The Young John Muir Steven Jon Holmes,1999 As a founder of the Sierra Club and promoter of the national parks as a passionate nature writer and as a principal figure of the environmental movement John Muir stands as a powerful symbol of connection with the natural world But how did Muir s own relationship with nature begin In this pioneering book Steven J Holmes offers a dramatically new interpretation of Muir s formative years one that reveals the agony as well as the elation of his earliest experiences of nature From his childhood in Scotland and Wisconsin through his young adulthood in the Midwest and Canada Muir struggled often without success to find a place for himself both in nature and in society Far from granting comfort the natural world confronted the young Muir with a full range of practical emotional and religious conflicts Only with the help of his family his religion and the extraordinary power of nature itself could Muir in his late twenties find a welcoming vision of nature as home a vision that would shape his lifelong environmental experience most immediately in his transformative travels through the South and to the Yosemite Valley More than a biography The Young John Muir is a remarkable exploration of the human relationship with wilderness Accessible and engaging the book will appeal to anyone interested in the individual struggle to come to terms with the power of nature

JOHN MUIR: The Story of My Boyhood and Youth & Letters to a Friend (Illustrated Edition) John Muir,2017-07-04 The Story of My Boyhood and Youth reveals the beginnings of the forming of Muir s special relation towards nature He considered the encounters with nature as quite an adventure and at first paid special attention to bird life John Muir understood that to discover truth he must turn to what he believed were the most accurate sources In his autobiographical account The Story of My Boyhood and Youth he writes that during his childhood his father made him read the Bible every day Muir eventually memorized three quarters of the Old Testament and all of the New Testament In his autobiography written near the end of his life he described his life from childhood years in Scotland and moving to America to student years in Wisconsin When he was a student in the University of Wisconsin he was a frequent caller at the house of Dr Ezra S Carr The kindness shown him there and especially the sympathy which Mrs Carr as a botanist and a lover of nature felt in the young man s interests and aims led to the formation of a lasting friendship He regarded Mrs Carr indeed as his spiritual mother and his letters to her in later years are the outpourings of a sensitive spirit to one who he felt thoroughly understood and sympathized with him John Muir 1838 1914 was a Scottish American naturalist author environmental philosopher and early advocate of preservation of wilderness in the United States His letters essays and books telling of his
