John Ford Made Westerns Gaylyn Studlar, Matthew Bernstein, 2001-04-22 The Western is arguably the most popular and longlived form in cinematic history and the acknowledged master of that genre was John Ford His

Westerns including *The Searchers*, *Stagecoach* and *The Man Who Shot Liberty Valance* have had an enormous influence on contemporary U S filmmakers and on everything from *Star Wars* to *Taxi Driver*. In nine major essays from some of the most prominent scholars of Hollywood film, *John Ford Made Westerns* films the legend in the sound era situates the sound era westerns of John Ford within contemporary critical contexts and regards them from fresh perspectives. These range from examining Ford's relation to other art forms most notably literature, painting and music to exploring the development of the director's public reputation as a director of Westerns. Articles also address the intricacies of Ford's shifting approach to storytelling and the subtle techniques whereby Ford's films guide spectator interpretation and emotional engagement. While giving attention to film style and structure, the volume also explores the ways in which these much loved films engage with notions of masculinity and gender roles, capitalism and community as well as racial and sexual identity. Authors also examine how Ford's sound era Westerns create a complex relationship to the genre's traditional project of defining an American nation and how they uphold up but also question popular culture depictions of history and nationhood to offer a commentary that engages with both the past, the present and the future. In addition to new scholarship, the volume also offers a dossier section of out of the way magazine articles that illuminate the issues raised by essays including the director's tribute to John Wayne as well as a moving posthumous appraisal of the director published by the Director's Guild of America.

John Ford's Westerns William Darby, 2015-08-01 John Ford's early Westerns reflect an optimistic view of society and individual capacity as his thematic vision evolved he became more resigned to the limitations of humanity. His thematic evolution was evident in other films but was best shown in his Westerns with their stark depictions of the human condition. Ford's sound Westerns and his major silent films are compared in this work revealing how his creative genius changed over time. A complete filmography of Ford's Westerns is also provided.

[Searching for John Ford](#) Joseph McBride, 2011-02-11 John Ford's classic films such as *Stagecoach*, *The Grapes of Wrath*, *How Green Was My Valley*, *The Quiet Man* and *The Searchers* have earned him worldwide admiration as America's foremost filmmaker, a director whose rich visual imagination conjures up indelible, deeply moving images of our collective past. Joseph McBride's *Searching for John Ford* described as definitive by both the *New York Times* and the *Irish Times*, surpasses all other biographies of the filmmaker in its depth, originality and insight. Encompassing and illuminating Ford's myriad complexities and contradictions, McBride traces the trajectory of Ford's life from his beginnings as Bull Feeney, the nearsighted football playing son of Irish immigrants in Portland, Maine, to his recognition after a long controversial and much honored career as America's national mythmaker. Blending lively and penetrating analyses of Ford's films with an impeccably documented narrative of the historical and psychological contexts in which those films were created, McBride has at long last given John Ford the biography his stature demands.
