John Tod Rebel In The Ranks:

John Tod, Rebel in the Ranks Robert C. Belyk, 1995 Canada's western wilderness was the scene of fur trader John Tod's extraordinary life. Born in a Scottish village in 1794, Tod spent 40 adventurous years working for the Hudson's Bay Company and in his later years served on the first Legislative Council of the fledgling colony of Vancouver Island. Posted all over the Company's vast territory, York Factory, McLeod Lake, Fort Alexandria, Island Lake, Fort Kamloops, he spent most of his years in New Caledonia. A spirited and prickly man, he was a free thinker, impatient with authority and distrustful of many of his superiors. He was also a lifelong and loyal friend to many of his fur trade colleagues, especially John Work, the Ermatinger brothers, and James Murray. Yale Tod saw astonishing changes in the west, from the bitter warfare between the Hudson's Bay Company and the Nor'Westers to settlement by pioneers and the conventions of the polite colonial society. Few lives have spanned such contrasts. This definitive biography presents the picture of the unusual man in an exciting era. **In the Days**

of Our Grandmothers Mary-Ellen Kelm, Lorna Townsend, 2006-01-01 From Ellen Gabriel to Tantoo Cardinal, many of the faces of Aboriginal people in the media today are women. *In the Days of Our Grandmothers* is a collection of essays detailing how Aboriginal women have found their voice in Canadian society over the past three centuries. Collected in one volume for the first time, these essays critically situate Aboriginal women in the fur trade, missions, labour, and the economy, the law, sexuality, and the politics of representation. Leading scholars in their fields demonstrate important methodologies and interpretations that have advanced the fields of Aboriginal history, women's history, and Canadian history. A scholarly introduction lays the groundwork for understanding how Aboriginal women's history has been researched and written, and a comprehensive bibliography leads readers in new directions. *In the Days of our Grandmothers* is essential reading for students and anyone interested in Aboriginal history in Canada. **Pacific Empires** Glyndwr Williams, 1999 A collection of essays in honor of a scholar who has played a leading role in investigating the impact of scientific endeavors of the

Enlightenment, specifically European maritime exploration. In addition to Williams' overview of British maritime exploration, contributors cover such themes as science and exploration, advances in navigational knowledge, schemes for imperial expansion, and culture contact in North America and the Pacific, and reflect on the nature of history and historiography. Annotation copyrighted by Book News, Inc., Portland, OR. **Company, Crown and Colony** Stephen Royle, 2010-11-30 The Hudson's Bay Company was one of the great merchant companies. Granted sole trading rights to a huge part of what is now Canada, they were coerced in the mid-nineteenth century to set up a colonial administration on Vancouver Island to protect British interests at a time of growing expansionism from America to the south and possible threats from a Russian Alaska to the north. *Company, Crown and Colony* tells the story of the challenges they faced. Drawing on rich archival resources, the author provides a detailed account of this turbulent period, revealing the difficulties faced by a leading merchant company as they sought to resolve their conflicting interests of commerce and settlement in a complex situation and providing fresh and

lively insights into the emergence of a region of North America that is today one of the principal commercial centres of Canada

Northern Lights Edward J. Cowan, 2023-09-05 In the tradition of Arthur Herman's *How the Scots Invented the Modern World* comes a narrative that charts the remarkable yet often overlooked or misidentified Scottish contribution to Arctic exploration The search for the Northwest Passage is filled with stories of tragedy adventure courage and endurance It was one of the great maritime challenges of the era It was not until the 1850s that the first one way partial transit of the passage was made Previous attempts had all failed and some like the ill fated attempted by Sir John Franklin in 1845 ended in tragedy with the loss of the entire expedition which was comprised of two ships and 129 men *Northern Lights* reveals Scotland's previously unsung role in the remarkable history of Arctic exploration There was the intrepid John Ross an eccentric hell raiser from Stranraer and a veteran of three Arctic expeditions his nephew James Clark Ross the most experienced explorer of his generation and discoverer of the Magnetic North Pole Dr John Richardson of Dumfries who became an accidental cannibal and deliberate executioner of a murderer as well as an engaging natural historian and Orcadian John Rae the man who first discovered evidence of Sir John Franklin and his crew's demise *Northern Lights* also pays tribute and reveals other overlooked stories in this fascinating era of history the Scotch Irish the whalers and especially the Inuit whose unparalleled knowledge of the Arctic environment was often indispensable For anyone fascinated by Scottish history or hungry for tales of Arctic adventure *Northern Lights* is a vivid new addition to the rich tradition of polar narratives

