Pursuance Part III Psalm Part IV **The Saxophone** Stephen Cottrell, 2013-02-05 In the first fully comprehensive study of one of the world's most iconic musical instruments, Stephen Cottrell examines the saxophone's various social, historical, and cultural trajectories and illustrates how and why this instrument, with its idiosyncratic shape and sound, became important for so many different music makers around the world. After considering what led inventor Adolphe Sax to develop this new musical wind instrument, Cottrell explores changes in saxophone design since the 1840s, before examining the instrument's role in a variety of contexts: in the military bands that contributed so much to the saxophone's global dissemination during the nineteenth century; as part of the rapid expansion of American popular music around the turn of the twentieth century; in classical and contemporary art music; in world and popular music; and, of course, in jazz, a musical style with which the saxophone has become closely identified. *Saxophone* Mollie Hawkins, 2025-02-20 *Object Lessons* is a series of short, beautifully designed books about the hidden lives of ordinary things. The saxophone is a contradictory instrument that has rooted itself in the soil of pop culture. It's the devil's horn; it's the voice of jazz; an extension of the player's soul; it is a character trait of U.S. Presidents, YouTube sensations, and cartoon characters. It has both enhanced and ruined songs; it is sensuous yet abrasive, and it is the only instrument widely excluded from symphonies and orchestras, never quite being taken seriously. As an object that is symbolic of living on the margins of society, the saxophone has never been kind to its players. Blending research, cultural criticism, and personal narrative about her saxophonist father, who lived on the margins until his unexpected death, Mollie Hawkins explores more than just the history of this expressive instrument. She illuminates the dark paths that our passions can lead us down. *Saxophone* turns the lens around to ask us all what does it mean to devote your life to such an object, even if it kills you. Can music hold such power over us? **Sounds from the Other Side** Elliott H. Powell, 2020-11-03 A sixty-year history of Afro-South Asian musical collaborations. From Beyoncé's South Asian music-inspired Super Bowl Halftime performance to jazz artists like John and Alice Coltrane's use of Indian song structures and spirituality in their work, to Jay-Z and Missy Elliott's high-profile collaborations with diasporic South Asian artists such as the Panjabi MC and M.I.A., African American musicians have frequently engaged South Asian cultural productions in the development of Black music culture. *Sounds from the Other Side* traces such engagements through an interdisciplinary analysis of the political implications of African American musicians' South Asian influence since the 1960s. Elliott H. Powell asks what happens when we consider Black musicians' South Asian sonic explorations as distinct from those of their white counterparts. He looks to Black musical genres of jazz, funk, and hip-hop and

examines the work of Miles Davis John Coltrane Rick James OutKast Timbaland Beyonc and others showing how Afro South Asian music in the United States is a dynamic complex and contradictory cultural site where comparative racialization transformative gender and queer politics and coalition politics intertwine Powell situates this cultural history within larger global and domestic sociohistorical junctures that link African American and South Asian diasporic communities in the United States The long historical arc of Afro South Asian music in *Sounds from the Other Side* interprets such music making activities as highly political endeavors offering an essential conversation about cross cultural musical exchanges between racially marginalized musicians