Old Square-Toes and His Lady John David Adams, 2001 At the pinnacle of his career Sir James Douglas fur trader and colonial governor was knighted by the order of Queen Victoria and greatly enjoyed the pomp of his position Considering his modest beginnings as a mixed race baby in South America this lofty status was remarkable The life of Amelia companion throughout James long rise saw even more surprising changes Amelia was of mixed blood too being part Cree part Scot She never left the northern Canadian forests until she married James but ended up a respected lady of the Empire Between them James and Amelia Douglas knew everybody who was anybody in western North America Their lives saw astonishing contrasts from crossing North America by canoe to touring Europe by train from Native uprisings to frantic gold rushes They met with grief as well as glory losing seven of their beloved children This is an engaging story of courage and companionship though James Douglas's role as a public figure is well known this book offers the first real glimpses of him as a private man husband and father

Old Square Toes and His Lady John Adams, 2011-07-15 August 12 2003 marks the 200th anniversary of the birth of Sir James Douglas Although he played an integral role in British Columbia's history in many ways Douglas remains misunderstood and an enigma He is known for his contradictory qualities he was self serving racist a military hawk sometimes violent and arrogant Yet he was also extremely community oriented a humanitarian brave and a devoted family member John Adams's bestseller *Old Square Toes and His Lady* The Life of James and Amelia Douglas serves as an important source of information regarding Douglas's public and private lives As Adams writes the term old square toes characterizes

him as an unbending stodgy boring individual but nothing could be further from the truth At the pinnacle of his career Douglas was knighted by order of Queen Victoria Considering his modest mixed race beginnings in South America his lofty status is indeed remarkable Equally so is the life of his wife Amelia She was also of mixed blood her mother being Cree and her father Irish But unlike Douglas who was educated in Scotland she never left the northern forests until they married Their ending up as a knight and lady of the British Empire was an unusual achievement Old Square Toes discusses the Douglasses diverse experiences of astonishing contrasts from crossing North America by canoe to touring Europe by train from Native uprisings to the frantic gold rush Besides finding glory they also faced grief in losing seven of their beloved children This is a story of the adventure heartbreak and devotion that lies at the roots of western Canada [The Chief Factor's Daughter](#) Vanessa Winn,2009 Colonial Victoria in 1858 is an unruly mix of rowdy gold seekers and hustling immigrants caught in the upheaval of the fur trade giving way to the gold rush Chief Factor John Work an elite of the Hudson s Bay Company fur trade and husband to a country born wife forbids his daughters to go into the formerly quiet Fort Victoria to protect them from its burgeoning transient population Margaret the eldest daughter chafes at her father s restrictions and worries that at 23 she is fated to be a spinster Born of a British father and Metis mother Margaret and her sisters belong to the upper class of the fur trade community though they become targets of snobbery and racism from the new settlers But dashing naval officers and Royal Engineers still host parties and balls and Margaret and her sisters attend dressed in the fashionable gowns they order from England As happens the world over these cultural tensions lead to love and romance *Undelivered Letters to Hudson's Bay Company Men on the Northwest Coast of America, 1830-57* Helen M. Buss,Judith Hudson Beattie,2011-11-01 In the early nineteenth century when the Hudson s Bay Company sent men to its furthest posts along the coast of North America s Pacific Northwest the letters of those who cared for those men followed them in the Company s supply ships Sometimes these letters missed their objects the men had returned to Britain or deserted their ships or died The Company returned the correspondence to its London office and over the years amassed a file of undelivered letters Many of these remained sealed for 150 years and until they were opened by archivist Judith Hudson Beattie when the Company archives were moved to Canada These letters tell the fascinating stories of ordinary people whose lives are rarely recounted in traditional histories Beattie and Helen M Buss skilfully introduce us to both the lives of the letter writers and their would be recipients Their commentaries frame for contemporary readers the words of early nineteenth century working and middle class British folk as well as letters to voyageurs from Quebec The stories of their lives fathers struggling to support a family widowed mothers yearning to see their sons bereft sweethearts left behind and wives raising their children alone reach out over two centuries to offer rare insight into the varied worlds of men and women in the early nineteenth century many of whom became settlers in Washington Oregon and the new British colony of Vancouver Island **Secwépemc People, Land, and Laws** Marianne Ignace,Ronald E.
